Treekeepers Lauren E. Oakes, 2024-11-12 How the path from climate change to a habitable future winds through the world's forests In recent years planting a tree has become a catchall to represent doing something good for the planet Many companies commit to planting a tree with every purchase But who plants those trees and where Will they flourish and offer the benefits that people expect Can all the individual efforts around the world help remedy the ever looming climate crisis In *Treekeepers* Lauren E Oakes takes us on a poetic and practical journey from the Scottish Highlands to the Panamanian jungle to meet the scientists innovators and local citizens who each offer part of the answer Their work isn't just about planting lots of trees but also about understanding what it takes to grow or regrow a forest and to protect what remains Throughout Oakes shows the complex roles of forests in the fight against climate change and of the people who are giving trees a chance with hope for our mutual survival Timely meticulously reported and ultimately optimistic *Treekeepers* teaches us how to live with a sense of urgency in our warming world to find beauty in the present for ourselves and our children and to take action big or small
