Westirian Plebisciet:

The United Nations and the Indonesian Takeover of West Papua, 1962-1969 John Saltford, 2003-08-27 In this study John Saltford examines the unhelpful role of the international community in particular the United Nations in the handover of the Dutch colony of West Papua Irian Jaya to Indonesia in the 1960s West-Irian plebisciet C. H. Schaap, 1969 Australia Faces Southeast Asia Amry Vandenbosch, Mary Belle Vandenbosch, 2021-03-17 Australia as a Western society in the Orient faces a unique and paradoxical challenge in her relations with her close but unfamiliar neighbors of Southeast Asia Explicitly dependent upon British foreign policy until the fall of Singapore in 1942 Australia has reluctantly and painfully begun the task of developing a policy of her own The Japanese conquest of Southeast Asia and many of the Pacific islands during the Second World War awakened Australia to the need to secure her own defenses and later when Britain began a gradual withdrawal from Southeast Asia Australia was thrown upon her own resources in dealing with her politically unstable and volatile neighbors and also with the larger Asian threat posed by Communist China In Australia Faces Southeast Asia Amry and MaryBelle Vandenbosch trace Australia s attempts to reconcile her cultural heritage and her geography **The Pacific** Donald B. Freeman, 2013-03-07 In this fascinating and exciting overview Donald B Freeman explores the role of the Pacific Ocean in human history Covering over one third of the globe the Pacific Ocean plays a vital role in the lives and fortunes of more than two billion people who live on its rim lands and islands It has played a crucial part in shaping the histories of the different Pacific cultures towards which it has appeared in a variety of different guises Exploring the ocean s place in human history this wide ranging book draws together the long and varied physical economic cultural and political history of the Pacific from Prehistory through to the present day It takes an interdisciplinary approach to show the changing viewpoints of those who explored exploited and settled the Pacific including the inhabitants of its Asian and American rim lands The book draws on new research in a variety of areas such as early Pacific migrations impacts of European colonization the effects of climate change and current economic and political developments It provides a uniquely broad overview that will be of vital interest to students and to all those with an interest in World History **Cable News from Djakarta** Indonesia. Perutusan Tetap pada Perserikatan Bangsa-Bangsa, 1963 **Papua** Bilveer Singh, 2017-09-08 The Papuan conflict has been on the international radar screen since Indonesia became an independent state in 1945 Since the surrender of the territory of Papua to Indonesia in 1962 a low intensity military conflict has been building Most Papuans believed that their right to self determination was sacrificed on the altar of geopolitics Later when East Timor seceded peacefully from Indonesia Papuans expected the same right When this did not happen the conflict intensified In this pivotal work Bilveer Singh examines the history of the Papuan struggle and approaches to conflict resolution through the framework of its geopolitical implications Asserting that the Papuans were treated unjustly by Indonesia and the international community it is not surprising that many have come down squarely on the side of Papuan independence as a way out of the imbroglio While to some extent the Papuan

s case cannot be denied definite political and strategic realities should not be ignored Unfortunately for the Papuans their territory has immense geopolitical geostrategic and economic significance not only for Indonesia but also for others such as the United States China Australia and a number of European countries Papua is wealthy under populated and backward in terms of human resource development Its future as a distinct entity is in real danger as the Papuans are becoming the minority in their own homeland Due to the asymmetry of power the Papuans struggle has not made a breakthrough that would force Indonesia to rethink the future of the territory in any fundamental way In order to unravel the dynamics involving Papuan separatism this study describes the Papuan political landscape Singh explains what makes Papua unique and how its makeup has affected the territory s political dynamics He analyzes the emergence of Papua as a geopolitical trophy calling into question the degree to which Papuan nationalism has crystallized Finally he questions whether Papua is emerging as a regional flashpoint and in view of its geopolitical importance the various options available Papua Geopolitics and the Quest for Nationhood will be of interest to scholars of international relations comparative politics of Indonesia and the Asia Pacific and policymaking *Daily Report, Foreign Radio Broadcasts* United States.
