Wynton Kelly Autumn Leaves Score

Lauren Gardner

Wynton Kelly Autumn Leaves Score:

Hard Bop the late David H. Rosenthal, 1993-09-09 It's nineteen fifty something in a dark cramped smoke filled room Everyone's wearing black And on stage a tenor is blowing his heart out a searching jagged saxophone journey played out against a moody walking bass and the swish of a drummer's brushes To a great many listeners from African American aficionados of the period to a whole new group of fans today this is the very embodiment of jazz It is also quintessential hard bop In this the first thorough study of the subject jazz expert and enthusiast David H Rosenthal vividly examines the roots traditions explorations and permutations personalities and recordings of a climactic period in jazz history Beginning with hard bop's origins as an amalgam of bebop and the stark astringent tormented music of saxophonists Jackie McLean and Tina Brooks the gentler more lyrical contributions of trumpeter Art Farmer pianists Hank Jones and Tommy Flanagan composers Benny Golson and Gigi Gryce and such consciously experimental and truly one of a kind players and composers as Andrew Hill Sonny Rollins John Coltrane Thelonious Monk and Charles Mingus Hard bop welcomed all influences whether Gospel the blues Latin rhythms or Debussy and Ravel into its astonishingly creative hard swinging orbit Although its emphasis on expression and downright badness over technical virtuosity was unappreciated by critics hard bop was the music of black neighborhoods and the last jazz movement to attract the most talented young black musicians Fortunately records were there to catch it all The years between 1955 and 1965 are unrivaled in jazz history for the number of milestones on vinyl Miles Davis's *Kind of Blue* Charles Mingus's *Mingus Ah Um* Thelonious Monk's *Brilliant Corners* Horace Silver's *Further Explorations* Rosenthal gives a perceptive cut by cut analysis of these and other jazz masterpieces supplying an essential discography as well For knowledgeable jazz lovers and novices alike *Hard Bop* is a lively multi dimensional much needed examination of the artists the milieus and above all the sounds of one of America's great musical epochs

Hard Bop David H. Rosenthal, 1993 Devoted to the history of this jazz movement the study combines a narrative of the evolution of hard bop from its beginnings as an amalgam of bebop and rhythm and blues to its experimental breakthroughs in the 1960s with close analyses of the musicians styles and recordings
