On Theology and Psychology C. G. Jung, Adolf Keller, 2022-11-29 Jung's correspondence with one of the twentieth century's leading theologians and ecumenicists *On Theology and Psychology* brings together C G Jung's correspondence with Adolf Keller a celebrated Protestant theologian who was one of the pioneers of the modern ecumenical movement and one of the first religious leaders to become interested in analytical psychology Their relationship spanned half a century and for many years Keller was the only major religious leader to align himself with Jung and his ideas Both men shared a lifelong engagement with questions of faith and each grappled with God in his own distinctive way Presented here in English for the first time are letters that provide a rare look at Jung in dialogue with a theologian Spanning some fifty years these letters reveal an extended intellectual and spiritual discourse between two very different men as they exchange views on the nature of the divine the compatibility of Jungian psychology and Christianity the interpretation of the Bible and figures such as Jesus and Job and the phenomenon of National Socialism Although Keller was powerfully attracted to Jung's ideas his correspondence with the famed psychiatrist demonstrates that he avoided discipleship Both men struggled with essential questions about human existence spirituality and well being and both sought common ground where the concerns of psychologists and theologians converge Featuring an illuminating introduction by Marianne Jehle Wildberger *On Theology and Psychology* offers incomparable insights into the development of Jung's views on theology and religion and a unique window into a spiritual and intellectual friendship unlike any other

Bearor, 2011-07-06 Artist Irene Rice Pereira was a significant figure in the New York art world of the 1930s and 1940s who shared an interest in Jungianism with the better known Abstract Expressionists and with various women artists and writers seeking archetypal imagery Yet her artistic philosophy and innovative imagery elude easy classification with her artistic contemporaries In consequence her work is rarely included in studies of the period and is almost unknown to the general public This first intellectual history of the artist and her work seeks to change that Karen A Bearor thoroughly re creates the artistic and philosophical milieu that nourished Pereira's work She examines the options available to Pereira as a woman artist in the first half of the twentieth century and explores how she used those options to contribute to the development of modernism in the United States Bearor traces Pereira's interest in the ideas of major thinkers of the period among them Spengler Jung Einstein Cassirer and Dewey and shows how Pereira incorporated their ideas into her art And she demonstrates how Pereira's quest to understand something of the nature of ultimate reality led her from an early utopianism to a later interest in spiritualism and the occult This lively intellectual history amplifies our knowledge of a time of creative ferment in American art and society It will appeal to a wide range of readers interested in the modernist period

The De-Judaization of the Image of Jesus of Nazareth

(The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum Thomas Alexander Blüger, 2021-03-09 Thomas has been researching his family's Jewish background for the last thirty years Herein he investigates how his Jewish grandparents and aunt defined as a nonprivileged Mischling survived the war while living in the heart of Nazi Germany This led Thomas to research Hitler's fear of having partial Jewish ancestry and expanded into a full blown study of following Christianity's understanding of the Jewish identity of Jesus of Nazareth throughout history Not leaving matters here Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church's long journey in defining the time of ensoulment as articulated in the papal document Ineffabilis Deus promulgated

by Pius in 1854 This happened twenty seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer Years later with the emergence of Nazi racial ideology many anti Christian Christians attempted to invert Christianity s core message of salvation through faith toward biological ends This would not do Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology According to that same end the ideal of ensoulment since the time of the Church s renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization This is the first book the author knows of that follows Augustine s concept of ensoulment as well as Aquinas s thinking on the matter while linking these to Karl Ernst von Baer s discovery of the human ovum in 1827 up until the events of Shoah and beyond This study is phenomenological in nature in that it does not follow Jesus of Nazareth the Virgin Mary throughout history but rather follows the image of Jesus of Nazareth the Virgin Mary a monumental difference This study supports the Second Vatican Council the Church s latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary John Paul II s call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations This study builds upon the author s past article Following the Virgin Mary through Auschwitz Marian Dogmatic Theology at the Time of the Shoah published in Holocaust Studies A Journal of Culture and History Vol 14 winter 2008 No 3 pp 1 24
