Understanding Biblical Israel A Reexamination Of The Origins Of Monotheism:

Understanding Biblical Israel Stanley Ned Rosenbaum, 2002 According to Stanley Rosenbaum the Bible resembles what a family would retrieve after a tornado hits a trailer park some of the family's own possessions mixed with those of others overlapping contradicting and disordered Understanding Israelite History is a revolutionary attempt to fill in the many gaps left in the historical record Rosenbaum begins by demonstrating that Israel's religion was not a clean divinely inspired break with humanity's past but derives from the long sweep of events that began when Homo sapiens first acquired language Strata of earlier religions are still visible beneath the surface of Israelite monotheism Early Israel was not one man's family however dysfunctional It was a collection of individuals and groups mainly outcasts or lower social elements who coalesced into a nation and developed though they did not always follow a religion of ethical monotheism and principles of democratic government and social justice that still today move and inspire more than half the world's population Like all religions Israel's was shaped by the language in this case Hebrew in which it is expressed Expressing monotheism in a language that is essentially dualistic conduced to the suppression of the female elements of earlier religions which had nurtured Israel's religion and consequently to a lack of appreciation for the part played by women in Israel's religious life This skewed view of Israel's religion and its history that the Bible contains is a result of its having been collected edited and in part written by Judeans southern survivors and heirs of David's kingdom who were moved to record it in the wake of the destruction of Jerusalem in 586 BCE

Christian Origins and Hellenistic Judaism Stanley E. Porter, Andrew Pitts, 2012-10-23 In Christian Origins and Hellenistic Judaism Stanley E Porter and Andrew W Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through reference to Hellenistic Judaism and its literary forms

Magic and Divination in the Old Testament Solomon Nigosian, 2008-07-25 Explores the practices and rituals associated with magic and divination among the ancient Israelites as documented in the Old Testament

The Early Prophets: Joshua, Judges, Samuel, and Kings, 2014-11-04 The story of ancient Israel from the arrival in Canaan to the destruction of the Kingdom of Judah and the Babylonian exile some six centuries later here is the highly anticipated second volume in Everett Fox's landmark translation of the Hebrew Bible The personalities who appear in the pages of The Early Prophets and the political and moral dilemmas their stories illuminate are part of the living consciousness of the Western world From Joshua and the tumbling walls of Jericho to Samson and Delilah the prophet Samuel and the tragic King Saul David and Goliath Bathsheba and Absalom King Solomon's temple Elijah and the chariot of fire Ahab and Jezebel the stories of these men and women are deeply etched into Western culture because they beautifully encapsulate the human experience The four books that comprise The Early Prophets look at tribal rivalries dramatic changes in leadership and the intrusions of neighboring empires through the prism of the divine human relationship Over the centuries the faithful have read these narratives as demonstrations of the perils of disobeying God's will and time and again Jews in exile found that the stories

spoke to their own situations of cultural assimilation destruction and the reformulation of identity They have had an equally indelible impact on generations of Christians who have seen in many of the narratives foreshadowings of the life and death of Jesus as well as models for their own lives and the careers of their leaders But beyond its importance as a foundational religious document *The Early Prophets* is a great work of literature a powerful and distinctive narrative of the past that seeks meaning in the midst of national catastrophe Accompanied by illuminating commentary notes and maps Everett Fox's masterly translation of the Hebrew original re creates the echoes allusions alliterations and wordplays that rhetorically underscore its meaning and are intrinsic to a timeless text meant to be both studied and read aloud **The Jewish**

Experience Steven Leonard Jacobs, Explores the richness and meaning of Jewish life through history introducing the basics of Jewish history the tradition of texts key philosophical and theological issues and thinkers the Judaic calendar contemporary global concerns and what the future may portend for Judaism Original Egypt's Nile Is Alive Edgar Dixon, 2008-04-23 The author has written a book called *Egypt's Nile is Alive* a modern historical songbook fused with a new musical philosophy called Father Light Rock which depicts humanity's true inborn art of love He has converted the ancient Egyptians monotheistic religion into a modern day musical philosophy to show people the true art of mystical rebirth and becoming a true human being This new musical philosophy was designed to teach people especially young people how to become one with the universe and a spiritual member of the cosmic order His goal is to bring all people to the conscience level of universal awareness and to teach them the correct way to prepare themselves for their afterlife *Amen and Jesus' Revelation* Nicholas P. Ginex, 2012-01-12 This book supplements the historical novel titled *Future of God Amen* it reveals how man first conceived one universal God Within this novel the author provides his personal thoughts about the Egyptian God Amen and his influence on the development of the Judaic Christian and Islamic religions **Encyclopedia of Religion**, 2005 **Biblical Archaeology** Henry O.
