Documentation from Truth and Reconciliation Commissions Proscovia Svärd,Bonny Ibhawoh,2024-08-12 Documentation from Truth and Reconciliation Commissions highlights the need for post conflict societies to have access to and to use Truth Reconciliation Commissions TRCs documentation to achieve reconciliation and to work towards a democratic society Including international contributions from a range of disciplines the volume discusses the challenges that surround TRCs documentation Considering the impact of the politicization of documentation chapters also highlight the lack of political will to democratize information the lack of dissemination and the preservation infrastructures that hinder access and its effective use and re use Arguing that TRCs documentation should be used to inform policy improve governance and to promote justice healing and reconciliation the volume considers the ethical challenges involved in disseminating such information Contributing authors argue that information professionals should play a major role in the planning for the TRCs information management infrastructures if they are to facilitate access effectively manage the generated documentation deal with preservation of the compound records and promote the dissemination of the TRC findings Documentation from Truth and Reconciliation Commissions demonstrates that TRCs documentation provides validation of human rights violations and that it helps to promote an understanding of the causes of conflict As such it will be essential reading for academics and students working in Archival Studies Information Science History Transitional Justice and Peace and Conflict Studies

Transitional Justice for Israel/Palestine Jeremie Bracka,2022-01-01 This book applies the dynamic field of transitional

justice to conflict resolution in Israel Palestine Around the globe diverse societies have pursued truth telling restorative justice and reconciliation to end conflict yet the language of transitional justice has been all but absent in Israel Palestine This volume squarely addresses how transitional justice could contribute to conflict transformation and accountability incorporating the questions of collective justice memory and human rights It covers the most important historical and legal issues facing Israel Palestine with a focus on civil societies in South Africa Northern Ireland and Latin America Ultimately the book proposes an unofficial Israeli Palestinian Truth and Empathy Commission IPTEC to address gross human rights abuses committed by both nations Transitional Justice for Israel Palestine will be of interest to researchers NGOs and policy makers working in transitional justice and societies with ongoing conflict

Sexual Violence and Effective Redress for Victims in Post-Conflict Situations: Emerging Research and Opportunities Sikulibo, Jean de Dieu, 2019-01-25 All too often in situations of armed conflicts rape and other acts of sexual violence are used as military tactics The use of sexual violence as a strategy of war is distinctively destructive and not only leaves victims with significant psychological scars but also tears apart the fabric of families and affected communities Sexual Violence and Effective Redress for Victims in Post Conflict Situations Emerging Research and Opportunities is a collection of innovative research that analyzes these crimes and their implications for the needs of victims in post conflict justice processes and how these needs can be effectively addressed in order to support the affected community To conduct this analysis it explores the distinct aspects of these crimes to understand the nature and extent of the social challenges and damage facing the victim and examines the challenges and limitations of international criminal justice in dealing with a wide range of victim needs While highlighting topics including judicial accountability victims rights and criminal justice this book is ideally designed for psychologists therapists government officials academicians policymakers and researchers

Searching for Truth in the Transitional Justice Movement Jamie Rowen, 2017-08-11 Searching for Truth in the Transitional Justice Movement examines calls for a truth commission to redress the brutal war during the breakup of the former Yugoslavia the decades long armed conflict in Colombia and US detention policies in the War on Terror In so doing it argues that transitional justice is an idea around which a loosely structured movement emerged and professionalized making truth commissions a standard response to mass violence By exploring how this movement developed as well as efforts to make truth commissions in the Balkans Colombia and the US this book explains different processes through which political actors translate new legal ideas such as transitional justice into political action Further it reveals how the malleability of transitional justice and truth commissions is both an asset and a liability for those hoping to ensure accountability improve survivor well being and prevent future violence

After Dictatorship Peter Hoeres, Hubertus Knabe, 2023-02-20 Numerous studies concerning transitional justice exist However comparatively speaking the effects actually achieved by measures for coming to terms with dictatorships have seldom been investigated There is an even greater lack of transnational analyses This volume contributes to closing this gap in research To this end it analyses

processes of coming to terms with the past in seven countries with different experiences of violence and dictatorship Experts have drawn up detailed studies on transitional justice in Albania Argentina Ethiopia Chile Rwanda South Africa and Uruguay Their analyses constitute the empirical material for a comparative study of the impact of measures introduced within the context of transitional justice It becomes clear that there is no sure formula for dealing with dictatorships Successes and deficits alike can be observed in relation to the individual instruments of transitional justice from criminal prosecution to victim compensation Nevertheless the South American states perform much better than those on the African continent This depends less on the instruments used than on political and social factors Consequently strategies of transitional justice should focus more closely on these contextual factors **Reconciliation by Stealth** Denisa Kostovicova, 2023-05-15

Reconciliation by Stealth advances a novel approach to evaluating the effects of transitional justice in postconflict societies Through her examination of the Balkan conflicts Denisa Kostovicova asks what happens when former adversaries discuss legacies of violence and atrocity and whether it is possible to do so without further deepening animosities Reconciliation by Stealth shifts our attention from what people say about war crimes to how they deliberate past wrongs Bringing together theories of democratic deliberation and peacebuilding Kostovicova demonstrates how people from opposing ethnic groups reconcile through reasoned respectful and empathetic deliberation about a difficult legacy She finds that expression of ethnic difference plays a role in good quality deliberation across ethnic lines while revealed intraethnic divisions help deliberators expand moral horizons previously narrowed by conflict In the process people forge bonds of solidarity and offset divisive identity politics that bears upon their deliberations Reconciliation by Stealth shows us the importance of theoretical and methodological innovation in capturing how transitional justice can promote reconciliation and points to the untapped potential of deliberative problem solving to repair relationships fractured by conflict Thanks to generous funding from the London School of Economic and Political Science the ebook editions of this book are available as Open Access volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other repositories
