Onscreen/Offscreen Constantine V. Nakassis, 2022-12-01 Based on over a decade of ethnographic fieldwork in the South Indian state of Tamil Nadu Onscreen Offscreen is an exploration of the politics and being of filmic images The book examines contestations inside and outside the Tamil film industry over the question what is an image Answers to this question may be found in the ontological politics that take place on film sets in theatre halls and in the social fabric of everyday life in South India from populist electoral politics and the gendering of social space to caste uplift and domination Bridging and synthesizing linguistic anthropology film studies visual studies and media anthropology Onscreen Offscreen rethinks key issues across a number of fields concerned with the semiotic constitution of social life from the performativity and ontology of images to questions of spectatorship realism and presence In doing so it offers both a challenge to any approach that would separate image from social context and a new vision for linguistic anthropology beyond the question of language

Carpenter,2025-03 *Blue Helmet* My Year as a UN Peacekeeper in South Sudan tells the story of a country a conflict and the institution of peacekeeping through the eyes of a senior American military officer working on the ground in one of the most dangerous countries on the planet South Sudan is rich in natural resources and its fertile soil could make it the breadbasket of East Africa Yet it remains the poorest and most corrupt country in the region plagued by disease famine and ethnic strife Abductions sexual violence death and displacement affect tens of thousands of people each year Edward H Carpenter pulls readers into his world allowing them to experience the powerful poignant realities of being a peacekeeper in South Sudan In the process the author reveals how the United Nations really conducts its missions what it tolerates and how it often falls short of achieving the aims of its charter equal rights justice and economic advancement for all people with the use of armed forces limited to serving those common interests by keeping the peace and preventing the scourge of war It is a story that is eye opening unsettling

and always compelling Global leaders may fairly claim that they have done everything they can to help South Sudan help itself they've dispatched thousands of peacekeepers and provided billions of dollars in aid So why is the UN still struggling to fulfill its mandate to protect civilians and safeguard the delivery of humanitarian assistance What could be done better Bringing the reader to the forefront of action Blue Helmet answers these questions and raises others about how modern peacekeeping missions are organized and overseen shedding light on some of the contradictions at the heart of peacekeeping
