Truth To Tell The Gospel As Public Truth Osterhaven Lecture:

Truth to Tell Lesslie Newbigin, 1991 **The Congregation as Hermeneutic of the Gospel** Shawn P.

Behan, 2024-10-31 Lesslie Newbigin's concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology. This book provides the contextual background to the congregation as hermeneutic of the gospel, then discusses the important components of this concept and how they connect with Newbigin's lifetime of writings on the nature and identity of the church. Within this discussion, there are three key elements to Newbigin's ecclesiology as it pertains to the congregation as hermeneutic of the gospel: the relationship between the Holy Spirit and the local congregation, the kingdom of God and the local congregation, and the local congregation within itself. These three components can be found throughout Newbigin's discussions about the nature of the church, ranging from the 1940s until the 1990s. Pulling all these components together and showing how they shed light on Newbigin's intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today. *The Gospel and Pluralism Today*

Scott W. Sunquist, Amos Yong, 2015-10-06 This collection of essays explores the legacy of Lesslie Newbigin's classic work *The Gospel in a Pluralist Society*, critically analyzing the nature of Western pluralism and discussing the influence of Newbigin's work on the field of missiology. By looking backward, this volume advances a vision for Christian witness in the pluralistic world of the twenty-first century. **Theology and Ethics for the Public Church** Samuel Yonas Deressa, Mary Sue

Dreier, 2023-11-24 How might the Christian church effectively engage today's politically charged, profit-motivated world while remaining faithful to its biblical and theological roots? The contributors in this book argue that public theology provides a promising pathway forward. The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M. Simpson, Lutheran pastor and systematic theologian. His approach to public theology is intersectional and global; he artfully weaves together Lutheran theology and the civil society arena of Critical Social Theory. These essays provide three angles of vision on faith active in twenty-first-century public contexts: contextual, ethical, and theological. While not mutually exclusive, these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty-first-century social world. Some reflect on God's activity within particular global contexts; others offer new perspectives on Lutheran confessional traditions; still others step boldly into innovative theological assertions. As the Christian church is ever forming and reforming, this book urges it to grapple with the publicness of its timely and timeless mission. **Revelation and Reconciliation** Stephen

Williams, 2021-01-01 This substantially revised second edition of *Revelation and Reconciliation*, first published by Cambridge University Press in 1995, gives a fresh account of the intellectual breakdown of Christianity in the West. In contrast to the familiar focus on epistemological questions and the collision between reason and revelation, Stephen Williams argues that

underlying this collision is a deeper conflict between belief in human moral self sufficiency and Christian belief in reconciliation in history Taking issue with thinkers including the philosopher of science Michael Polanyi and the theologian Colin Gunton the argument proceeds by examining the contributions of Descartes Locke Barth and Nietzsche before coming to conclusions on the theological reading of intellectual history and the prospects of revitalising a contemporary Christian belief in reconciliation in history Students of both theology and the history of modern thought will find in Williams analysis an alternative interpretation of the balance of forces in post Reformation Western thought with implications for how they should be addressed

Eschatological Discipleship Trevin Wax, 2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature Often eschatology is thought to refer only to last things doctrines However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one s evangelism and ecclesiology Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview imbalanced discipleship and eventually a tragic inability to model the Christian way of life By answering questions like What time is it and Where is history going Trevin Wax helps Christians view the past present and future biblically and shapes their understanding of following Jesus
