Culturally Sustaining Language and Literacy Practices for Pre-K-3 Classrooms Kindel Turner Nash, Alicia Arce-Boardman, Roderick D. Peele, Kerry Elson, 2022-09-23 2023 Literacy Research Association's Edward B. Fry Book Award Finalist Literacy educators are often unequipped to help young children contend with the world we inhabit where linguistic literate and cultural pluralism are not always valued or sustained. In fact, educators are routinely bombarded by programs that position literacy as a simple one-size-fits-all practice. This resource will help pre-K-3 teachers create and interpret literacy teaching processes, practices, and spaces that honor and extend children's fullness. It is coauthored by three teachers from ethnically, racially, and linguistically diverse schools who share vivid examples and everyday stories from their own classrooms. Grounded in an accessible discussion of the value of culturally sustaining pedagogy (CSP) and its potential to promote equity in elementary teaching, this book can be used as a practical introduction to CSP practices for early childhood teachers and teacher candidates. **Book Features:** Focuses on the capabilities of young children and their families rather than perceived deficits; Showcases a theoretical model, key definitions, and an interpretive framework of culturally sustaining early literacy practices and processes; Offers concrete examples and stories that educators can use in their own settings; Contains user-friendly features to help readers visualize the processes and practices described in the book, including artwork and other artifacts from classrooms. *Education Manual* United States. The volume includes chapters covering diachronic and synchronic descriptions of all main areas of language structure: phonetics, phonology, morphology, syntax, and lexicology, as well as chapters on social and regional variation, language contact, sociolinguistics, language variation, and other interesting areas of linguistic research. Rich in descriptive details and grounded in modern linguistic theory, this manual will be an essential research tool for students and researchers who are interested in the Galician language and in Romance linguistics. The preparation of this work has been partially funded through grants from the Ministerio de Cultura of the Government of Spain to the Instituto da Lingua Galega and from the Consellería de Cultura, Educación e Universidade of the Xunta de Galicia to the research group Filoloxía e Lingüística Galega of the Universidade de Santiago de Compostela.
