

Women On The Buddhist Path

Kristin Johnston Lagen

Women On The Buddhist Path:

Women on the Buddhist Path Martine Batchelor, 2002 This work collects the stories and experiences of Western and Asian Buddhist luminaries

Women in Pāli Buddhism Pascale Engelmaier, 2014-10-17 The P li tradition presents a diverse and often contradictory picture of women This book examines women s roles as they are described in the P li canon and its commentaries Taking into consideration the wider socio religious context and drawing from early brahmanical literature and epigraphical findings it contrasts these descriptions with the doctrinal account of women s spiritual abilities The book explores gender in the P li texts in order to delineate what it means to be a woman both in the context in which the texts were composed and in the context of their ultimate goal that of achieving escape from the round of rebirths The critical investigation focuses on the internal relationships and dynamics of one tradition and employs a novel methodology which the author calls critical sympathy This assumes that the tradition s teaching is valid for all in particular that its main goal nibb a is accessible to all human beings By considering whether and how women s roles fit within this path the author examines whether women have spiritual agency not only as bhikkhun s Buddhist nuns but also as wives and mothers It offers a new understanding that focuses on how the tradition construes women s traditional roles within an interdependent community It aims to understand how what many scholars have seen as contradictory and inconsistent characterizations of women in Buddhism have been accepted and endorsed by the P li tradition With an aim to show that the P li canon offers an account of women that is doctrinally coherent and consistent with its sociological facts this book will be of interest to students and scholars of Buddhism and Asian Religion

The Feminine Face of Buddhism Gill Farrer-Halls, 2002 The Feminine Face of Buddhism celebrates the contribution of women to Buddhism From Mahamaya the Buddha s mother to contemporary Buddhist women this book honors Buddhist feminine archetypes and acknowledges women s teachings and experiences It also documents the critical role they have played and are playing in the development of Buddhism through their lives their work their meditation and Buddhist practice and their art

Moon and Flowers Kalyanavaca, 2015-01-16 This book brings together essays by 19 women who have been ordained within the Buddhist tradition They come from different countries and have different lifestyles Some are career women some are mothers leading a family life others live and work in country retreat centres Their firm commitment to Buddhism is perhaps the only thing they all have in common Here they demonstrate how they are trying to bring the various aspects and concerns of their daily lives into harmony with the Buddhist ideals and practice

Women of the Way Sallie Tisdale, 2008-12-01 It is tradition in Zen monasteries to chant a lineage of male teachers from the Buddha s time to the present day As Buddhism took root in the West Amer Buddhists asked What about the women There have been accounts of extraordinary women Buddhists many of whom were recognized by their contemporaries for their powerful practice but excluded from their place in history Several Buddhist centers have created women s lineages of their own and it is these untold legends that Tisdale follows in this book She traces women Buddhist

masters and teachers across continents and centuries. She draws upon historical cultural and Buddhist records and her own Buddhist practice to bring to life these narratives of ancestral Buddhist women. **The Different Paths of Buddhism** Carl Olson, 2005-01-06 For centuries Buddhist teachers and laypeople have used stories, symbols, cultural metaphors and anecdotes to teach and express their religious views. In this introductory textbook, Carl Olson draws on these narrative traditions to detail the development of Buddhism from the life of the historical Buddha to the present. By organizing the text according to the structure of Buddhist thought and teaching, Olson avoids imposing a Western perspective that traditional texts commonly bring to the subject. The book offers a comprehensive introduction to the main branches of the Buddhist tradition in both the Mahayana and Theravada schools, including the Madhyamika school, the Yogacara school, Pure Land, devotionalism, Tibetan Tantric Buddhism, Zen Buddhism, and village folk Buddhist traditions. Chapters explore the life and teachings of the Buddha in historical context, the early development and institutionalization of Buddhism, its geographic spread across Asia and eventually to the United States, philosophy and ethics, the relationship between monks and laity, political and ethical implications, the role of women in the Buddhist tradition, and contemporary reinterpretations of Buddhism. Drawn from decades of classroom experience, this creative and ambitious text combines expert scholarship and engaging stories that offer a much needed perspective to the existing literature on the topic. **Woman Awake** Christina Feldman, 2016-08-01 Because women have been conditioned to live according to traditional feminine values—conformity, passivity, and surrender of the self—they often feel powerless to transform their lives and afraid to lose their sense of worth. In *Woman Awake*, Christina Feldman suggests that it is possible for women to break out of their negative patterns and accept themselves as they really are. With a growing awareness of the dignity of all life and its connection with them, women can overcome the social conditioning and myth-making that overwhelm and oppress them. For those women new to Buddhist meditation, Christina Feldman offers sensitive and valuable guidelines on breathing and relaxation, stressing above all that learning to understand, appreciate, and value themselves is the first step toward women's creative and joyful integration with the world. **Daily Life of Women** Colleen Boyett, H. Micheal Tarver, Mildred Diane Gleason, 2020-12-07 Indispensable for the student or researcher studying women's history, this book draws upon a wide array of cultural settings and time periods in which women displayed agency by carrying out their daily economic, familial, artistic, and religious obligations. Since record-keeping began, history has been written by a relatively few elite men. Insights into women's history are left to be gleaned by scholars who undertake careful readings of ancient literature, examine archaeological artifacts, and study popular culture such as folktales, musical traditions, and art. For some historical periods and geographic regions, this is the only way to develop some sense of what daily life might have been like for women in a particular time and place. This reference explores the daily life of women across civilizations. The work is organized in sections on different civilizations from around the world, arranged chronologically. Within each society, the encyclopedia highlights the roles of women within five broad thematic categories: the

arts economics and work family and community life recreation and social customs and religious life Included are numerous sidebars containing additional information document excerpts images and suggestions for further reading *A Christian Exploration of Women's Bodies and Rebirth in Shin Buddhism* Kristin Johnston Largen,2020-10-05 Jodo Shinshu Buddhism inherited many negative doctrines around women s bodies which in some early Buddhist texts were presented as an obstacle to rebirth and a hindrance to awakening in general Beginning with an examination of these doctrines the book explores Shin teachings and texts as well as the Japanese context in which they developed with a focus on women and rebirth in Amida s Pure Land These doctrines are then compared to similar doctrines in Christianity and used to suggestion fruitful avenues of Christian theological reflection Buddhism and Women Darcy Flynn,2022-01-21 A collection of key texts from practising Buddhism women showing their vital contributions to the development of Buddhist thought

Women On The Buddhist Path Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever.
