

A pair of hands, one at the top and one at the bottom, gently holds a small, realistic-looking globe of the Earth. The globe shows the continents of North and South America in green and the oceans in blue. The background is a deep blue with many small white stars, resembling a night sky or outer space. The text "WHAT IN THE WORLD IS GOD DOING?" is superimposed in the center of the image, over the globe and the hands.

Watts,2020-07-08 Reading a Peanuts comic strip many years ago stuck with me like no other It was a total of four frames that involved a simple conversation between Lucy and Linus as they watched the torrential rain fall from their window Boy said Lucy Look at it rain What if it floods the whole world It will never do that responded Linus God promised and the sign of the promise is the rainbow You ve taken a great load off my mind Lucy told Linus And then it happened Linus made one of the greatest statements ever found in a comic strip or anywhere else for that matter Sound theology has a way of doing that said Linus to his previously worried older sister This profound idea is behind the writing of What in the World is God doing with COVID 19 As the Corona Virus made its way around the world and all but crippled the American way of life fear and uncertainty began to weigh heavily upon the hearts of many In its midst I began hearing all sorts of ideas about God and what he was doing with the virus Many insisted that he was judging the world while others shouted warnings about the anti Christ and his mark awaiting us all Still another was perfectly fine with the depressing idea that Christianity had no answers to the virus at all because according to him it wasn t supposed to So which is it What are people particularly Christians supposed to think This booklet addresses these issues While there are many things we cannot know in regard to suffering there are some things we can know with confidence Hence What in the World is God doing with COVID 19 focuses on those often forgotten theological truths that can help take those burdensome loads of fear and uncertainty off as we absorb them It focuses on God s use of COVID 19 and any other form of suffering in his exposure of sin and just what it means to be under his judgment It gives attention to his sovereign control over the affairs of men and just how the virus demonstrates this reality And finally it highlights God s loving reach for those who in the absence of COVID 19 might otherwise continue and die in their sin This book then affirms that the best vaccine for the uncertainty and fear spawned by COVID 19 or any other source is a good dose of sound theology **Performing a Christian Life** Thomas D. Kennedy,2019-11-13 We want to live good lives but determining what a good life is isn t easy especially if we want the lives we lead to be ours rather than somebody else s Tom Kennedy helps us see why it is hard to find our way when it comes to living well and what we can do about that Finding our way requires knowing who we are understanding ourselves and Christians because of their experience with God will understand themselves differently than others in at least some ways Kennedy explores that

understanding and discovers that Christian encounters with God lead to beliefs about God human nature forgiveness values and loving well that have important implications for what we do and feel for how we should live In clear and familiar language and with probing questions he helps us think more carefully and deeply about our identities and what it should look like for us to live well

Nicene and Post-Nicene Fathers Philip Schaff,2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume VI of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find Saint Augustines exegesis on the Gospels and the Sermon on the Mount which strove to interpret and draw meaning out of the text without incorporating the author s personal agenda or bias Also included in this volume are a selection of Augustines sermons

The Analogy of Love Gary Chartier,2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians

The Burning Ones Jerame Nelson,2011-09-20 Burning Ones is a call to action Christians will be encouraged and motivated to consider seriously stepping in the role of burning ones and dread champions to spread the Kingdom of God in the earth Vivid and detailed descriptions of these

champions are given throughout the book supported with biblical examples and modern day personal experiences including real life healings worldwide Each of the seven chapters concludes with Burning Questions designed to stimulate thought and action followed by a space for the reader to record Your Response A Prayer to Get You There connects the reader with the Lord in a genuine way that caps the vital issues covered in the chapter **Alone in the World?** Van Huyssteen, 2006-04-12 In *Alone in the World* first given as the 2004 Gifford Lectures at the University of Edinburgh J Wentzel van Huyssteen develops the interdisciplinary dialogue that he set out in *The Shaping of Rationality* 1999 applying this methodology to the uncharted waters between theological anthropology and paleoanthropology Among other things van Huyssteen argues that scientific notions of human uniqueness help us to ground theological notions of human distinctiveness in flesh and blood embodied experiences and protect us from overly complex theological abstractions regarding the image of God Focusing on the interdisciplinary problem of human origins and distinctiveness van Huyssteen accesses the origins of the embodied human mind through the spectacular prehistoric cave paintings of western Europe fifteen of which are reproduced in color in this volume Boldly connecting the widely separated fields of Christian theology and paleoanthropology through careful interdisciplinary reflection *Alone in the World* will encourage sustained investigation into the question of human uniqueness

God, Evil, and Redeeming Good Paul A. Macdonald Jr., 2023-01-30 This book offers an original contribution to debates about the problem of evil and the existence of God It develops a Thomistic Christian theodicy the aim of which is to help us better understand not only why God allows evil but also how God works to redeem it In the author's view the existence of evil does not generate any intellectual problem that theists must address or solve to vindicate God or the rationality of theism This is because acknowledging the existence of evil rationally leads us to acknowledge the existence of God However understanding how these two facts are compatible still requires addressing weighty wide ranging questions concerning God and evil The author draws on diverse elements of Aquinas's philosophy and theology to build an argument that evil only exists within God's world because God has created and continues to sustain so much good Moreover God can and does bring good out of all evil both cosmically and within the context of our own individual lives In making this argument the author engages with contemporary work on the problem of evil from analytic philosophy of religion and theology Additionally he addresses a broad range of topics and doctrines within Thomistic and Christian thought including God creation providence original sin redemption heaven and hell and the theological virtues *God Evil and Redeeming Good* is an essential resource for scholars and students interested in philosophy of religion philosophical theology and the thought of Thomas Aquinas
