What Does God Look Like :

What Does God Look Like? Linda Wilson, 2012-12-14 When a little boy asks his mother about what God looks like and many other questions as well, she answers him with lots of details. This story began when author Linda Wilson's three daughters were young. This story was written and illustrated in response to their questions and the questions of many other children through the years about God. Children yearn for the literal touchable truth about all things including the unseen God of the universe. Understanding that truth is quite a task for children in their formative years. Their eager and open minds deserve good answers to their good questions. *What Does God Look Like* seeks to help each child know who God is and how much He loves and cares about each of them, relieve any fears or misconceptions about death, and reveal a biblical pleasant picture of heaven for them and reinforce the teaching that God is not only our Lord and Savior but also our comforter, teacher, and everlasting Father. *What Does God Look Like* encourages each child to see God's reflection in his or her face and to make an indelible impression on them that they are made in God's image.

What Does God Look Like? William E. Perry, When Stuart Shipp and his little sister Frenn were walking in the park, Frenn asked an important question because she was tired of being in the dark. Stuart Frenn said, "I know I'm just a little tike. But I sure would like to know what God looks like." When Stuart Shipp's sister asks him about God's looks, Stuart takes her on a walk from the park to the beach to the ocean shore, showing her all the beautiful things in God's creation that can help her answer the question *What Does God Look Like*.

What Does God Look Like? Nagy Malak, 2024-07-21 *What Does God Look Like* This book explores the age-old Christian question of what God actually looks like. Rather than relying on artistic depictions or human speculation, the author delves into the biblical witness to uncover what Scripture reveals about the appearance, nature, and character of the divine. Through a careful examination of key passages, the book provides readers with a deeper understanding of the visual portrayal of God in the Bible. From the visions of the prophets to the incarnation of Jesus Christ, the text examines how God has chosen to make himself known to humanity in tangible ways while acknowledging the inherent limitations of fully grasping the infinite divine. By studying these biblical insights, readers will gain a more robust theology of the appearance of God. The author shows how our understanding of what God looks like shapes our relationship and response to him as Christians. Ultimately, this exploration is not merely an

academic exercise but a means of drawing closer to the living God we worship Comprehensive yet accessible What Does God Look Like is an essential read for any Christian seeking a richer more biblically grounded perspective on the visual representation of the Almighty Through this journey readers will be invited to encounter the majesty mystery and nearness of the God who is spirit yet has chosen to reveal himself in remarkable ways **Because Nothing Looks Like God** Lawrence Kushner, Karen Kushner, 2011-10-03 Where is God What does God look like How does God make things happen With little hands and big hands With young hands and old hands With your hands Mixing sparks of curiosity and spiritual imagination this wondrous book lights children's creativity and shows how God is with us every day in every way It is a vibrant invitation to children and their adults to explore together what where and how God is in our lives Multicultural Nondenominational Nonsectarian Endorsed by Protestant Catholic and Jewish Religious Leaders **Because Nothing Looks Like God Teacher's Guide** Karen Kushner, 2017-02-28 A guide for Jewish educators and parents to the companion book Because Nothing Looks Like God God Looks Like Jesus Gregory Boyd, 2025-05-27 Rediscover the God who inspires passion in our hearts A grassroots global movement has people rediscovering a Jesus looking God who is raising up a Jesus looking people to transform the world in a unique Jesus kind of way In this accessible introduction to understanding the character of God author Gregory A Boyd with M Scott Boren lays out the radical truth at the heart of this movement the conviction that God looks like Jesus In other words in the life ministry and sacrificial death of Jesus Christ we see the embodiment of God's very essence a love that is humble other oriented and self sacrificial This truth is the heart of the gospel If we consider it deeply and live it out consistently this truth carries the power to transform individuals the church and the world Open these pages to encounter the freedom of a God who looks like Jesus and join a larger movement of the Spirit to reignite the church with Christ at its center Who Made God? Why Does God Seem So Hidden? Joshua C. Waltman,2023-04-06 Why does God seem so hidden obscure and silent Why doesn t he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God s revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor necessarily entails hiddenness This work proposes five

spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness Restoring Life's Missing Pieces Caren Goldman,2011 A powerful and thought provoking look at reunions of all kinds as roads to remembering and re membering ourselves Reunions with people places things and ourselves happen every day around us and within us Whether to participate or not will always be your choice from the Introduction Explore humankind s timeless universal and deeply spiritual desire to reunite for the sake of healing and wholeness Whether we wander far from home or reminisce from our favorite armchair people of all faiths or none whatsoever undertake journeys to remember restore and re member the missing pieces of our stories psyches and souls Do you occasionally Google a person from your past in hopes of catching up Do you leaf through old address books to try to call someone for the first time in decades When you visit gravesites or memorials can you pinpoint what drew you there Have you felt an urge to revisit your birthplace or travel to your ancestors homelands Do you feel compelled to attend an upcoming high school family or other reunion If not why not Delve deeply into ways that your body mind and spirit answer the Spirit of Re union s calls to reconnect with people places things and self Does God Exist? I Do-Do Not Believe (This Book is for You) Craig J. Radford,2023-02-09 Does science prove God s existence or provide more reasons to doubt Does God truly exist That is the age old seemingly unanswerable question But what if there was an answer What if the answer has been staring us right in the face for centuries but we ve been too busy missing the forest for the trees This book invites you to take a step back and look at the broader picture It offers anecdotes observations and most importantly scientific evidence of the universal all encompassing culture transcending purpose that connects us all In that purpose we find many paths to a knowledge that has eluded humankind for as long as we have had the ability to wonder proof that God does indeed exist We find this knowledge in the stars in the nature of time in the laws of physics in our own bodies and in equations as complex as advanced calculus and unconditional love It s just a matter of knowing where and how to look In a centuries old debate that has always placed science in an adversarial role with faith this book brings the two camps together using logic and reason to prove the existence of God For the atheist these pages eschew scriptural references in favor of evolutionary philosophical cultural and natural evidence For the believer this book enhances your faith with affirmative arguments steeped in mathematics particle physics and a host of other scientific and real world observations And for anyone who has ever looked up at the sky and wondered what might lie beyond this book provides a clear compelling life affirming answer Desire is the starting point of all achievement not a hope not a wish but a keen pulsating desire which transcends everything Napoleon Hill As a secularist and humanist who doesn t share the same conclusions I was surprised with what an enjoyable read this is This is the strongest summary to date that I ve seen for the Theist position Jeremy Runnells author of the CES Letter Written through a Euro centric philosophical and western science lens one has the opportunity to consider not only the argument for

and against the belief in a God but to contemplate a middle ground where the dualities of such sit squarely within the most important part of the equation the one who asks the question This book is a worthwhile read particularly for those seeking to dive more deeply into the self Jonathan Webb Dr of Theology

The Fundamentals of a Recovering Fundamentalist Gabriel Gordon,2024-06-27 As recovering Fundamentalists we often find ourselves unknowingly remaining within the Fundamentalist worldview We think that if we enter into Progressive Christianity we re leaving behind the irrational hurtful racist and untrue theological worldview we were brought up in But what if Fundamentalism is really a kind of Progressive Christianity And both of these twin children of modernity are inherently racist anti Jewish and colonial and therefore antithetical to the brown Jewish Incarnation of the God of Israel What if instead of leaving Fundamentalism we ve really just changed the garbs of the Northern European Enlightenment rather than truly reorientating our whole lives towards the True Good and Beautiful In this book we will examine a need for former Fundamentalists to be reintroduced to the Christian faith One that looks backwards towards Christianity as it existed before the Enlightenment and even the Reformation One that de centers Christian traditions which originated out of Northern

Europe by centering Christian traditions rooted in such places as Southwest Asia and North and East Africa By criticizing modernist white Christianity the reader is guided into a Christianity that isn't merely the other side of the same coin but looks radically different
