Uncompromised Faith Overcoming Our Culturalized Christianity:

Uncompromised Faith S. Michael Craven, 2009 Craven argues that culture has made Christianity irrelevant in society Here he helps readers break free from cultural conditions to examine the acceptance of the Gospel and the mission of the church in America

Cultural Apologetics Paul M. Gould, 2019-03-12 Renewing the Christian voice conscience and imagination so that we can become compelling witnesses of the Gospel in today's culture Christianity has an image problem While the culture we inhabit presents us with an increasingly anti Christian and disenchanting position the church in the West has not helped its case by becoming anti intellectual fragmented and out of touch with the relevancy of Jesus to all aspects of contemporary life The muting of the Christian voice its imagination and its collective conscience have diminished the prospect of having a genuine missionary encounter with others today Cultural apologetics attempts to demonstrate not only the truth of the Gospel but also its desirability by reestablishing Christianity as the answer that satisfies our three universal human longings truth goodness and beauty In Cultural Apologetics philosopher and professor Paul Gould sets forth a fresh and uplifting model for cultural engagement rooted in the biblical account of Paul's speech in Athens which details practical steps for establishing Christianity as both true and beautiful reasonable and satisfying You'll be introduced to The idea of cultural apologetics as distinct from traditional apologetics The path from disenchantment with how we understand reality to re enchantment with the reality of the spiritual nature of things The practical tools of good cultural engagement conscience reason and imagination Equip yourself to see and help others see the world as it is through the lens of the Spirit deeply beautiful mysterious and sacred With creative insights Cultural Apologetics prepares readers to share a vision of the Christian faith that is both plausible and desirable offering clarity for those who have become disoriented in the haze of modern Western culture

The Affirmation Crisis Randy Hix, 2018-08-28 There is an Affirmation Crisis It is the result of fatherlessness Generations have grown up without a father Whether physically or emotionally absent it leaves in the child a wound of absence Fatherlessness has become a major social problem in America even an epidemic with approximately 50% of children under the age of 18 not living in the same home as their biological father It has been documented in many ways and yet it is a secret hidden in plain view Over the last fifty years the family has been under attack Concepts and opinions concerning the family have changed and a new perception of family has emerged Much of the destruction of the family has been popularized and normalized through the media and arts and entertainment The large percentage of marriages that end in divorce and the increasing trend of out of wedlock births seems to have contributed to a widespread belief that being a single parent is somehow a noble venture and that the father is unimportant to raising children There are indeed many exceptional single parents But these are the exceptions to the rule as statistics prove It is as if there were a systematic scheme in the works to destroy our society by using progressive cultural engineering The influence of popular approaches to the family in the media that rejects traditional and biblical norms of family construction is creating a confused depressed and

fractured population Men and women with a confused self identity and self confidence are the product of this fatherlessness epidemic and this affirmation crisis Today after over a hundred years of cultural fatherlessness we have seen multiple generations who have grown up without the father s emotional and often physical influence and support Combine that with two world wars economic challenges media influence rising divorce rates sexual identity conflict and you are left with a generation of wandering fatherless children Many of these fatherless children are wounded adults who continue to live their lives not knowing that they are suffering from the wound of absence referred to as the father wound The father wound in short is the absence of the emotional blessing that only the father can provide to the child One of the major responsibilities of the father is the modeling and impartation of true fatherhood A father is the God given instrument that identifies the child as well as gives the child a sense of self and self confidence This is true for both men and women Every young man is waiting for his father to tell him he has what it takes Every young woman is waiting for a father to show her that she is beautiful and worthy to be pursued and protected Every young man looks to his father for affirmation and identity Every young girl is looking to the father for her identity and affirmation as a woman The father identifies the child The father calls forth the masculine in the son and the femininity of the daughter Without this essential input from Dad the boy struggles to see himself as a man and the girl struggles to identify as a woman Their spirit cries out for a father to save them Our fathers have a special role to play in our discovery of who we are in life This is why a father telling his child a statement like You ll never amount to anything has such a devastating effect On the other hand a father who lovingly affirms his child is giving him a solid foundation towards developing into a healthy well adjusted adult In The Affirmation Crisis Pastor Teacher and Missionary Randy Hix details the serious impact this fatherlessness epidemic is having on our society and individuals Randy explains our Heavenly Father s original plan for the family and how to receive the needed affirmation and healing needed to mend the wounded heart

CHRISTIANS AND ECONOMICS Kerby Anderson, 2016-07-27 Economics affects our daily lives and Christians need to think about how to apply biblical principles to money investment borrowing and spending They also need to understand the free enterprise system and know how to defend capitalism Chapters in this book not only look at broad economic principles but a section of the book is devoted to the challenges we face in the 21st century from globalization and tough economic times A section of the book also provides an in depth look at other important social and economic issues gambling welfare that we face every day Some questions that Anderson will answer are What does the Bible say about economics How should Christians think about work How should the government deal with poverty Is America going broke How can we find financial security Are we headed down the road to serfdom How are we affected by materialism and consumerism

Same-Sex Marriage (Thoughtful Response) Sean McDowell, John Stonestreet, 2014-07-28 Same sex marriage is here presenting unique challenges and opportunities How do those who follow Christ faithfully answer the standard talking points for same sex marriage And how can they best articulate the case for one man one woman marriage in

everyday conversation Sean McDowell and John Stonestreet believe a thoughtful approach to God's design for marriage is the answer to both questions. The key is not a contentious attitude towards those who believe in same sex marriage but a winsome perspective that is faithful to Christ, committed to truth and shaped by a love for God and others. Christians need to know that because Christ has risen, there is no such thing as all hope is lost. They are still called to engage culture even if they are viewed as wrong, illegal and intolerant. *Nudge* Leonard Sweet, 2010-08-01. Evangelism is about reaching out to others. Really? You think? Brace yourself. In *Nudge*, author Leonard Sweet sets out to revolutionize our understanding of evangelism. He defines evangelism as nudge: awakening each other to the God who is already there. Sweet's revolution promises to affect your encounters with others as well as shaking the very roots of your own faith. So brace yourself.

To what degree does culture facilitate or distort the Christian faith, the gospel of Jesus and the life of the church? In America, the distortion is enormous. *Gospel Without Borders* carefully examines the complex intersection of culture and faith in America, providing insights that allow for better understanding and a more genuine experience of biblical and historic Christianity. *Gospel Without Borders* analyzes the formative and interactive roles that human nature and cultural history play in contemporary expressions of Christianity in America. It outlines their profound but little appreciated influence upon the shape and scope of Christian faith within society at large, the church and the lives of individuals. The study illuminates the

dimensions of a largely unheralded gospel message characterized by unimpeded faith that fully accords with the kingdom Jesus stridently proclaimed It outlines the dimensions of faith freed from the disappointing forms of culturalized Christianity that always prove insufficient on a personal level and woefully inadequate to the demands of contemporary life within our globalizing world Today s world can only be effectively impacted through a gospel without borders a compelling gospel most Americans have yet to hear and too many Christians of every cultural and denominational background have yet to fully embrace Playing Favorites Rodger Woodworth,2021-11-30 According to recent research our brains prefer the path of least resistance when it comes to engaging people who are unlike us in fact our brains tell us to perceive anyone different than us as a threat That is a nice way to say that despite our best intentions we all have our prejudices and preferences In biblical terms we show partiality toward people who resemble us we play favorites Much of our identity community and power are established by the measurement of our differences from others justifying our need to categorize people Even when we attempt to engage other races and cultures we see it as a one way bridge taking our way of life across the river to enlighten those different than us It assumes we are on the bank of the undistorted view of the world and our understanding of the other side is not important The proper response is to encourage two way traffic on the bridge not only by having dialogue with people over the bridge but more importantly listening to them Overcoming our prejudices and bridging the cultural divide is the result of living out the gospel and it is the most significant way to communicate the gospel

Liberating Christianity Thomas C. Sorenson,2008-11-01 Christianity is in crisis in our North American context especially among the cultural elite and people with progressive views The reasons for the faith s loss of credibility have to do in large part with the dominant philosophical materialism of our culture and with the understanding of the faith almost universally held by Americans both inside the churches and outside them In this book Thomas C Sorenson calls this understanding Biblicism by which he means the belief that the Bible is to be understood only literally and that in one way or another its authority comes from its claimed origin with God Many enlightened people also reject Christianity because the only Christianity they know is the judgmental socially conservative faith that the most vocal and visible advocates of the faith among us so loudly espouse This book offers a different understanding of the faith It begins with a discussion of the universal human experience of the spiritual dimension of reality It then discusses symbol and myth as the necessary language for communicating that experience The book shows that all human experience is necessarily subjective and that religious truth is thus also necessarily subjective Therefore religious truth is relative not universal and absolute The work argues that the Bible is a human work expressing its authors experience of the divine The book then discusses other obstacles to faith and offers a different understanding of the issues they raise The book replaces the classical theory of atonement with a theology of the cross based mainly on the work of Douglas John Hall It redefines salvation as having to do with this life not with the afterlife It closes with a section that replaces the dominant social conservatism of popular Christianity with Jesus s teachings
