By: H. G. Wells** H. G. Wells, 2018-04-25 The Wonderful Visit is an 1895 novel by H G Wells With an angel a creature of fantasy unlike a religious angel as protagonist and taking place in contemporary England the book could be classified as contemporary fantasy although the genre was not recognised in Wells s time The Wonderful Visit also has strong satirical themes gently mocking customs and institutions of Victorian England as well as idealistic rebellion itself Plot summary The Wonderful Visit tells how an angel spends a little more than a week in southern England He is at first mistaken for a bird because of his dazzling polychromatic plumage for he is neither the Angel of religious feeling nor the Angel of popular belief but rather the Angel of Italian art As a result he is hunted and shot in the wing by an amateur ornithologist the Rev K Hilyer the vicar of Siddermoton and then taken in and cared for at the vicarage The creature comes from the Land of Dreams also the angel s term for our world and while charmingly affable is quite ignorant of the most elementary facts of civilisation During his brief visit he grows increasingly dismayed by what he learns about the world in general and about life in Victorian England in particular As he grows increasingly critical of local mores he is eventually denounced as a Socialist The vicar his host meanwhile comes under attack by fellow clerics neighbours and even servants for harbouring a disreputable character no one but the vicar believes he comes from another world and people take to calling him Mr Angel The angel s one talent is his divine violin playing but he is discredited at a reception that Lady Hammergallow agrees to host when it is discovered that he cannot read music and confides to a sympathetic listener that he has taken an interest in the vicar s serving girl Delia Instead of healing his wings begin to atrophy The local physician Dr Crump threatens to have him put in a prison or a madhouse After the angel destroys some barbed wire on a local baronet s property Sir John Gotch gives the vicar one week to send him away before he begins proceedings against him The Rev Mr Hilyer is regretfully planning how he will take the angel to London and try to establish him there when two catastrophes abort the plan First the angel who had been breathing the poisonous air of

this Struggle for Existence of ours for more than a week beats Sir John Gotch with Gotch's own whip in a fury after the local landowner insolently orders him off his land. Distraught to think mistakenly that he has killed a man, he returns to the village to find the vicar's house in flames. Delia, the serving girl, has entered the burning building in an attempt to rescue the angel's violin. This extraordinary act comes as a revelation to the angel. Then in a flash he saw it all: saw this grim little world of battle and cruelty transfigured in a splendour that outshone the Angelic Land, suffused suddenly and insupportably glorious with the wonderful light of Love and Self-Sacrifice. The angel attempts to rescue Delia; someone seems to see two figures with wings flash up and vanish among the flames, and a strange music that began and ended like the opening and shutting of a door suggests that the angel has gone back to where he came from, accompanied by Delia. An epilogue reveals that there is nothing beneath the two white crosses in Siddermorton cemetery that bear the names of Thomas Angel and Delia Hardy, and that the vicar who never recovered his aplomb after the angel's departure died within a year of the fire. Herbert George Wells, 21 September 1866–13 August 1946, usually referred to as H. G. Wells, was an English writer. He was prolific in many genres, writing dozens of novels, short stories, and works of social commentary, satire, biography, and autobiography, including even two books on war games.

The Wonderful Visit also has strong satirical themes, gently mocking customs and institutions of Victorian England, as well as idealistic rebellion itself. The Wonderful Visit tells how an angel spends a little more than a week in southern England. He is at first mistaken for a bird because of his dazzling polychromatic plumage, for he is neither the Angel of religious feeling nor the Angel of popular belief, but rather the Angel of Italian art. As a result, he is hunted and shot in the wing by an amateur ornithologist, the Rev. K. Hilyer, the vicar of

G. Wells, 2001-10-01 Most of the inhabitants of Sidderton were asleep that night so they never knew what had happened Some might have guessed from the howling wind of the previous day one or two heard its noise but no one actually saw it If they had they might have been more prepared for what was to follow At first they thought those who reported sightings of the Strange Bird the next morning had gone mad or were drunk But they soon got used to the idea for since that night Sidderton would never be the same again
