What Does Not Change The Significance Of Charles Olsons The Kingfishers:

What Does Not Change Ralph Maud,1998 The author demonstrates that The Kingfishers as Olson s first long poem is so crucial to understanding his development that a study of it along with The Praises cut from the same cloth takes one into every aspect of Olson s early life and thought Insight into Olson s apprenticeship and purposes has been somewhat blurred because The Kingfishers has not been entirely understood

Charles Olson and American Modernism Mark Byers,2018 Draws on the unpublished writings of Charles Olson and situates his work in the context of contemporary painting sculpture photography and music to tell the story of how American poets and artists reimagined art and literature for the post war world

The New American Poetry John R. Woznicki,2013-12-24 The New American Poetry Fifty Years Later is a collection of critical essays on Donald Allen s 1960 seminal anthology The New American Poetry an anthology that Marjorie Perloff once called the fountainhead of radical American poetics The New American Poetry is referred to in every literary history of post World War II American poetry Allen s anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen s anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that The New American Poetry is remembered or valued one certain goal of this volume as one reviewer invites is to pry The New American Poetry out from the hoary platitudes that have encrusted it To this point critics mostly have examined The New American Poetry as an anthology former treatments of The New American Poetry look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extendingthose former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of The New American Poetry that isradical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the last fifty years

New Materialism and Late Modernist Poetry Joe Moffett,2022-12-15 First appearing in the social sciences in the last decade the New Materialism offers a fresh way of looking at the ways in which humanity views its relationship to the material world This study picks up on those key insights analyzing works that challenge the anthropocentric worldview that has defined Western thinking for millennia Poetry drawn from the period known as Late Modernism roughly 1930s 1970s is examined with particular attention paid to the ways in

which the authors anticipate New Materialist perspectives The authors include influential figures representing various anglophone traditions Special attention is paid to the long poems of each writer Hugh MacDiarmid's *On a Raised Beach* Muriel Rukeyser's *The Book of the Dead* David Jones's *The Anathemata* Melvin Tolson's *Harlem Gallery* Louis Zukofsky's *A* and Charles Olson's *The Maximus Poems* A concluding chapter briefly looks ahead to the persistence of materialist thinking in a key Postmodernist text Armand Schwerner's *The Tablets* As New Materialism teaches and these texts demonstrate a renewed reckoning of humanity's interaction with the material world can help engender a greater self awareness that humanity is not the only or best measure of the universe

Contemporary Olson David Herd, 2016-05-16 As poet critic theorist and teacher Charles Olson extended the possibilities of modern writing From *Call Me Ishmael* his pioneering study of Herman Melville to his epic poetic project *The Maximus Poems* Olson probed the relation between language space and community Writing in the aftermath of the Second World War he provided radical resources for the re imagining of place and politics resources for collective thought and creative practice we are still learning how to use Re situating Olson's work in relation both to his own moment and to current concerns the essays assembled in *Contemporary Olson* provide a major re assessment of his place in postwar poetry and culture Through a series of contextualising chapters discussions of individual poems and reflections on Olson's legacy by leading international writers and critics the book presents a poet who still informs contemporary poetry whose thought and compositional innovations continue to provoke Remote as some of his fascinations must now seem Olson is shown nonetheless to offer a poetry and poetics that speaks clearly to our own fraught historical moment *Contemporary Olson* opens this major writer to new readings and new readers

The Poetry of the Americas Harris Feinsod, 2017-09-08 *The Poetry of the Americas* offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s Connecting works by Martin Ad n Elizabeth Bishop Paul Blackburn Jorge Luis Borges Julia de Burgos Ernesto Cardenal Jorge Carrera Andrade Allen Ginsberg Langston Hughes Jos Lezama Lima Pablo Neruda Charles Olson Octavio Paz Heberto Padilla Wallace Stevens Derek Walcott William Carlos Williams and many others Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities of the inter American political system This account offers a rich contextual study of the state sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller's Office of the Coordinator for Inter American Affairs to the mid 1960s avant garde scene in Mexico City This innovative literary historical project enables new readings of such canonical poems as Stevens's *Notes Toward a Supreme Fiction* and Neruda's *The Heights of Macchu Picchu* but it positions these alongside lesser known poetry translations anthologies literary journals and private correspondences culled from library archives across the Americas *The Poetry of the Americas* thus broadens the horizons of reception and mutual influence and of formal historical and political possibility through which we encounter midcentury American poetry

recasting traditional categories of U S or Latin American literature within a truly hemispheric vision **After the Program Era** Loren Glass,2017-01-04 The publication in 2009 of Mark McGurl s *The Program Era* provoked a sea change in the study of postwar literature Even though almost every English department in the United States housed some version of a creative writing program by the time of its publication literary scholars had not previously considered that this institutional phenomenon was historically significant McGurl s groundbreaking book effectively established that the rise of the creative writing program stands as the most important event in postwar American literary history forcing us to revise our understanding not only of the relationship between higher education and literary production but also of the periodizing terminology we had previously used to structure our understanding of twentieth century literature *After the Program Era* explores the consequences and implications as well as the lacunae and liabilities of McGurl s foundational intervention Glass focuses only on American fiction and the traditional MFA program and this collection aims to expand and examine its insights in terms of other genres and sites Postwar poetry in particular has until now been neglected as a product of the Program Era even though it is arguably a purer example since poets now depend almost entirely on the patronage of the university Similarly this collection looks beyond the traditional MFA writing program to explore the pre history of writing programs in American universities as well as alternatives to the traditionally structured program that have emerged along the way Taken together the essays in *After the Program Era* seek to answer and explore many of these questions and continue the conversations McGurl only began CONTRIBUTORS Seth Abramson Greg Barnhisel Eric Bennett Matthew Blackwell Kelly Budruweit Mike Chasar Simon During Donal Harris Michael Hill Benjamin Kirbach Sean McCann Mark McGurl Marija Rieff Juliana Spahr Stephen Joyce Stephanie Young Staying Open: Charles Olson's Sources and Influences Joshua Hoeynck,2019-08-19 *Staying Open: Charles Olson's Sources and Influences* investigates the inter disciplinary influences on the work of the mid Century American poet Charles Olson This edited collection of essays covers Olson s diverse non literary interests including his engagement with the music of John Cage and Pierre Boulez his interests in abstract expressionism and his readings of philosopher Alfred North Whitehead The essays also examine Olson s pedagogy which he developed in the experimental environment at Black Mountain College as well as his six month archeological journey through the Yucatan Peninsula in 1950 to explore the culture of the Maya This book will therefore be a strong research aid to scholars working in diverse fields music archeology pedagogy philosophy art and psychology as it outlines methods for close inter disciplinary work that can uncover the mechanics of Olson s creative literary processes Building on the straightforward scholarship of George Butterick whose *Guide to the Maximus Poems* remains indispensable for readers of Olson s work the essays in this volume will also guide readers through the thick allusions within *The Maximus Poems* itself New interest in the wide ranging and non literary nature of Olson s thought in several recent academic works makes this book both timely and necessary *Physics Envy American Poetry and Science in the Cold War and After* by Peter Middleton as well as *Contemporary Olson*

edited by David Herd have started the process of uncovering the extent to which Olson's interdisciplinary interests inflected his poetic compositions *Staying Open* extends the preliminary investigations of Olson's non-literary sources in those volumes by bringing together a community of scholars working across disciplines and within a wide variety of humanistic concerns

Charles Olson and Frances Boldereff Charles Olson, Frances Boldereff, 1999-08-20 A remarkable series of letters between Black Mountain poet Charles Olson and his most ardent reader *Writing Against Expulsion in the Post-War World* David Herd, 2023 Herd tells a pre history of the Hostile Environment returning to a period following the Second World War when the brutal consequences of a politics of expulsion were visible The book is a deep defence of human rights at a moment when such rights are under attack It shows how we can resist and think beyond the politics of border and nation **The**

Ecopoetry Anthology Ann Fisher-Wirth, Laura Gray Street, 2013-02-12 Definitive and daring *The Ecopoetry Anthology* is the authoritative collection of contemporary American poetry about nature and the environment in all its glory and challenge From praise to lament the work covers the range of human response to an increasingly complex and often disturbing natural world and inquires of our human place in a vastness beyond the human To establish the antecedents of today's writing *The Ecopoetry Anthology* presents a historical section that includes poetry written from roughly the mid-nineteenth to the mid-twentieth century Iconic American poets like Walt Whitman and Emily Dickinson are followed by more modern poets like Wallace Stevens William Carlos Williams Ezra Pound and even more recent foundational work by poets like Theodore Roethke Elizabeth Bishop Robert Hayden and Muriel Rukeyser With subtle discernment the editors portray our country's rich heritage and dramatic range of writing about the natural world around us *The New American Poetry, 1945-1960* Donald Allen, 2023-11-15 With more than 100 000 copies sold *The New American Poetry* has become one of the most influential anthologies published in the United States since World War II As one of the first counter-cultural collections of American verse this volume fits in Robert Lowell's famous definition of the 'raw' in American poetry Many of the contributors once derided in the mainstream press of the period are now part of the postmodern canon Olson Duncan Creeley Guest Ashbery Ginsberg Kerouac Levertov O'Hara Snyder Schuyler and others Donald Allen's *The New American Poetry* delivered the first taste of these remarkable poets and the book has since become an invaluable historical and cultural record now available again for a new generation of readers With more than 100 000 copies sold *The New American Poetry* has become one of the most influential anthologies published in the United States since World War II As one of the first counter-cultural collections of American verse this volume fits in *Poetic Community* Stephen Voyce, 2013-01-01 *Poetic Community* examines the relationship between poetry and community formation in the decades after the Second World War In four detailed case studies of Black Mountain College in North Carolina the Caribbean Artists Movement in London the Women's Liberation Movement at sites throughout the US and the Toronto Research Group in Canada the book documents and compares a diverse group of social models small press networks and cultural coalitions informing literary practice during the Cold War

era Drawing on a wealth of unpublished archival materials Stephen Voyle offers new and insightful comparative analysis of poets such as John Cage Charles Olson Adrienne Rich Kamau Brathwaite and bpNichol In contrast with prevailing critical tendencies that read mid century poetry in terms of expressive modes of individualism Poetic Community demonstrates that the most important literary innovations of the post war period were the results of intensive collaboration and social action opposing the Cold War s ideological enclosures

Pitch of Poetry Charles Bernstein,2016-03-21 Bernstein a leading voice in American literary theory writes an irreverent guide to modernist and contemporary poetics

Flat Aesthetics Christian Moraru,2022-12-15 Flat Aesthetics seeks to secure a more granular and ontologically demotic handle on the contemporary in American literature While contemporaneity can be viewed as our period Christian Moraru approaches the contemporary as some thing made by things themselves The making of the contemporary is variously restaged by the body of fictional prose under scrutiny here Thus this corpus itself participates in the making of contemporaneity In dialogue with object oriented ontology and various new materialisms Moraru contends that the contemporary does not preexist objects or the novels featuring them it is not their background but an outcome of things self presentation As objects beings or existents present themselves in the present in our now they foster thing configurations that together compose the form of and essentially make the contemporary the present s cultural material signature as Moraru calls it To decipher this signature Flat Aesthetics provides a cross sectional reading of postmillennial American fiction Discussed are solely post 2000 works by writers who have also established themselves over the past two decades or so from Nicole Krauss Michael Chabon and Ben Lerner to Colson Whitehead and Emily St John Mandel Their output Moraru claims bears witness to the onset of a flat aesthetics in American letters after September 11 2001 Organized into five parts the books canvases objectual constellations of contemporaneity shaped by material dynamics of language museality and display spatiality zombification and thing rhetoric and post anthropocentric kinship
