groups **The Empowerment Approach to Social Work Practice** Judith A. B. Lee, 2001-03-07 First published in 1994 this book was hailed as a cutting edge theory driven report from the front line trenches in the battle for social justice Both clinical and community oriented and written from a global perspective it presents clients speaking for themselves alongside reports of prominent social work educators This new edition puts greater emphasis on how to skills in working with people toward their own empowerment and stresses multiculturalism A new chapter identifies worldwide issues of oppression such as abuse of women and children and neglect of the mentally ill Social Work Practice John Poulin, Selina Matis, 2019-11-15 This primary social work practice text built around the nine core 2015 CSWE competencies is the only book available that provides students with the benefits of a fully integrated competency based approach Social Work Practice A Competency Based Approach immediately immerses students in the competencies required for social work practice at the micro mezzo and macro levels Designed for use in both upper level BSW and foundation level MSW social work practice courses the book is uniquely structured to deliver the knowledge and skills students need to develop mastery of the professional social work competencies Chapters provide a comprehensive overview of the theories concepts and practice components related to each competency Engaging vignettes chapter objectives that outline key concepts abundant case examples critical thinking questions and a detailed case summary with discussion questions in each chapter help students deepen their understanding of practical applications of the nine core competencies Each chapter uses the same case to perfectly illustrate the complexity of social work practice and the interconnections among the professional competencies A robust supplementary instructor package includes PowerPoints competency based class assignments with grading rubrics and sample syllabi Print version of book includes free searchable digital access to entire contents Key Features Uniquely organized with a fully integrated competency based approach Devotes one or more chapters to each of the nine CSWE professional competencies Delivers abundant case studies that facilitate in depth understanding and integration of competencies Provides case vignettes critical thinking and discussion questions and chapter summaries Includes supplementary instructor resources such as PowerPoints group discussion questions and competency based written assignments with grading rubrics Offers sample syllabi for two separate one semester courses and a seven week online course Includes Student Resources featuring online forms templates exercises plans and more to provide students with ample practice opportunities **Social Work with the Aged and Their Families** Roberta R. Greene, 2011-12-31 In recent years theoreticians researchers and practitioners have become increasingly interested in older adults and the aging process This volume draws on related disciplines to better understand the biological psychological and social aspects of aging Social Work with the Aged and Their Families covers areas of central interest to those coping with the needs of an aging population Among the topics addressed are assessment of the aging taking into account biological age psychological age and socio cultural and spiritual age Greene also considers the importance of the family system family roles and development functional age individual and family intervention and group

and community interventions The scientific and systematic study of aging is known as gerontology Geriatric social workers are those who have applied established social work theories in an attempt to find suitable techniques for working with their elderly clients The need for specialized services has given birth to various services and programs For example meals on wheels and home health care services have been designed to meet specific physical needs of older adults However mental health services have lagged far behind as practitioners struggled to adapt such specialties as family therapy to families of later years A major contribution of this book now in its third edition is the functional age model of intergenerational treatment FAM which is an outgrowth of that demand The functional age model of intergenerational treatment is an integrative theoretical framework for social workers interested in clinical social work practice with older adults and their families Since its initial construction in 1986 the model has been augmented by more recent concepts related to successful aging spirituality and resiliency These additions together with the original assessment and intervention strategies present the major converging conceptual trends that constitute a model for twenty first century social work practice in the field of aging
