The Trouble with Islam Today Irshad Manji, 2005-03-16 A Muslim woman takes issue with the contradictions of mainstream Islam and with such issues as anti-Semitism, Islamic imperialism and the attitude toward women and looks at the essential reforms that Islam must undertake

A Woman's Guide To Working For Herself Sandra Hewett, 2011-06-01 The rise of the female entrepreneur over the past 30 years is a cause for celebration in the UK. Whether driven by unfair treatment at work, conflict between office and family life or the inspiration of a great business idea, hundreds of thousands of women are motivated to work for themselves. There are many benefits to being self-employed but many too are the challenges. Women need confidence, support and often some start-up finance to make a go of it. This book will provide inspiration, information and loads of advice from a range of women who run their own business. It starts by recognising that women start all kinds of ventures in many different circumstances: Developing an idea from home; Freelancing; Joining the mumpreneurs; Launching a business with capital investment; Buying a franchise or creating a franchise; Becoming a direct selling agent; Creating a social enterprise; Starting up after redundancy or unemployment; Breaking new ground; young, retired, disabled, disadvantaged.

The Trouble with Islam Irshad Manji, 2007-04-01 I have to be honest with you: Islam is on very thin ice with me. Through our screaming self-pity and our conspicuous silences, we Muslims are conspiring against ourselves. We're in crisis and we're dragging the rest of the world with us. If ever there was a moment for an Islamic reformation, it's now. For the love of God, what are we doing about it? In blunt, provocative and deeply personal terms, Irshad Manji unearths the troubling cornerstones of mainstream Islam today: tribal insularity, deep-seated anti-Semitism and an uncritical acceptance of the Koran as the final and therefore superior manifesto of God. In this open letter to Muslims and non-Muslims alike, Manji asks arresting questions: Who is the real colonizer of Muslims, America or Arabia? Why are we all being held hostage by what's happening between the Palestinians and the Israelis? Why are we squandering the talents of women, fully half of God's creation? What's our excuse for reading the Koran literally when it's so contradictory and ambiguous? Is that a heart attack you're having? Make it fast. Because if more of us don't speak out against the imperialists within Islam, these guys will walk away with the show. Manji offers a practical vision of how the United States and its allies can help Muslims undertake a reformation that empowers women, promotes respect for religious minorities and fosters a competition of ideas. Her vision revives Islam's lost tradition of independent thinking. This book will inspire struggling Muslims worldwide to revisit the foundations of their faith. It will also compel non-Muslims to start posing the important questions without fear of being deemed racists. In more ways than one, *The Trouble with Islam* is a clarion call for a fatwa-free future.
