Miller's Children James Garbarino, 2018-02-27 Miller's Children is a comprehensive look at the consequences of the US Supreme Court's decision in the case of Miller v Alabama which outlawed mandatory life without parole sentences for juvenile murderers. This book describes the author's fieldwork as a psychological expert witness in more than forty resentencing cases of juveniles affected by the Miller decision and follow-up rulings providing a wide-ranging review of research on human development in adolescence and early adulthood. It focuses on how and why convicted teenage murderers have been able to accomplish dramatic rehabilitation and transformation emphasizing the role of spiritual development, education, reflection, and mentoring in that process. Monkey House Blues Dominic Stevenson, 2011-03-04 In 1993 Dominic Stevenson left a comfortable life with his girlfriend in Kyoto, Japan to travel to China. His journey took him to some of the most inhospitable and dangerous places in the world from the poppy fields of the Afghan-Pakistan border to the ancient trade routes of the Silk Road before he was arrested for drug smuggling while boarding a boat from Shanghai to Japan. After eight months on remand in a Chinese police lock-up, Stevenson was sentenced to two and a half years in one of the biggest prisons in the world, the Shanghai Municipal Prison aka The Monkey House. There he was imprisoned alongside just five westerners amongst five thousand Chinese criminals in a block for death-row inmates and political prisoners where the guards drank green tea and let the prison run itself. The experience led him to reflect on his previous life in Japan, India, and Thailand during which time he took on a varied array of jobs including English teacher, karaoke bar host, factory worker, busker, crystal seller, and dope smuggler. From Afghan gun shops to Tibetan monasteries, Thai brothels, and the stirrings of the rave culture in Goa, Monkey House Blues is a tale of discovery and rediscovery of friendship and betrayal.

Transformative Justice John Francis Wozniak, 2008-01-01 Transformative Justice illustrates how critical restorative and peacemaking perspectives on crime form the basis of a transformative criminology, a call for personal and institutional transformation of crime and justice. Transformative criminology is explored in terms of theoretical influences, peacemaking and restorative applications, and next steps to be taken in this needs-based and compassionate orientation toward social life.

The Buddha Pill Miguel Farias, Dr. Catherine Wikholm, 2019-02-19 Millions of people meditate daily but can meditative practices really make us better people? In *The Buddha Pill*, pioneering psychologists Dr. Miguel Farias and Catherine Wikholm put meditation and mindfulness under the microscope. Separating fact from fiction, they reveal what scientific research, including their groundbreaking study on yoga and meditation with prisoners, tells us about the benefits and limitations of these techniques for improving our lives. As well as illuminating the potential, the authors argue that these practices may have unexpected consequences and that peace and happiness may not always be the end result. Offering a compelling examination of research on transcendental meditation to recent brain imaging studies on the effects of mindfulness and yoga, and with fascinating contributions from spiritual teachers and therapists, Farias and Wikholm weave

together a unique story about the science and the delusions of personal change We're All Doing Time Bo Lozoff,2014

INCARCERATED DAD... David K. Hudson and Erica I. Roby,2014-10-31 I have spent three decades watching young men come in and out of prison In many instances these youth accept the prison experience as a rite of passage to manhood They have the idea that being convicted of a felony and sentenced to a correctional facility certifies their street credit and gives them permission to return to society as an honored street soldier This is a fallacy of a subculture that is destroying generations of African American families as well as diminishing the foundation of our society Experiencing prison life and seeing our youths come into the system without any positive male role models to imitate I am inspired to write the second installment in the Gangsta Rap trilogy and share the untold stories of this subculture the things you will not hear on inner city streets in drug houses in the news at board meetings in neighbor hood barbershops or beauty salons in school at church in college in the temple or in the many other places people gather Understanding that most inner city and rural area youths lack the examples of positive male role models I ve watched the cycle of male hood continue to perpetuate itself as these young men come into the prison system boasting of fathering several children by different young ladies without any consideration or means for supporting their children They continue to brag about returning to society and impregnating more unsuspecting girls with the intentions of not accepting the responsibility of traditional fatherhood **Doing Time** Bell Gale Chevigny,1999 Doing time For the prison writers whose work is included in this anthology it means more than serving a sentence it means staying alive and sane preserving dignity reinventing oneself and somehow retaining one s humanity
