**Christian Apologetics** Melissa Cain Travis, Sean McDowell, James N. Anderson, D. A. Horton, 2025-08-01 Examine the roots and practicality of biblical and modern apologetics with the guidance of five experts and learn to apply their best practices to your own journey God has called Christians to be prepared to defend their hope in Christ but what is the best method for making this defense In this book five expert apologists set out together to determine which approach to apologetics is the most faithful to Scripture and the most useful in a secular age In this fast paced and thorough exploration enjoy learning Solid scriptural defenses for the use of apologetics Five different approaches to apologetics and how to employ them And much more Understanding Apologetics presents in counterpoint form five popular approaches to the defense of the Christian faith that have developed throughout history from the early days of Christianity through to our practices today Apologetics philosophies explored here include Cultural Apologetics Presuppositional Apologetics Evidential Apologetics Classical Apologetics Ecclesial Apologetics About the Contributors These defenses are much more than academic Each contributor is a scholar who also practices apologetics daily The result is a thorough yet fast paced and practical guide to defending your faith Melissa Cain Travis PhD Faulkner University argues that classical apologetics is still vital and relevant today Sean McDowell PhD The Southern Baptist Theological Seminary contends that evidential apologetics is better suited than other methods when it comes to answering people's doubts about the Christian faith James N Anderson PhD University of Edinburgh focuses on epistemology and makes the case for presuppositional apologetics D A Horton PhD Southeastern Baptist Theological Seminary suggests the other perspectives are incomplete until they include cultural apologetics Timothy Paul Jones PhD The Southern Baptist Theological Seminary retrieves the apologetics methods of the early church and recontextualizes these ancient arguments to meet the challenges of a secular age     *The Good, the True, the Beautiful* Mark J. Boone, Rose M. Cothren, Kevin C. Neece, Jaclyn S. Parrish, 2021-02-19 Dr David K Naugle is widely regarded as a leading thinker in the area of Christian worldview formation As Distinguished University Professor Emeritus at Dallas Baptist University he has drawn accolades and admiration This collection in his honor demonstrates that intellectual pursuits are inherently spiritual that no area of life is separate from the lordship of Christ and that true Christian faith is in fact the deep fulfillment of the human experience On topics ranging from linguistics to gardening and everything in between these essays represent the depth and breadth of the idea that all goodness is God's goodness all truth is God's truth and all beauty is God's beauty     **Mere Apologetics** Alister E. McGrath, 2012-01-01 Throughout history there have been great and articulate defenders of the faith from Augustine and Aquinas to Jonathan Edwards G K Chesterton Francis Schaeffer and C S Lewis But with new challenges comes the need for a fresh apologetic that specifically addresses the arguments levied against faith in our time of scientific atheism and skepticism In the spirit of C S Lewis's Mere Christianity Alister McGrath's Mere

Apologetics seeks to equip readers to engage gracefully and intelligently with the challenges facing the faith today while drawing appropriately on the wisdom of the past Rather than supplying the fine detail of every apologetic issue in order to win arguments Mere Apologetics teaches a method that appeals not only to the mind but also to the heart and the imagination This highly accessible easy to read book is perfect for pastors teachers students and lay people who want to speak clearly and lovingly to the issues that confront people of faith today      **Reclaiming Love** Ajith Fernando,2013-04-02

In 1 Corinthians 13 Paul places love at the very center of what it means to embrace life in Christ All other spiritual gifts are worth nothing in comparison But the love explained in those verses is nothing short of radical Fernando s pastoral work in the midst of the cultural and ethnic tensions of Sri Lanka often brought up a very real and honest question Can the biblical teaching about love actually be practiced The answer he discovered is a resounding yes The radical love of God is not only real but it is the key to experiencing joy in the pain and suffering of this world Believers must look to the Scriptures for God s teaching on the true nature of love its divine origins and its power for those who trust in Christ This book offers reflections on the Bible s consistent teaching on love and shares real life experiences of learning to love in difficult situations

**Theology and Practice of Mission** Bruce Riley Ashford,2011-09-01 Theology disconnected from mission is not Christian theology at all The pastors professors and missionaries writing Theology and Practice of Mission provide a clear biblical theological framework for understanding the church s mission to the nations Toward that goal the book holds three major sections God s mission the church s mission and the church s mission to the nations Part one explores the canon of Christian Scripture from narrative and systematic angles explaining how the mission of God to redeem a people who will be a kingdom of priests to the praise of his glory bear witness to his gospel advance his church and dwell with him forever on a new heaven and earth is communicated in the Bible s four movements Creation Fall Redemption and Restoration Part two sees the mission of God s people in the light of God s mission emphasizing not only preaching and church planting but also gospel witness in every dimension of human culture glorifying God in family church work community through the arts sciences education business and the public square The writers encourage us to live missionally leaving all of our resources at God s disposal for the sake of his kingdom Finally part three contends that the North American church must come to terms with its missional calling just as international missionaries do and gives a starting point and parameters for conceiving the church s mission to all people groups and cultural contexts Chapters here include ones on unreached people groups Muslims Hindus Buddhists and Postmoderns      **Love, the Ultimate Apologetic** Art Lindsley,2009-09-20 Defending the Christian

faith is a multidimensional task But central to that task must be the presentation and example of the uniqueness of Christian love Author and apologist Art Lindsley explores the persuasive and illuminating power of Christ like love expressed in commitment conscience community and courage Such love Lindsley shows us does indeed bear ultimate witness to the living truth of Jesus Christ
