Unconditional Love An Unlimited Way Of Being:

Unconditional Love Harold W. Becker, 2007-01-09 Perhaps the most universally sought after expression and simultaneously least understood in our world today Unconditional Love is the first of book of its kind to unfold this awareness in a way that everyone will quickly comprehend A true contemporary visionary Harold W Becker masterfully shares the deeper practical meaning behind this dynamic energy and illustrates how unconditional love operates on every level of life Simply defined as an unlimited way of being he clearly demonstrates how this insight weaves through all facets of our being including our physical emotional mental and spiritual bodies Harold reveals how everything we need to know is already within us and that anyone can live a more balanced life of love wisdom and personal power while being fully present and aware in each moment This profound and inspirational writing is enlightening uplifting and transformative while being timeless straightforward and easily understandable Like a roadmap to the inner self this unique book moves beyond the traditional focus of self help and captures the essence of a powerful underlying movement to personal mastery Harold helps the reader discover that we are really angels in human disguise and that by loving and accepting ourselves unconditionally we begin to celebrate and enjoy our journey When we change our life we literally change the world *Unconditional Love Is... Appreciating Aspects of Life* Harold W. Becker, 2010-06 This beautiful and remarkable book is a collection of 63 universal qualities of unconditional love With each turn of the page these simple and inspirational expressions reveal how these potent aspects weave through every part of your life Author Harold W Becker eloquently shares how Peace Harmony Compassion Creativity and Abundance for example are all qualities that come from your core essence and how each embodies the heart of unconditional love When you are conscious of these powerful characteristics like Courage Choice Gratitude and Potential you transform your personal understanding and experience of love into greater awareness Created as a companion to his highly successful and groundbreaking book Unconditional Love An Unlimited Way of Being this innovative empowering and introspective book brings the many facets of your life into focus Used as a daily reminder or a meditative contemplation Unconditional Love Is Appreciating Aspects of Life can help you develop a greater understanding of how to expand and experience the fullness of each quality of love in your everyday life *The Anaemic Leukaemic* John Fee, 2010-08-19 The first half of the book explains that the treatment is a brutal regime but there are light hearted moments In the second half of the book the author describes what he learned about cancer such as what cancer is the prevalence of cancer the role of the pharmaceutical industry and how cancer is treated in the West as compared to complementary therapies in the East He asks Why me and discovers physical mental and spiritual reasons to explain why cancer decided to pay him a visit The concept of miraculous or spontaneous remissions appears to be largely ignored by the medical profession but is a major interest to the author along with other healing methods outside the Western orthodox model The book finishes with a message of hope through the development of a Simple Man s Cancer Model which provides a framework for healing to take place based on

personal experience studying spontaneous healings a large dose of common sense and a sprinkling of anecdotal evidence The author suggests that certain changes need to take place within an individual for healing to occur How the person makes those changes is a personal choice as there are numerous healers books workshops and seminars where such information and healing can be obtained The final chapter suggests that Integrated Healthcare could be the next step forward and invites the reader to imagine and more importantly help to create a world without cancer **Talking with Angels of Love**

Amanda Hart,2020-01-23 There was once a time in Amanda Hart s life when she did not know how to be secure in her own worth was a stranger to self love and found herself constantly trapped in a cycle of toxic relationships coercive control and an overwhelming sense of loneliness Somehow she summoned enough faith to form an astonishing connection with her guardian angels which became the only remedy for emotional trauma she experienced from early childhood into adulthood Amanda s angels taught her that we are all worthy of an authentic non judgemental love Now she devotes her life to helping others open their hearts and receive angelic assistance Talking with Angels of Love will show you how to accept your circumstances love the skin you are in and recognise the difference between healthy love and toxic love Filled with practical exercises meditations to channel your angels love pages to record their loving messages and touching real life stories about the healing power of love this book will soothe your soul and help you to trust the goodness in others again Amanda believes that if you open your heart to the angels their love is everlasting and you will never be lonely again **Inspired to Greatness** Tracy

Uloma Cooper,2016-12-06 Is it possible for a woman to be empowered and be happy Inspired to Greatness A Feminine Approach to Healing the World explores the question from a research perspective utilizing the method of narrative analysis to examine women s one on one interviews What makes this book special is the focus on the narrative voice of the women participants which differentiates it from previous explorations and research Our participants are among those Western women who are a part of the vanguards who infiltrated the male dominated workforce and advanced toward significant professional empowerment The findings suggest that a fear based survival mode is keeping women who outwardly seem empowered from an inner feeling of empowerment and thus from happiness The participants spoke of being called to greater fulfillment in their lives and recognized that conscious active responsibility would be necessary to satisfy those needs though in many cases it remained unclear whether they would decide to act upon the realization or not It is of great importance that we pay attention to such women s interpretation of their experiences Society needs to attend to the findings we will explore within this book These results are critical to psychological health and reflect deeply on how to help women find the courage to move forward Because a healthy society relies on women rising owning their experience balancing their priorities and having access to steps for health it is clear that women s emotional mental physical and spiritual health would be improved through access to specific programs that will promote unconditional love integration and conscious awareness designed to access the individual s inner sage and as yet unrealized potentialities Tracy Cooper is a Ph D in Clinical Psychology
