Flynn, 2005 A key question confronting marketers is What is the true value of my brand and how can I manage my brand in order to get the greatest return on that value to benefit my company and my stakeholders The fact is that in today's business

environment where confusion chaos and information overload reign and where complexity is the norm your brand value may be your only lifeline to compete successfully Now you can learn how to effectively manage your brand for long term growth

Preventing Strategic Gridlock Pamela S. Harper,2003 Find out why strategies and initiatives that looked good during planning end up mysteriously snarled in a tangled web of persistent organizational problems strategic gridlock during execution

Sick Building Syndrome Sabah A. Abdul-Wahab,2011-05-03 This volume throws light on the Sick Building Syndrome in Libraries and other public buildings and the extent to which it is influenced by the internal environment of libraries One of the signs of this disease is that the person suffers from a set of symptoms closely related to his her presence in the building without the identification of any clear causes and his her relief of these symptoms when he she are out of the building Hence the book sheds on the extent to which the interior environment impacts upon the health of the people and the extent to which this is reflected in their performance The book can be used for teaching research and professional reference It concludes with the recommendation that is essential to observe environmental dimensions when designing library and public buildings taking into consideration the expected impact of SBS in library and public buildings on people The significance of the book derives from the fact that it is the first of its kind to examine the issue of the interior environment and SBS of library and public building worldwide
