Western Balkans Western Balkans:

The Western Balkans in the World Florian Bieber, Nikolaos Tzifakis, 2019-06-26 This book provides a detailed understanding of how different types of engagements impact upon the reform and EU integration of the Western Balkan region. It examines the influence of Russia, China, Turkey and the UAE in the region and analyses the range of existing links. Contributors offer an academic and multifaceted perspective of the role of external and non-Western actors in the region that goes beyond on the one hand the tendency of some Western decision makers to perceive all engagement by third powers as a sinister threat and on the other the view of regional governments of all external involvement as a boon coming at a time of Western neglect and reduced foreign investments. By looking at the importance of Russia, Turkey, China and the UAE in the Western Balkans, the book sheds light on one key arena of global competition, offers new insights on the strengths and weaknesses of Euro-Atlantic integration and advances our knowledge of foreign policy and its economic, social and security dimensions for small and medium-sized countries. It will be of interest to academics, postgraduate and research students and think tankers with research interest in IR and Southeast European Studies. European decision makers will also gain an insight into the extent of non-Western influence in the region. [Peace and Security in the Western Balkans](#) Nemanja Džuverović, Věra Stojarová, 2022-08-16 This book outlines the main security threats, actors and processes in the Western Balkans following the dissolution of Yugoslavia. Exploring the state of peace and security in the region, it asks if a stable peace is achievable. The comparative framework explores state perspectives from Serbia, Montenegro, Northern Macedonia, Bosnia and Herzegovina, Albania and Kosovo alongside military, political, societal, economic and environmental security concerns. The interplay of international actors is also considered. Academics, scholars and practitioners who deal with Balkan issues either as a focus or comparatively and have interests in security and peace studies will find the volume invaluable along with students of political science, security studies, peace studies, area studies, Eastern European studies and/or Southeast European studies and international studies in general. *The Western Balkans and the EU* Morton Abramowitz, 2011 Today more than fifteen years after the end of the wars that accompanied Yugoslavia's dissolution, the Balkan question remains more than ever a European question. In the eyes of many Europeans in the 1990s, Bosnia was the symbol of a collective failure while Kosovo later became a catalyst for an emerging Common Foreign and Security Policy (CFSP). In the last decade, however, the overall thrust of the EU's Balkans policy has moved from an agenda dominated by security issues related to the war and its legacies to one focused on the perspective of the Western Balkan states' accession to the European Union. This Chaillot Paper, which features contributions from authors from various parts of the region, examines the current state of play in the countries of the Western Balkans with regard to EU accession. It brings together both views from the Balkan states themselves and overarching thematic perspectives. For the first time, the European Union has become involved in the formation of new nation states that also aspire to become members of the Union. The EU's transformative power has proved effective in integrating

established states now it is confronted with the challenge of integrating new and sometimes contested states Against this background this paper makes the case for a concerted regional approach to EU enlargement and a renewed and sustained commitment to the European integration of the Western Balkans

European Integration of Western Balkans Lucia Vesnic-Alujevic, 2012-04-29 PDF available for free on <http://martenscentre.eu/publications/european-integration-western-balkans-reconciliation-european-future> While most of Europe decided to unite in the 20th and 21st century a country in the Balkans split into seven independent states The efforts of these states to join the European Union and the reconciliation initiatives between the countries are detailed in this research paper Despite the efforts of the countries of the region and of the EU a lot of work is needed before these countries will become sufficiently mature in political economic and societal sense to become members of the European Union The promotion of dialogue grassroots movements civil society and cross border projects is needed in order to tackle unresolved problems in the region

Futures of the Western Balkans Marco Zoppi, 2022-03-15 This Brief provides a survey of key political social and economic issues affecting the Western Balkans region Taking a two pronged conceptual approach focusing on fragmentation and integration the volume highlights commonalities and differences in a number of simultaneous dynamics currently characterizing the region Europeanization and EU access market integration and migration and socio demographic transformations Stressing the interconnectedness of these issues the volume synthesizes key questions for the future of the region such as the relationship between socio demographic trends and economic development the effects of depopulation on further EU integration and the economic and political repercussions of enhanced intra regional trade Explicitly interdisciplinary this Brief will be useful for researchers and students specializing in the Balkans and Western Balkans post socialist countries European affairs enlargement foreign policy international relations regional studies economics economic transition and socio demographics

Hope and Strength in the Western Balkans, 2020 The Western Balkans have been a crossing point between Central Europe and the East for centuries Devastated by tragic conflicts nationalism and neglected investments the Western Balkan countries are striving to find a new equilibrium Citizens and institutions in the Balkans have repeatedly affirmed their ambition to become part of the European Union and have made significant efforts to turn this dream into reality The European Investment Bank EIB has done a lot in this region over the past 20 years It has helped build pan European transport corridors supported direct foreign investment helped redevelop urban areas provided technical assistance and additional finance to enhance and develop social and economic infrastructure and stimulated private sector growth to create jobs Looking ahead there is hope for a brighter and greener future for the Western Balkans Matteo Rivellini is the Head of Division in charge of lending operations in Slovenia Croatia and the Western Balkans at the EIB This is the thirteenth essay in the Big Ideas series created by the European Investment Bank

The Aftermath of War Professor Albert Simkus, Professor Kristen Ringdal, 2013-01-28 At a time when most observers saw war in Europe as belonging to an ever more distant past the wars of Yugoslav succession

shattered this illusion The direct and indirect consequences of these wars for people in the region are still not fully understood but it is clear that the war has had far reaching social and political consequences for each national society as a whole This groundbreaking volume provides a series of analyses of experiences and social attitudes in the Western Balkans in the aftermath of those wars Based on survey data from 22 000 respondents the editors have created a volume which contributes to our understanding of both specific war related effects as well as a detailed description of contemporary attitudes and values across these societies This book will be of interest to academic specialists and students interested in the effects of war on psychological health and on ethnic relations in the Western Balkans as well as how this applies to other post conflict societies It will also be of interest to sociologists political scientists and historians studying differences in attitudes between the countries ethnic groups and generations in this region related to diverse topics from ethnic tolerance to states responsibility for equality and gender roles

Integrating the Western Balkans into the EU Milica Uvalić, 2023-10-10 Among the main stumbling blocks of European Union Western Balkan integration are the differences in perceptions on both sides Today the gap between what the Western Balkan politicians and citizens think about the European Union and what the politicians and citizens in the EU member states think about the Western Balkans is probably wider than ever This volume offers fresh insights about these misperceptions and how to possibly bridge the gap It examines perceptions about the region s European perspectives both on the side of the six Western Balkan countries Albania Bosnia and Herzegovina Kosovo Montenegro North Macedonia and Serbia and the key European Union member states Italy Germany Croatia international donors USA An analysis of the diverse views regarding the prospects of EU Western Balkan integration is today highly relevant in view of the current uncertainties regarding European Union s enlargement policy particularly after the attack of Russia on Ukraine and candidate status granted to Ukraine and Moldova

Peace, Conflict and Developments in the Western Balkans. The Role of EU Integration Reina Zenelaj Shehi, Eglantina Hysa, 2020-09-10 The Western Balkan countries are characterized by an entanglement of different national ethnic and religious groups Within all Balkan states nationalist rivalries have been and are exploited by political leaders as a propaganda tool when faced with internal unrest or unpopularity Yet the proximity of ethnic communities to their countries of ethnic origin tie all the Balkan states into a common problem the spillover effect of regional insecurity Existing and future disputes require an exhaustive survey of national ethnic religious territorial economic and political problems and this is precisely what this volume sets out to do

Western Balkan Integration and the EU Sanjay Kathuria, 2008-01-01 This title explores ways for the Western Balkan countries to improve growth prospects through deepening of regional integration and improving selected elements of their investment climate It analyzes areas relating to trade in goods and services regional integration and selected aspects of the investment climate It suggests that countries in the region could reap sustained growth payoffs by focusing on deepening regional integration improving human capital reducing telecommunication costs and pre empting energy shortages

Western Balkans: Increasing Women's Role in the Economy Mr. Ruben V Atayan, Jesmin Rahman, 2017-09-01 The Western Balkan countries have some of the lowest female labor force participation and employment rates across Europe. Almost two thirds of working age women in the region are either inactive or unemployed, a huge bite into human capital for a region that endures high emigration and faces declining working age population. The paper uses both macro and micro level data to explore what explains low participation and employment rates among women in the region. Our findings show that improving educational attainment, having a more balanced family leave policy and reducing tax wedge help improve participation of women in the labor force. However, these measures are not enough to notably improve employability of women which require stronger growth supported by robust institutions.

The EU and Member State Building Soeren Keil, Zeynep Arkan, 2014-12-05 This book critically examines the process of statebuilding by the EU focusing on its attempts to build Member States in the Western Balkan region. This book analyses the European Union's policies towards and the impact they have upon the states of the Western Balkans and assesses how these affect the nature of EU foreign policy. To this end, it focuses on the tools and mechanisms that the EU employs in its enlargement policy and examines the new instruments of direct intervention in Bosnia and Kosovo, political coercion in the case of Croatia and Serbia in relation to the International Criminal Tribunal for the former Yugoslavia and stricter conditionality in the Western Balkan countries. The book discusses the key aim of this special form of statebuilding which is to establish functional liberal democratic states in Albania, Bosnia and Herzegovina, Croatia, Kosovo, Macedonia, Montenegro and Serbia in order for them to join the EU and to cope with the responsibilities and pressures of membership in the future. However, the authors argue that while the EU sees itself as an international actor that promotes and protects liberal democratic values, norms and principles, its experiences in the Western Balkans demonstrate how the EU's actions in the region have undermined the basic principles of democratic decision making such as the European support for impositions in Bosnia and international law in Kosovo and have consequently contributed to new tensions, see police reform in Bosnia and the tensions between Kosovo and Serbia and dependencies. This book will be of much interest to students of statebuilding, EU politics, global governance and IR Security Studies in general.

Government at a Glance: Western Balkans OECD, 2020-07-07 *Government at a Glance: Western Balkans* presents information on public governance in the Western Balkan region covering Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia and Serbia and compares it to OECD and EU countries.

The Pandemic in the Balkans Giorgio Fruscione, 2021-05-12 One year after reaching Europe, the Covid 19 pandemic has left a profound mark on the Western Balkans. It has exacerbated geopolitical dynamics that had been ongoing for decades. While the EU has continued to be inconclusive, proceeding at a snail's pace with its carrot and stick approach, China has seized the opportunity and expanded its footprint. The pandemic has also had major consequences for domestic politics. Local trends can largely be summarised using the terms continuity and new hope, with both these notions very much on display in the Balkans and

shaping the speed and direction of democratic transitions which remain far from complete How has geopolitical competition among the superpowers developed in the Balkans over the last year What effects has the pandemic had on local democratic standards Is there room for new hopes in terms of regime change and citizen participation

Public Policy Making in the Western Balkans Margo Thomas,Vesna Bojicic-Dzelilovic,2014-10-28 Developing and transition economies face myriad challenges in their attempts to achieve and maintain political stability and foster the economic growth essential for national security the social well being of current citizens and sustainable environments for future generations Governments in the Western Balkans have striven to achieve all of the above and this volume assesses the nature of their experiences as well as the level of their success in doing so Featuring detailed case studies of public policy reforms in the region as well as comparative analysis on a range of indicators the book analyzes the role of key players in setting the political agenda as well as implementing policy reforms It also distils the lessons that can be learned from the Western Balkan experience recommending strategies for enhancing the policy making process In addition it examines the developmental role played by the full spectrum of policy actors including the private sector NGOs special interest groupings international financial institutions donor nations and the EU Each case study has been prepared by academics with deep knowledge and experience of the western Balkans and addresses a core set of questions identifying the policy issue and its broader context defining the roles of specific individuals in formulating policy and reform and assessing the influence of networks and coalitions in the policy making process With so little detailed literature on public policy making in a group of nations strategically positioned between Europe Russia and the near East the detailed insights provided by this volume will be widely welcomed Our book provides case studies of specific public policy reform episodes in selected Western Balkan post conflict and transition countries The focus of these case studies extends beyond the technical aspects and entails substantive examination of the policy actors constituencies and politics that ultimately shape the policy that emerges from the policy making process This analysis draws lessons for strengthening the quality of policies the transparency consistency and governance of the policy making process and ultimately for contributing to economic and social development of the region

Poverty and Exclusion in the Western Balkans Caterina Ruggeri Laderchi,Sara Savastano,2013-02-12 This book maps the latest developments in the policy relevant analysis on poverty inclusion and the social agenda in the Western Balkans It does so by presenting a selection of recent papers which explore from a methodological and analytical point of view how the inclusion agenda can be monitored and adapted to understand the challenges in the region The volume includes an overview and four sections covering respectively 1 innovations in terms of measurement of poverty and inclusion in the region the concept of inclusion as elaborated at the EU level innovations in survey design to suit the measurement of inclusion methodological insights from qualitative work 2 innovative country level analysis updating poverty mapping in inter censal years the analysis of material deprivation the analysis of determinants of social inclusion subjective wellbeing of public work programs participants 3

Community Practices in the Western Balkans Sonja Stojanović Gajić, Filip Ejodus, 2018-07-04 In the early 1990s the Western Balkans were the scene of prolonged and bloody inter ethnic wars Numerous issues remain unresolved Bosnia is a dysfunctional state Kosovo a disputed territory Macedonia a fragile republic however it is hard now to imagine the renewal of inter state armed conflict Investigating the causes and mechanisms driving peaceful transformation in the Balkans this book examines developments in the region and contributes to discussions on security community building Focusing on how different professional communities work together in the creation of regional peace and security it sheds new light on how diplomats policemen soldiers and others brought about the transformation from conflict to peace through their everyday practices Conducted collaboratively by a research community based within the region this volume will be highly relevant to scholars and researchers studying the Balkans regional security security communities and policymakers **The Western**

Balkans in Transition European Commission. Directorate-General for Economic and Financial Affairs, Union européenne. Direction générale des affaires économiques et financières, 2009 The main purpose of this publication is to give an overview of recent macroeconomic and structural developments in the countries of the Western Balkan region The first two chapters of the issue include contributions on topics that represent a common challenge for all the economies while the third one features a brief country by country economic assessment This Paper intends also to facilitate the work of scholars researchers and analysts of the enlargement process which are mainly interested in the economic aspects The

Europeanisation of the Western Balkans Jelena Džankić, Soeren Keil, Marko Kmezić, 2018-09-21 This volume casts a fresh look on how the political spaces of the Western Balkan states Croatia Bosnia and Herzegovina Serbia Montenegro Kosovo Macedonia and Albania are shaped governed and transformed during the EU accession process The contributors argue that EU conditionality in the Western Balkans does not work effectively in terms of social change because rule transfer remains a contested business due to veto players on the ground and strong legacies of the past The volume examines specific policy areas salient in the enlargement process and to a different degree incorporated in the accession criteria as well as EU foreign policy in the spheres of post conflict stabilisation democratization and the rule of law promotion *EU Enlargement*
