The Anthem Anthology of Victorian Sonnets Michael J. Allen,2011-02-15 The Anthem Anthology of Victorian Sonnets is a comprehensive collection of three thousand sonnets written by poets between 1836 and the early years of the twentieth century The work contains a representative selection of sonnets for each individual poet in order to display the diversity and innovation brought to the sonnet form by Victorian poets **The Women Aesthetes vol 1** Jane Spirit,Sue Asbee,Mary Joannou,Claire Nicholson,2024-08-07 The aesthetic movement dominated the closing decades of the nineteenth century It was significant for the role women played in it at a time when there were growing opportunities for them both artistically and professionally The material in this collection provides a representative selection of essays fiction poetry and drama by female authors Under Cross and Crescent. Poems Violet FANE (pseud. [i.e. Mary Montgomerie Singleton, afterwards Lady Currie.]),1896 **Victorian Pets and Poetry** Kevin Morrison,2021-05-09 Some of the most celebrated poets of the Victorian era wrote at times movingly or humorously about their pets They did so in a wider literary context for poetry about pets was ubiquitous in the period Animal welfare organizations utilized poems about canine and feline suffering in institutional publications to call attention to various abuses Elegies and epitaphs over the loss of a beloved cat songbird or dog were printed on funeral cards tombstones and appeared in mass produced poetry collections as well as those intended

for an intimate circle of friends Yet poems about pets as well as attendant issues such as breeding and overpopulation have not received the kind of critical analysis devoted to fictional works and short stories With an introduction afterword and eight essays offering new perspectives on significant as well as lesser known poems Victorian Pets and Poetry remedies this omission *Under Cross and Crescent. Poems* Mrs. Mary Montgomerie Singleton, 1896 *Decadence and Orientalism in England and Germany, 1880-1920* Katharina Herold-Zanker, 2024-04-05 *Decadence and Orientalism in England and Germany 1880 1920* examines the Orientalist portrayal of Middle Eastern cultures in Decadent Literatures in England and Germany at the turn of the century This book argues that the role of Orientalism in literary Decadence uniquely exposes its paradoxical engagement with other cultures In bringing together two fin de si cle European literatures this comparative study makes a case for the transnational if not imperial nature of Decadence The East emerges as an indispensable mediator between various versions of European Decadence The book examines the role of the East with specific reference to selected English and German authors starting from Oscar Wilde s Victorian vision of Egypt and Arthur Symons s and Violet Fane s image of Constantinople it moves to Paul Scheerbart s and Else Lasker Sch ler s Decadent Babylon and Assyria and concludes by turning to Stefan George s exclusion of the East from his poetic practice The geographical reach of the East focuses on regions of the Eastern Mediterranean and Northern Africa The cultural translation of specifically the Middle East into different European national contexts gains new sometimes oppositional meanings avoiding a one sided representation of both the East and the two national literatures that absorbed it In arguing for a Decadent cosmopolitanism as a model of heterogeneous inclusivity that reaches beyond the binaries established by Edward Said s Orientalism the present book brings twenty first century theories of cosmopolitanism into dialogue with art history and literature to uncover striking synergies and interdependences between the different manifestations of Decadence in England and Germany *Betwixt Two Seas* Violet Fane, 1900 *The Inequality of Pay* Henry Phelps Brown, 1977 This book examines late nineteenth and early twentieth century literature written in England and Germany exploring the relationship between Orientalism Decadence and cosmopolitanism arguing that representations of the East played a critical role in the literary landscape of Decadence over this period **Bookseller and the Stationery Trades' Journal** , 1895 *Under Cross and Crescent. Poems* Violet FANE (pseud.), 1896 *The eve of the Reformation, studies in the religious life and thought of the English people* Francis Aidan Gasquet (card.), 1900 *The Opera* Richard Alexander Streatfeild, 1897 **Catalogue** Sotheby, Wilkinson & Hodge, 1916 **Catalogue of the Books in the Circulating Library ...** Toronto Public Libraries, 1904 *Appletons' Annual Cyclopeda and Register of Important Events* , 1897
