Serials and Series Buck Rainey,2015-06-08 While many fans remember The Lone Ranger Ace Drummond and others fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials though few made it to the United States The 471 serials and 100 series continuing productions without the cliffhanger endings from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work Each entry includes title country of origin year studio number of episodes running time or number of reels episode titles cast production credits and a plot synopsis

Postmodernism in the Cinema Cristina Degli-Esposti,1998-07-01 Although Postmodernism has been a widely used catch word and its concept extensively discussed in philosophy political thought and the arts many scholars still feel uneasy about it Despite the fact that the concept can be traced back to Arnold Toynbee s 1939 edition of A Study of History or even back into the nineteenth century its amorphous nature continues to confound many scholars not least because there are not one but several kinds of

postmodernism each one pointing to different states of questioning and to diverse ways of remembering interpreting and representing This anthology makes a significant contribution to the current debate in that it offers sophisticated and multifaceted discussions of a number of key issues in relation to cinema such as auteurism national cinemas metacinema the parodic history and colonization

Music as Image Benjamin Nagari, 2015-06-26 Through a theoretical and practical exploration of Jungian and post Jungian concepts surrounding image this book moves beyond the visual scope of imagery to consider the presence and expression of music and sound as well as how the psyche encounters expanded images archetypal personal or cultural on both conscious and unconscious levels By closely examining music in film Nagari considers music's complementary enhancing meaningful and sometimes disruptive contribution to expressive images Chapters present a Jungian approach to music in film highlighting how music image functions both independently and in conjunction with the visual image and suggesting further directions in areas of research including music therapy and autism Divided into three cumulative parts Part I explores the Jungian psychological account of the music image Part II combines theory with practice in analysing how the auditory image works with the visual to create the film as a whole experience and Part III implements a specific understanding of three individual film cases of different genres eras and styles as psychologically scrutinised case histories Music as Image will be of interest to academics and students in the fields of applied psychoanalysis and Jungian psychology music film and cultural studies With implications for music therapy and other art based therapies it will also be relevant for practising psychotherapists
