Leer antes Márgara Averbach, 2017-07-27 Qui aporta a los lectores la crítica literaria en medios masivos de comunicación La escritora y estudiosa Márgara Averbach nos ofrece una respuesta múltiple a esa pregunta no solo mediante la reflexión sino también con ejemplos, notas críticas, entrevistas y artículos largos Como toda colección de textos, esta requiere un orden De ahí es donde surge la segunda pregunta: cómo debe organizarse un amplio índice de lecturas cuya númbrica contestación es que resulta imposible crear una clasificación coherente porque la literatura es un lugar complejo donde se cruzan ideas, sensaciones, propuestas, experiencias La literatura es, por esencia, inclasificable La serie de artículos que Averbach presenta celebra esa cualidad y la explica con la clarividencia y sagacidad de la ensayista que también es mujer de letras y creadora de realidades literarias

Sedúceme (*Huxtable 2*) Mary Balogh, 2018-03-08 Segunda entrega de la serie Huxtable Una apuesta en la que está en juego el corazón puede conducir a un final de lo más inesperado Jasper Finley, barón de Montford es un seductor que decide probar el más difícil todavía y apuesta que en dos semanas seducir hasta las lítimas consecuencias a una dama virtuosa Sin embargo, la presa escogida, la ingenua y hermosa Katherine Huxtable, resulta ser indomable e inflige a Jasper una derrota humillante Pero parece que el barón no escarmenta porque cuando vuelven a encontrarse a oscuras, después propone a Katherine una nueva y arriesgada apuesta en la que están en juego nada menos que sus propios corazones

El Fistol del diablo Manuel Payón, 1906 *Besieged Beachhead* J. J. Valdés, 2024-11-05 On New Year's Day 1959, Fidel Castro's revolutionary movement overthrew the ruling regime in Cuba, bringing the Cold War to the United States doorstep and setting the island nation and its superpower neighbor on a collision course The clash came in April 1961 on the southern coast of Cuba at the Baha de Cochinos, the Bay of Pigs In an hour-by-hour chronicle that is as even-handed as it is dramatic, J. J. Valdés gets to the heart of this Cold War battle from the beaches and skies of Cuba to the corridors of power in Washington and Havana Long entangled in Cuba's economy and politics, the United States watched Castro's revolution carefully and grew wary as Castro drew closer to the Soviet Union Within a few months, the CIA, with President Dwight Eisenhower's approval, was recruiting and training Cuban exiles for a paramilitary force to topple Castro By early 1960, when John F. Kennedy became president after campaigning on a hard line on Cuba, policymakers believed the window for action was closing Kennedy gave the go-ahead for the island's invasion but not before ordering changes aimed at concealing American involvement that weakened the operation Early on April 17, 1961, 1,400 men of Brigade 2506, Cuban exiles trained by the CIA in Guatemala, began landing at the Bay of Pigs, just over 100 miles southeast of Havana Nearly everything went wrong Boat engines failed, coral reefs snarled landing craft, Castro's planes destroyed ships carrying vital ammunition and medical supplies Expected popular support within Cuba did not materialize Khrushchev rattled the nuclear saber, spooking Kennedy from ordering assistance he was reluctant to provide anyway Over the course of three days, the

Brigade obstinately defended a rapidly shrinking beachhead but the exiles outnumbered and under supported were no match for the air and ground forces Castro threw against them By April 19 the invasion had failed and 1 200 scattered survivors were captured over the ensuing days What had been intended as a Cold War masterstroke ended in embarrassment for the U S The Bay of Pigs disaster would set the stage for the Cuban Missile Crisis eighteen months later and shape U S Cuba relations up until the present Decades in the making Besieged Beachhead draws from English and Spanish sources in the United States and Cuba to tell the story of this conflict as it has never been told before Along the way the work sheds light on events that have been shrouded in secrecy myth and propaganda for six decades
