Digital Storytelling Shilo T. McClean,2008-09-26 How digital visual effects in film can be used to support storytelling a guide for scriptwriters and students Computer generated effects are often blamed for bad Hollywood movies Yet when a critic complains that technology swamps storytelling in a review of Van Helsing calling it an example of everything that is wrong with Hollywood computer generated effects movies it says more about the weakness of the story than the strength of the technology In Digital Storytelling Shilo McClean shows how digital visual effects can be a tool of storytelling in film adding narrative power as do

sound color and experimental camera angles other innovative film technologies that were once criticized for being distractions from the story It is time she says to rethink the function of digital visual effects Effects artists say contrary to the critics that effects always derive from story Digital effects are a part of production not post production they are becoming part of the story development process Digital Storytelling is grounded in filmmaking the scriptwriting process in particular McClean considers crucial questions about digital visual effects whether they undermine classical storytelling structure if they always call attention to themselves whether their use is limited to certain genres and looks at contemporary films including a chapter long analysis of Steven Spielberg s use of computer generated effects and contemporary film theory to find the answers McClean argues that to consider digital visual effects as simply contributing the wow factor underestimates them They are she writes the legitimate inheritors of film storycraft *The Power of Scriptwriting!* Peter Gutierrez,2014 This dynamic resource offers teachers a new way to energize the teaching of writing while also meeting Common Core State Standards The author draws on his unique background in education and media to provide this all in one resource to help teachers use the versatility of scriptwriting to motivate students and support literacy skills across the disciplines Each chapter covers a different medium outlining the writing skills required and providing practical tips sample projects standards alignment and strategies for differentiated instruction Book Features the rationale curricular connections lessons and projects to help teachers incorporate scriptwriting into their existing writing curriculum authentic connections to students in school and out of school literacies easy to use sections such as Why Teach This Skills Focus Literacy Across the Disciplines QuickStart lesson launchers and The Writing Process robust differentiated instruction including specific strategies for English language learners and below level students and appendices with Additional Resources Revision Checklists Writing Rubrics and a glossary of Media and Script terms **Introduction to Media Production** Robert B.
