What Does The Lord Require Meditations On Major Moral And Social Issues:

What Does the Lord Require? James L. Killen, 2004 Contemporary life is filled with a host of contentious moral and social issues. There are many thorny topics both personal and political which bring out a cacophony of opinions that can overwhelm us. While we are inundated with questions, there often seem to be no clear answers. So how should we respond? As Christians, we must constantly ask ourselves: What does the Lord require of me? In this outstanding collection of meditations, James Killen examines many of today's hot button issues with an eye toward helping readers think through their beliefs and responsibilities. Mindful of our call to live in faithfulness to God's purpose, each essay draws on the Bible and the Christian faith to discern how God would have us respond to the emerging situations of our world's history. What Does The Lord Require is topical, inspiring reading and with thoughtful discussion questions at the end of each meditation, it's an excellent resource for adult classes or study groups as well as for a sermon series that is sure to connect with congregations. Among the issues addressed are religious pluralism, economic justice, materialism, environmental stewardship, gender roles, suicide, abortion, personal integrity, homosexuality, AIDS, race relations, war. The timid pulpit is too often the platform of pastors who choose not to unsettle their parishioners. As a result, words that address the critical social and moral issues of our day go unspoken. The messages of this book inspire the reader to new heights of courage as these difficult issues are presented with clear, forthright challenges. You will be informed and motivated as the cost of discipleship awakens your Christian journey in the 21st century. Joe A. Wilson, United Methodist bishop. James Killen does a remarkable job of reminding us that being a Christian is more than individual religiosity. Rather, it encompasses every facet of our existence, personal and corporate. These meditations explore issues that Christians cannot afford to ignore. A must read. Brig Gen Hiram Doc Jones, USAF retired. Former Deputy Chief Air Force Chaplain Service. James L. Killen has pastored a variety of congregations during a 45-year career in the ministry, ranging from a small open country parish in northeast Texas to Trinity United Methodist Church in Beaumont, Texas, a 2,000-member church with a television ministry serving all of southeast Texas and southwestern Louisiana. A graduate of the University of Houston and Perkins School of Theology at Southern Methodist University, Killen's work has appeared in several publications, including Preaching Pulpit Digest, Circuit Rider, The Upper Room, and the Abingdon Preaching Annual. He is also the author of *Who Do You Say That I Am: Nigerian Politics and Corruption*. Kyrian Chukwuemeka Echekewu, 2017-06-02 Corruption is alive and well in Nigeria, and it must be eliminated. Moreover, the Nigerian church can no longer watch it go unchecked. Though conscious of his limitations as a priest and theologian, the author takes an in-depth look at how corruption has taken hold of Nigeria and its people in this scholarly work. He challenges the church as a socio-moral actor and the civil authorities that govern Nigeria, arguing that the nation will collapse if corruption continues. He notes that even though the Nigerian people have lashed out against corruption, it has only gotten worse, either because morality has been relegated to the background or not enough has been done to inculcate morality into Nigeria's

politics The author employs a holistic approach in examining issues such as bishops and their vision of Nigeria vis vis Nigerian politics democracy and the power equation among the various arms of government principal biases that characterize Nigerian politics and class affiliation and its impact in Nigerian politics Find out how corruption is ruining Nigeria and discover how the church and government can work together to fix the problem in Nigerian Politics and Corruption

What Does the Lord Require? Stephen Hart, 1996 From the support given to Reagan and Bush's conservative economic agenda by the Religious Right to the questioning of some features of American capitalism by the Catholic Bishops Christians have been highly visible in the public forum during the last decade In *What Does the Lord Require* Stephen Hart shows that the views on economic issues held by less vocal Christians are also grounded in deeply held religious beliefs For these grass roots Christians Hart writes faith lays the foundation for views that range from staunchly conservative to radical Hart paints a rich portrait of how everyday Christians actually connect their faith to such issues as economic equality government intervention and the rights of private enterprise Drawing on lengthy interviews he makes a comprehensive analysis of forty seven diverse Christians Roman Catholics Pentecostals mainline Protestants Jehovah's Witnesses and others who range from manual laborers to corporate executives from conservatives to socialists The results are sometimes surprising On economic issues Hart shows evangelicals and fundamentalists are at least as liberal as mainline Protestants One Missionary Alliance member for example bases her populist views on the ideas that we are all children of God and God favors the lowly Many traditionalists come to liberalism through the belief that economic life should be governed by an ethical vision not just market forces Modernists on the other hand often desire an unbridled free market out of concern to maximize individual freedom Hart identifies five themes from Christian tradition voluntarism universalism love thisworldliness and otherworldliness that respondents repeatedly draw upon when they think about economic justice issues He shows how these themes are used to support both conservative and liberal views arguing that Christianity is a terrain of debate with no single inherent set of political implications let alone the monolithic conservative ones promoted by the Christian Right In fact he writes the respondents tend to speak in more liberal terms when they articulate the social implications of faith than when they talk about economic issues in purely secular terms Christian faith thus provides many Americans with a vision that can contribute to change in the direction of greater equality community and economic justice Most Americans are members of Christian churches and the last decade has shown the tremendous impact politically active Christians can have In *What Does the Lord Require* Stephen Hart offers a new understanding of how faith shapes the capacity of grass roots Christians to participate in public debate about economic life
