Nelson Whetat, 2023-11-07 Discover The New Secrets About Texting Women To Get Dates And Sex That 99% Of Men Don't Know Yet. When a man gets a number from a woman in person or matches with her on a dating app like Tinder or Bumble, he will often experience one or more of the following problems when he texts her. She takes way too long to reply. She doesn't contribute much to the conversation, e.g. she gives short answers and seems uninterested. The conversation becomes boring or fizzles out. She rejects his offer to meet up with him for a date. She takes what he says the wrong way and then loses interest. She ghosts him, i.e. stops replying without any explanation even though things seem to be going well. She friend zones him, e.g. "You're a great guy but I'm not looking for a relationship right now" or "You're a great guy but I'm not looking to date anyone right now" or "You're a great guy but I think we'd be better off as friends." She leaves him on read and doesn't reply for days, weeks or months or not at all. She plays hard to get when it comes to meeting up. Do you know why? It's because most men make texting girls far HARDER than it needs to be. They don't understand this little known secret I shared in this guide. These days women are so tired, bored and frustrated by the endless texts that guys send, i.e. trying to get to know her, get along with her and just chat, because he's afraid to ask her out or the unattractive texts they send, i.e. being too nice, being too serious, sleazy, boring, etc. That's why when a woman gets a text from a guy who is using the texting method I shared in this guide, [The Text Attraction Guide For Men](#), she feels surprised and excited. It immediately gets her attention and she begins feeling like she wants something to happen with him, i.e. go on a date, have sex, etc. The fact is that when a guy texts in the way that I recommended in this book, he will get 10x more dates and sex than a guy who just wastes a woman's time trying to get to know her or get along with her or worse, acts like he's not even that interested in dating her. Texting women to get dates and sex is very easy when you understand how it works and why women respond so well to this more direct and masculine approach. Here's what you'll learn:

a lovely lady to date when you make calls that you do not know where to go next after the initial greeting and how are you doing part of the call You should not burry yourself in bad experiences that you have gone through so far because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date The solution that this book provides is in the techniques of texting because you do not have to reach to a lady through a call only Texting can do wonders when done in the right way and that is what we are going to show you in this book We know facing a lady for the first time is always very nervous and this is where many men fail when they walk away feeling like losers and the ladies are left wondering what a coward you are The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman When used properly texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers The battle starts when you plan to engage a certain lady in a conversation because the process of asking her for the number is an action that gives many men Goosebumps Not to worry we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is and how much you want to spend time with her We however need to get some facts right before we get too much into the power of texting when you want a woman Your failure to get the lady you want may be due to poor interaction or communication techniques and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests You need to do it right to get her attracted to you The rejection you may have been facing could be as a result of your approach and that is what you need to change when it comes to texting The texting style should create enough rapport and attraction for the lady you want to spend your precious time with and the effort should not go down the drain because the connection of the hard work should be solid Have a look at how you are supposed to initiate a conversation that will lead to great friendship This book gives a comprehensive guide on the following The approach Getting her phone number the right way The perfect first text Structure of an effective text messaging plan Bad text messaging behaviors Turn her on through texts Sexualizing text messages Avoid getting rejected by text message Playing the game with roles Do s and don ts how to be a gentleman Turning a text into a date Starting a long term relationship AND MORE What you waiting for click the Buy now button
