Understanding Contemporary Russia

Michael L. Bressler

Understanding Contemporary Russia:

Understanding Contemporary Russia Michael L. Bressler, 2009 Offers an introduction to contemporary Russian politics economics society and culture

Understanding Contemporary Strategy David J. Lonsdale, Thomas M. Kane, 2019-11-20 This textbook provides a comprehensive introduction to modern strategy covering the context theory and practice of military strategy in all its different forms Covering all the main issues in the field the book explores the major themes through a combination of classical and modern strategic theory history and current practice It is split into three main sections The first provides the context for contemporary strategy and includes discussions of the human technological intelligence ethical and grand strategic dimensions The second part explores the theory and practice of strategy in different geographical domains including land sea air space and cyberspace The final part engages with three of the most challenging forms of strategy in the contemporary era nuclear weapons terrorism and insurgency This second edition brings the book up to date by including discussions of the rise and fall of the Islamic State of Iraq and Syria ISIS the emergence of robotics and artificial intelligence major events in space and cyberspace and the growing profile of nuclear weapons Each chapter presents the reader with a succinct summary of the topic provides a challenging analysis of current issues and finishes with key points questions for discussion and further reading This book will be essential reading for upper level students of strategic studies war studies military history and international security

Contemporary Russia Edwin Bacon, 2024-06-25 This textbook offers an up to date and incisive overview of contemporary Russia Systematically covering the country's history geography society politics economy and culture it analyses current developments the headlines and the more everyday and situates its analysis in the wider historical context to help readers make sense of one of the world's most important regions Building on the success of its previous editions and analysing complex questions in the light of expertise gathered over decades this remains the leading text for a wide ranging account of Russia today Praised for its accessible and engaging writing style this new edition is essential reading for anyone interested in gaining a more nuanced and wide ranging understanding of contemporary Russia It is ideal for undergraduate and postgraduate students studying Russian society culture politics and international relations

Reassessing Russia's Security Policy Nurlan Aliyev, 2023-12-11 This book provides a detailed analysis of the evolution of Russia's security policy Based on extensive original research including an analysis of official documents political and military elite speeches interviews and reports and considering the subject from the early 20th century onward the book evaluates how far Russia's security policy is underpinned by strategic asymmetry the acceptance by Russia of its inferior military position and the pursuit of its strategic aims through the application of a variety of methods military and non military including the manipulation of public opinion the use of economic leverage and external security approaches known as Russia's hybrid war operations to gain the advantage over a militarily and economically superior adversary The book discusses how Russia's security policy has been and is being applied in specific cases including

the present war in Ukraine the Russian anti satellite program and Russia s contemporary Afghan policy The aim of the book is to explain how and why Russia uses different security strategies and methods using these three cases **Russia**

Reimagined: Global Power Dynamics From The Soviet Fall To The Modern Day Maria Kuznetsova, 2024-10-10 Maria Kuznetsova s book *Russia Reimagined* details Russia s geopolitical evolution from the Soviet collapse to the present day covering economic turmoil political consolidation under Putin relations with the West and Russia s evolving domestic and foreign policies

Key Takeaways

The Soviet collapse left Russia facing immediate challenges including economic disintegration social unrest and ethnic tensions The leadership transition from Gorbachev to Yeltsin marked a pivotal shift towards market economics and democratization though this transition was turbulent Putin s rise in centralized power leading to political consolidation and a managed democracy is often criticized for its authoritarian aspects Russia s relationship with the West is characterized by tensions stemming from NATO expansion conflicts in Georgia and Ukraine and information warfare Economic sanctions against Russia have had significant macroeconomic and sectoral impacts leading to policy adjustments and countermeasures Russia s energy sector is crucial to its economic stability and geopolitical leverage The book concludes by reflecting on three decades of Russia s geopolitical evolution and offering predictions for its future path in a multipolar world

Contributions of the Book

Geopolitical Influence and Strategies The book delves into Russia s geopolitical strategies particularly focusing on its influence in regions like the South Caucasus and Central Asia It highlights the historical associations and ongoing tensions in areas such as Nagorno Karabakh Tajikistan and Uzbekistan emphasizing the need to thoroughly examine Russia s influence and interrelations in these critical areas

Economic and Energy Partnerships The book discusses the economic collaborations between Russia and European nations which include trade investment and technological exchanges These partnerships have facilitated mutual economic growth and technology transfers although they have also faced challenges such as regulations sanctions and trade disputes

Cultural Influence and Soft Power The book explores Russia s use of cultural influence and soft power as part of its geopolitical strategies This includes disseminating ideas and cultural exchanges which influence Russia s broader global influence

Unintended Outcomes and Challenges The book addresses the unintended outcomes of Russia s geopolitical actions such as the complexities and challenges that arise from its interventions and alliances These outcomes highlight the intricate nature of international relations and the potential for unforeseen consequences

Future Projections and Resolutions The book proposes potential resolutions for geopolitical conflicts such as deploying a United Nations peacekeeping mission and using international legal mechanisms for arbitration These suggestions aim to foster stability and uphold international law in disputed territories

Transformation and Challenges in Russia The book examines Russia s internal transformations and challenges including economic and political shifts It provides insights into the country s domestic changes and their implications for its international strategies These contributions collectively offer a comprehensive analysis of Russia s geopolitical strategies economic collaborations cultural

influence and the challenges it faces both domestically and internationally A Must Read *Writing Russia* Melissa-Ellen Dowling,2021-07-18 *Writing Russia* offers the first systematic analysis of Anglophone national histories of Russia By deconstructing preeminent historical works on the history of Russia this book provides insight into the hidden ideological underpinnings of the texts and their representations of Russia in the West It demonstrates that historians employ a range of literary techniques to smooth over contradictions in their narratives of Russia generating a seemingly cohesive depiction of Russia as a liminal Other nation This is a process that this book theorises as discordus representing an original conceptual framework for examining national history texts It identifies patterns in the language and emplotment of Anglophone Russian histories across several defining historical epochs from the Mongol conquests to the Putin presidency revealing the extent to which historians wield the narrative power to make or break nations Postmodern in approach the work pushes the boundaries of historiography and calls into question the nature of history *Putin's Russia* Darrell Slider,2022-07-20 Thoroughly revised expanded and updated the new edition of this classic text provides the most authoritative and current analysis of contemporary Russia Leading scholars explore the domestic and international problems Russia confronts including political economic societal and foreign policy issues The new edition provides an analysis from multiple perspectives on the major challenges facing Russia and Putin s regime Updates include new sections on corruption Russia s conflicts with Ukraine and Georgia Russia s response to Only by understanding these challenges and previous efforts to deal with them will it be possible to understand the trajectory for Russia Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia **The Routledge Handbook of EU-Russia Relations** Tatiana Romanova,Maxine David,2021-07-25 The Routledge Handbook of EU Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field Coherently organised into seven parts the book provides a structure through which EU Russia relations can be studied in a comprehensive yet manageable fashion It provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner Informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the EU Russia and beyond Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU Russia relations such as political and security relations economic relations social relations and regional and global governance The Routledge Handbook of EU Russia Relations aims to promote dialogue between the different research agendas in EU Russia relations as well as between Russian and Western scholars and hopefully also between civil societies As such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of Russian politics studies EU studies politics European politics studies post Communist post Soviet politics and international relations

The Routledge Handbook of EU Russia Relations is part of a mini series Europe in the World Handbooks examining EU regional relations established by Professor Wei Shen

Authority, Ascendancy, and Supremacy Gregory O. Hall, 2013-11-12

Authority Ascendancy and Supremacy examines the American Chinese and Russian Big 3 competition for power and influence in the Post Cold War Era With the ascension of regional powers such as India Iran Brazil and Turkey the Big 3 dynamic is an evolving one which cannot be ignored because of its effect to not only reshape regional security but also control influence and power in world affairs How does one define a global or regional power in the Post Cold War Era How does the relationships among the Big 3 influence regional actors Gregory O Hall utilizes country data from primary and secondary sources to reveal that since the early 1990s competition for influence and power among the Big 3 has intensified and could result in armed confrontation among the major powers He assesses the state of affairs in each country s economic resource military social demographic and political spheres In addition events data which focuses on international interactions facilitates identifying trends in Big 3 interactions as well as their concerns and affairs with regional players Opinion data drawn from policy makers scholarly interviews and survey research data identifies foreign policy interests among the Big 3 as well non Big 3 foreign policy behaviors With its singular focus on American Chinese and Russian interactions policy interests and behaviors *Authority Ascendancy and Supremacy* represents a significant contribution for understanding and managing Post Cold War conflicts and promises to be an important book

Russia and the Commonwealth of Independent States 2012 M. Wesley Shoemaker, 2012-08

Russia and the Commonwealth of Independent States 2011 is a volume in The World Today Series Published and updated annually this series provides both a short historical treatment and an up to date look at the various countries of the entire globe *Russia and the Commonwealth of Independent States* deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992 The book focuses strongly on recent economic and political developments with shorter sections dealing with foreign policy the military religion education and specific cultural elements that help to define each republic and differentiate one from the other Approximately one third of the book is devoted to Russia with shorter sections dealing with Ukraine Belarus Moldova Armenia Azerbaijan Georgia Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan There is also a section dealing with how the Commonwealth of Independent States came into being and how it has evolved since 1992

The Caxton Head Catalogue James Tregaskis, James Tregaskis (Firm), 1928

Memory Politics in Contemporary Russia Mariëlle Wijermars, 2018-07-11

This book examines the societal dynamics of memory politics in Russia Since Vladimir Putin became president the Russian central government has increasingly actively employed cultural memory to claim political legitimacy and discredit all forms of political opposition The rhetorical use of the past has become a defining characteristic of Russian politics creating a historical foundation for the regime s emphasis on a strong state and centralised leadership Exploring memory politics this book analyses a wide range of actors from the central government and

the Russian Orthodox Church to filmmaker and cultural heavyweight Nikita Mikhalkov and radical thinkers such as Aleksandr Dugin In addition in view of the steady decline in media freedom since 2000 it critically examines the role of cinema and television in shaping and spreading these narratives Thus this book aims to gain a better understanding of the various means through which the Russian government practices its memory politics e g the role of state media and on the other hand to sufficiently value the existence of alternative and critical voices and criticism that existing studies tend to overlook Contributing to current debates in the field of memory studies and of current affairs in Russia and Eastern Europe this book will be of interest to scholars working in the fields of Russian Studies Cultural Memory Studies Nationalism and National Identity Political Communication Film Television and Media Studies *Analytical and Classified Catalogue of the Library ...: Q-Z, and supplement* Dennis O'Donovan,1900 This is Russia Hubert Griffith,1943 **Social Distinctions in Contemporary Russia** Jouko Nikula,Mikhail Chernysh,2020-04-29 This book analyses social change in Russia in particular the development of a middle class one of the most important social and political projects of Putin s administration Using unique survey data collected in 1998 2007 and 2015 the authors make extensive and theoretically justified analyses of the changing social distinctions in Russia over the past 20 years Offering a sophisticated analysis of classes and class they acknowledge that in class analysis there are different phases requiring different concepts The first phase is the analysis of class positions the second is the study of the work and reproduction situations of class groups and the final step is the analysis of class interests While acknowledging that there are a number Russian specific factors that seriously complicate traditional class analysis the authors maintain that the basic tenets of class analysis still hold true The book will be of interest to students and scholars of sociology political science transition studies social policy and Russian studies and anyone who wants to understand the internal divisions and organization of the middle class in Russia *Putin's Russia* Stephen K. Wegren,2019 Now in a thoroughly revised expanded and updated edition this classic text provides the most authoritative and current analysis of contemporary Russia Leading scholars explore the daunting domestic and international problems Russia confronts considering a comprehensive array of economic political foreign policy and social issues Putin s approach for dealing with his country s challenges emphasizes recentralization of power and a strong state He has returned to power for a fourth term amidst unresolved policy issues both domestically and from the international community Only by understanding these challenges and previous efforts to deal with them will it be possible to understand the trajectory for Russia Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia The Empire of the Tsars and the Russians: The country and its inhabitants Anatole Leroy-Beaulieu,1893 **Losing Military Supremacy** Andrei Martyanov,2018-06-04 Marytanov explains why and how the US armed forces have lost the military supremacy they thought they once had and how Russia which supposedly had been defeated in the Cold War succeeded not only in catching up with USA but actually surpassing it in many key domains such as long range cruise missiles diesel electric

submarines air defenses electronic warfare air superiority and many others Andrei Martyanov's book is an absolute must read for any person wanting to understand the reality of modern warfare and super power competition THE SAKER While exceptionalism is not unique to America the intensity of their conviction and its global ramifications are This view of its exceptionalism has led the US to grossly misinterpret sometimes deliberately the causative factors of key events of the past two centuries Accordingly the wrong conclusions have been derived and very wrong lessons learned Nowhere has this been more manifest than in American military thought and its actual application of military power Time after time the American military has failed to match lofty declarations about its superiority producing instead a mediocre record of military accomplishments Starting from the Korean War the United States hasn't won a single war against a technologically inferior but mentally tough enemy The technological dimension of American strategy has completely overshadowed any concern with the social cultural operational and even tactical requirements of military and political conflict With a new Cold War with Russia emerging the United States enters a new period of geopolitical turbulence completely unprepared in any meaningful way intellectually economically militarily or culturally to face a reality which was hidden for the last 70 years behind the curtain of never ending Chalabi moments and a strategic delusion concerning Russia whose history the US viewed through a Solzhenitsynified caricature kept alive by a powerful neocon lobby which even today dominates US policy makers minds Martyanov's former Soviet military background enables deep insight into the fundamental issues of warfare and military power as a function of national power assessed correctly not through the lens of Wall Street economic indices and a FIRE economy but through the numbers of enclosed technological cycles and culture much of which has been shaped in Russia by continental warfare and which is practically absent in the US

The Plebs, 1923 *Understanding Russia* Marlène Laruelle, Jean Radvanyi, 2019

This timely book provides a balanced and comprehensive overview of the geographical historical political cultural and geostrategic factors that drive Russia today Russia has long inspired fear in the West but as the authors argue Russia is fearful as well Three decades after the transformations launched by perestroika multiple ghosts haunt both Russian elites and ordinary citizens ranging from concerns about territorial challenges societal transformations and economic decline to worries about the country's vulnerability to external intervention Faced with a West that emerged victorious from the Cold War a shockingly dynamic China and former Soviet republics claiming their right to emancipate themselves from Moscow's stranglehold Russia is constantly questioning its identity its development path and its role on the international scene The country hesitates between two strategies take refuge in a new isolation and revive the old notion of being a besieged fortress or replay the messianic myth of a Third Rome the last bastion of Christian values in the face of a decadent West Explaining Russia's perspective Marlène Laruelle and Jean Radvanyi offers a much needed analysis that will help readers understand how the country deals with its domestic issues and how these influence Russian foreign policy

Understanding Contemporary Russia Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change.
