Grondlijnen van internationaal recht Marc J. Bossuyt, Jan Wouters, 2005 **Constructional and Cognitive Explorations of Contrastive Linguistics** Annalisa Baicchi, Cristiano Broccias, 2024-02-22 This book approaches the field of contrastive linguistics from a comparative and robust perspective that combines the tenets of construction grammar and cognitive linguistics In doing so it shows how their integration can help to successfully enhance research on contrastivity by means of updated theoretical frameworks and applied methodologies that combine language and thought It compares ten different languages and offers analyses of constructions at all levels of the linguistic organization identifying the cognitive motivations that instantiate the linguistic data retrieved from corpora Relevant to both cognitive and non cognitive linguists interested in variation and contrastive approaches as well as graduate students in these areas this book makes a significant

contribution to existing work on the various types of constructional and discourse based phenomena in modern languages
