What People Believe When They Say That People Believe Todd Jones, 2010-10-26 In modern life we often hear people say things like Catholics don't believe in using birth control There are many reasons that we want to know what groups of people such as Catholics are thinking and doing But it's hard to understand which social situations are being described by such statements It's also difficult to understand what speakers believe when they make such statements even when the speakers are social scientists In this work cognitive scientist and philosopher Todd Jones looks at the different things that social scientists and ordinary speakers mean when they make statements ascribing beliefs or actions to groups rather than individuals Such statements are often denigrated as mere stereotypes or generalizations Yet they are also used by people to strategize about what actions to take and even for social scientific explanations In this work Jones takes a detailed look at the different things these kinds of statements about groups can mean and the various social structures they correspond to He also looks at how such statements can and can't be used to successfully explain the behavior of individuals or groups While many people broadly dismiss such statements about groups Jones gives a careful discussion of the problems and possibilities such statements have

Why Did Yahweh and His Son Yahshuah Say What They Said? Dr. Justin G. Prock, 2020-05-07
YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today's Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions

Committee on the Judiciary,1948 Considers 80 H R 5852 What They Say in New England Clifton Johnson,2011-03-02

WHEN I began to collect these signs and sayings it was with the idea of gathering them for my own entertainment In days like the present of universal books and schools I thought I could hope to get only a few remnants of the thought and notions that have descended to us from the illiterate and superstitious ages of the past and I supposed that by the time I had picked up two or three scores of these oddities the subject would be exhausted as far as New England was concerned But when I began to notice I found that people in their every day conversation were constantly dropping remarks on the significance of all sorts of things that were a part of this old folk lore When questioned nearly every one old and young could repeat a few sayings of the kind I sought and among these were almost always some I had not heard before My collection grew until I saw the possibility of a volume and I could not but wonder what the superstitions of the Dark Ages were like if these were only remnants

Nature Spirits and What They Say Verena Stael von Holstein, 2019-11-06. I can perceive spiritual beings in my surroundings. I can communicate with higher spirit beings of either an elemental or non-elemental kind when they are willing. I can perceive the human aura as well as certain areas of the astral plane. I can see the aura of plants and animals. I can speak with the guardian beings of plants and animals inasmuch as they're interested. Verena Stael von Holstein. Verena has learned to see and speak to elemental and nature beings. What's more, she is able to translate their language into human terminology and thought. In this remarkable book, seventeen nature spirits are interviewed through her, almost as if these beings were sitting in front of us. Through the conversations, we learn what spirits of fire, air, water, and stone have to say, as well as hearing from beings of glass, silver, salt, paper, and even spirits of our dwellings and homes. They speak about their work with nature and their regrettable lack of contact with human beings. They describe the secrets of the cosmos and tell of humankind's past and future. The nature beings have surprising views on the environment, on natural disasters, good and evil, love and redemption. The interviews throw up beautiful but sometimes disturbing insights into our world. Nature Spirits and What They Say offers an enchanting view of the world of elemental beings, but it also calls on us to recognize the seriousness of the situations they describe. As Verena explains, humans owe a huge amount to nature spirits, and we need to discover new ways of approaching them with full consciousness. This valuable book gives us the means to do just that.
