10 Open Adoption Essentials (series book 1) Russell Elkins, 2019-12-05 Each installment of this four part series is designed to be easily ingested usually readable in about half an hour 10 Open Adoption Essentials What Children Need Their Adoptive Parents Birthparents to Know About Open Adoption Relationships After an infant is adopted why is it so common for relationships to fall apart between adoptive parents and birthparents One reason is because that relationship is so unique from any other relationship in this world that it is difficult for those involved to foresee what that could go wrong It does not have to be this way You owe it to yourself and others in your adoption triad child adoptive parents birthparents to learn as much as you can in order to sidestep some of the bumps you may experience along your journey There are many factors that go into a healthy adoption triad but it is always good to start out understanding the ten most essential ones How to Create the Ideal Adoption Profile How to Get Noticed by Potential Birthparents Writing the Perfect Dear Birthmother Letter Choosing the Right Profile Pictures and More Why is it that some couples are forced to wait many years before they are chosen to adopt while others are chosen quickly One reason is that everyone needs to have a good profile listing with the adoption agency or any potential birthparent will browse right past them to the next couple hoping to adopt Creating the ideal adoption profile can be hard but it doesn't need to be Using the knowledge gained from his degree in Sociology as well as interviewing countless birthparents about why they chose whom they did to adopt their child this little book will walk you through the process of choosing the right photographs writing your profile introductory letter and doing what it takes to make sure you get noticed How Open Should My Adoption Be Understanding Open vs Closed Adoption Preparing for Possible Difficulties Pros Cons of Sharing Pictures Updates Visiting Birthparents Social Media Appropriate Gifts More When planning to adopt an infant how could you possibly know how open your adoption should be No two adoptions are alike so there cannot be a universal correct answer Even when the same couple is involved in more than one adoption each situation will require a different answer to that question And to make a complicated question even more difficult there are many layers to open adoption that will each require an answer in order to have a healthy adoption triad How often should you share pictures and updates What are the pros and cons of connecting with birthparents over social media What risks are being taken by

involving extended family members in your adoption relationships What about visiting face to face This book may not be able to answer the question for you about how open your adoption should be but it will give you tools to help you answer it for yourself 99 DOs and DON Ts with Open Adoption What Hopeful Adoptive Parents Need to Know Before Adopting a Baby After adopting an infant what is the best way to navigate complicated open adoption relationships You owe it to yourself and the others in your adoption triad to learn as much as you can in order to sidestep some of the bumps you may experience along your journey This book might not go quite as deeply in depth as the others in this series regarding certain topics but these are 99 essential things every adoptive couple needs to know regarding open adoption Each bit of advice will get the wheels turning inside your mind regarding the intricate complexities of open adoption relationships and get you thinking more deeply about all aspects of your adoption triad before during and after the adoption takes place If you read only one book from this series make sure it is this one *Open Adoption, Open Heart* Russell Elkins, 2012-05-15 Adoption has changed dramatically over the past twenty years biological parents no longer have to say goodbye to their child forever Now nearly all adoption agencies promote open adoptions Open adoption creates the opportunity for a special relationship between the biological parents the adoptive parents and the child Emotionally this is still largely uncharted territory Open adoption requires a new approach by all involved but it also generates invaluable rewards The supporting relationships of open adoption provide for the better development of the child s psychological and spiritual well being Russell Elkins gives valuable insight for making successful open adoption *Open Adoption Open Heart* is the inspiring true story of Russell and Jammie Elkins heartwarming journey In this book Russell offers stories encouragement and practical advice about the tensions and triumphs in open adoption Their experiences take readers deep into the feelings and emotions of adoptive parents sharing the joys difficulties and amazing victories that face adoptive couples Both adoptive and biological parents need the valuable lessons that *Open Adoption Open Heart* will provide **Connections: Year B, Volume 1** Joel B. Green, Thomas G. Long, Luke A. Powery, Cynthia L. Rigby, Carolyn J. Sharp, 2020-10-06 Designed to empower preachers as they lead their congregations to connect their lives to Scripture *Connections* features a broad set of interpretive tools that provide commentary and worship aids on the Revised Common Lectionary This nine volume series offers creative commentary on each reading through the lens of its connections to the rest of Scripture and then seeing the reading through the lenses of culture film fiction ethics and other aspects of contemporary life Commentaries on the Psalms make connections to other readings and to the congregation s experience of worship *Connections* is published in partnership with Austin Presbyterian Theological Seminary *Zero to Three*, 1989 **Open Adoption, Open Heart, Arms and Mind (Complete Series)** Kim Foster, Martin Casey, Jenna Lovell, 2019-06-17 The *Glass Half Full Adoption Memoirs* series has won multiple awards including North American Book Awards and Idaho Author Awards three consecutive years Everybody knows what adoption is but adoption has changed dramatically over recent decades Open adoptions used to be unheard of but have

quickly become the norm over recent years Open adoptions create an opportunity for biological parents to remain connected with the child even after the adoption takes place Emotionally this is still largely uncharted territory for everybody involved and relationships can be difficult to navigate Although these connections can be stressful and challenging they are also beautiful and inspiring Whether you are simply someone interested in an amazing and touching story or whether you are hoping to be educated on what it might be like to walk a mile in the shoes of an adoptive parent Russell Elkins holds nothing back as he takes you along for the ride Told from the point of view of an adoptive father the journey Russell and his wife took is such a roller coaster ride you would think this true story was fiction Book 1 Open Adoption Open Heart Russell and Jammie have struggled with infertility issues for years before deciding that adoption is right way to build their family They quickly find out that adoption is not as simple as filling out some paperwork and waiting for the right child to join them at home Sometimes adoptions fall through People change their mind Hearts are often broken during the process The actual adoption does not take place at the end of the book because it is by no means the end of the story it s the midpoint of the journey as adoption relationships have only just begun Book 2 Open Adoption Open Arms Russell and Jammie thought their second adoption would be a bit easier since they had already gone through the process once before and knew better what to expect They were wrong A new situation and new relationships came with unique trials This new situation stirred up emotions from Russell s past from before he even met his wife Jammie making it possible for him to relate to the biological parents on a level he had never experienced before Book 3 Open Adoption Open Mind Russell and Jammie s journey did not end with the details of the last page of book two Not by a long shot Some relationships blossom while others find hard times Russell and Jammie even begin to develop a relationship with a birthfather who previously wanted nothing to do with them a relationship that proves to be unpredictable and difficult Most importantly the journey takes new twists and turns as the children become old enough to think for themselves and they do not process their story the same way as each other *The Bookfinder*
