Una Vida Sin Limites Spanish Edition:

Spanish New York Narratives 1898-1936 David Miranda-Barreiro, 2017-07-05 In the early decades of the twentieth century New York caught the attention of Spanish writers. Many of them visited the city and returned to tell their experience in the form of a literary text. That is the case of *Pruebas de Nueva York* 1927 by Jose Moreno Villa 1887 1955 *El crisol de las razas* 1929 by Teresa de Escoriaza 1891 1968 *Anticipolis* 1931 by Luis de Oteyza 1883 1961 and *La ciudad automatica* 1932 by Julio Camba 1882 1962. In tune with similar representations in other European works, the image of New York given in these texts reflects the tensions and anxieties generated by the modernisation embodied by the United States. These authors project onto New York their concerns and expectations about issues of class, gender and ethnicity that were debated at the time in the context of the crisis of Spanish national identity triggered by the end of the empire in 1898. Una Vida Sin

Limites , **French and Spanish Queer Film** Chris Perriam, 2016-06-02 The book advances the current state of film audience research and of our knowledge of sexuality in transnational contexts by analysing how French LGBTQ films are seen in Spain and Spanish ones in France. It studies films in various media and platforms and their reception across four languages: Spanish, French, Catalan, English, and considers and engages with participants from across a range of digital and physical audience locations with a particular focus on festivals. It examines films that chronicle the local in portraying national and sub-national identities and draws on the regional, global, translating and transferring foreign models of non-heterosexual experience. No comparative and crosscutting study with audience research at its heart has yet been undertaken.

Serial Authorship and New Directions in Spanish Female Detective Fiction Inmaculada Pertusa-Seva, Melissa A. Stewart, 2024-10-11 This collection of essays expands our understanding and appreciation of the body of work by established female authors of Spanish crime fiction series by analyzing recent narratives that in some cases contribute in novel ways to the ongoing reformulation of the genre and in others provide readers with a temporary hiatus from it. The studies offer students and scholars of crime fiction new perspectives on the works of well-known authors as well as analyses of their often less-known narratives that may not fit within the genre. Readers will engage in an exploration of gender dynamics and sexuality, a variety of psychological and social issues, and the consequences of the indiscriminate consumption of media and abuse of the environment and animals in narratives that exhibit the versatility of these outstanding authors. The volume will appeal to a wide audience of literary and cultural studies critics as well as crime fiction enthusiasts and newcomers to this popular genre.
