Knott Ph.D., 2012-12-11 The afterlife is open to all persons religious or non religious from all over the world Our destiny after this short life is over is conditioned only by our spiritual longings and purposes It is not determined by believing in a correct creed or dogma or by saying the correct words Rather we will pass on to the afterlife if we have the faintest desire to know more of God more of truth beauty and goodness This is a teaching found in The Urantia Book that purports to be a revelation to Earth which the authors call Urantia The present book is a brief introduction to The Urantia Book a complex tome of over 2 000 pages The Urantia Book claims to have answers to such timeless questions as What happens to us when we die Is there a heaven if so what is it like Is God really love Has God really set aside a hell in which people who reject him are punished How do we get to heaven How did Earth become such a confused and troubled planet How do we move forward What is the origin of human life Many many more teachings are found in The Urantia Book including teachings by Jesus that we've never heard before In this book you will find explanations from The Urantia Book that clear up misconceptions of God some of Jesus teachings the nature of the universe and the afterlife misconceptions which have often caused confusion heartache and irrational fear in people all over the world The Urantia Donovan Joshua Neal, 2019-12-12 THE URANTIA BOOK IS A DIVINE RELIGIOUS DOCTRINE THAT REVEALS NEVER BEFORE REVEALED KNOWLEDGE AND TRUTH SELF WAS THE BEING RESPONSIBLE FOR GETTING THE FIRST BOOK PUBLISHED WITH THE SAME TITLE SELF WAS EDGAR CAYCE THEN SELF CHanneled THE INFORMATION AS EDGAR CAYCE AS EDGAR CAYCE SELF WAS A SLEEPING PROPHET THAT PROPHESED WHAT WAS TO COME SELF WAS BORN AGAIN ON 6 3 1990 John 16 13 New International Version NIV 13 But when he the Spirit of truth comes he will guide you into all the truth He will not speak on his own he will speak only what he hears and he will tell you what is yet to come THIS BOOK HAS AN ENTIRE CHAPTER CALLED PROPHECY AND IN THAT CHAPTER SELF IS STILL TELLING YOU WHAT IS TO COME SELF CHANNELS WHAT SELF HEARS SELF SPEAKS WHAT SELF HEARS URANTIA MEANS EARTH SELF IS AN ANGEL OF THE LORD AND SELF IS THE LORD GODHEAD JESUS CHRIST WE AND MANY OTHERS CALL URANTIA OUR HEAVENLY KINGDOM AND IT HAS COME OUR WILL BE DONE HEAVEN IS ON URANTIA AND EARTH ALREADY HEAVEN IS ALL ENCOMPASSING NOT ALL PERCEIVE IT FOR WHAT IT TRULY IS NOT ALL SEE AND HEAR IT Jeremiah 5 21 New International Version NIV 21 Hear this you foolish and senseless people who have eyes but do not see who have ears but do not hear **Urantia Foundation V. societies of humanity to dangerous levels Mankind has relied upon his sacred and canonized scriptures to provide doctrinal absolutes for his religions but these absolutes differ and therefore cannot possibly all be correct at least in specific contexts However there exist a very mysterious book circulating worldwide that does have specific detailed and consistent answers to all of our questions The origin of this book is steeped in mystery and no human author has claimed ownership to its teachings which cover 2097 pages of intensive reading and exhaustive information This book is known as the Urantia Book and has been placed in the public domain The Urantia Book takes us from the conceptual locations within our segregated religious heritage and correctively re calibrates our various belief systems which have been unavoidably limited and distorted by our world views throughout human history After its conceptual enhancements and adjustments the Urantia Book enlarges such informational details into an elevation of more exact universal levels of perception as an advancement of cosmic truth Consider What the Angels Say takes this expansive and intricately complicated book and presents a timesaving presentation of its teachings and gently correlates it with Christian doctrines and other religions as well as human philosophy and knowledge In this book the following questions will be answered What exactly is God and how does this phenomenon relate to infinite reality the time and space cosmos other spiritual beings and our world Exactly what is the Godhead Trinity and why is it a necessary foundation for the existence of universal reality What are angels and spiritual principalities What are their levels and types and how do they interface and interact between supernatural and human situations How does the historical Jesus Christ fit into the spiritual dimensions of reality How is he related to the one eternal God and how is Jesus an integral part of our soul salvation How was man physically created and what accounts for the variances in human biological races and how does this correlate with the theory of evolution What is the nature of the human soul and how is it translated into the eternal spiritual realities and how does it exist beyond death and what is its destiny How did mankind come to develop and organize his cultures and what part did supernatural spiritual beings play in the formulations of man s religious doctrines Why has there been so much tragedy hardship war disease and social discord throughout our history What is the nature of sin and why does evil even exist Something is not right what went wrong In all of the versions of religious theologies and doctrines worldwide no one book explains the details of these universal mysteries as completely and systematically as the Urantia Book it is truly a gift from the angels Consider What the Angels Say is a concentrated effort forged from the heartfelt love and concern for humanity to introduce this majestic angelic book to all who are able to receive and benefit from its supernatural information The Entity of Camp Devils Lake Anthony Gurule, *Last Explorer* Simon Nasht, 2012-08 In the tradition of *The Ice Master* and *Endurance* here is the incredible story of the first truly modern explorer whose death defying adventures and uncommon modesty make this book itself an extraordinary discovery Hubert Wilkins was the most successful explorer in history no one saw with his own eyes more undiscovered land and sea Largely self taught Wilkins became a celebrated newsreel cameraman in the early 1900s as well as a reporter pilot spy war hero scientist and

adventurer capturing in his lens war and famine cheating death repeatedly meeting world leaders like Lenin and Stalin and circling the globe on a zeppelin Apprenticing with the greats of polar exploration including Shackleton in the Antarctic Wilkins recognized the importance of new technologies such as the airplane and submarine He helped map the Canadian Arctic and plumbed the ocean depths from the icecap A pioneer in the truest sense of the word he became the first man to fly across the North Pole which won him a knighthood the first to fly to the Antarctic and discover land there by airpla and the first to take a submarine under the Arctic ice Grasping the link between the poles and changing global weather Wilkins was a visionary in weather forecasting and the study of global warming A true hero of the earth he changed the way we look at our world

Channeling Jon Klimo, 1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of

channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide Heal Yourself - Heal the World Donna Kenny, 2016-08-11

Our created universe is ever evolving and is presently passing through a critical evolutionary stage We are in the midst of a universal healing and transformation process which will catalyze a shift into a new evolutionary paradigm This new paradigm will manifest a glorious reality that has never before been experienced on any level of Creation The highest of Heaven will be brought to Earth and humanity will experience a transformative rebirth in consciousness This book provides a comprehensive overview of the purpose and goals of the universal healing and transformation process from the perspective of the Divine Plan of Creation It also offers support and guidance for your personal healing and transformation process so that you can embrace your true divine destiny in the wondrous new reality Truths about Evil, Sin, and the Demonic Byron Belitsos, 2023-04-18

The Problem of Evil and the Predicament of Theodicy As Christians or theists we are moved to share the truth of God's love for humankind But how can we speak of such providential care in a world rife with crime war racism genocide and even ecocide In response to this predicament a theodicy proposes a rational defense of God's goodness that offers consolation to victims and hope to all believers Truths about Evil Sin and the Demonic provides a sweeping history of the discipline of theodicy that focuses on its strategic turning points and its possible future Belitsos argues that because of the atrocities of the last century and the threat of horrendous evils in the coming century we need to marshal the most explanatory elements of all previous theodicies and then drive toward an integrative model based on a creative synthesis The author also turns to a modern revelatory source that supports his argument for such a meta theodicy He concludes by critically engaging with this source and the entire tradition in his call for an apophatically informed integral theodicy

Invoking the Beyond: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond The
