To Desire Differently:

To Desire Differently Sandy Flitterman-Lewis, 1996 Explores impact of 3 women filmmakers on French films

Heterotopia Tobin Siebers, 1994 Considers the uses and dangers of utopian thinking in the postmodern world □□□ □□

□□□ J. Hershy Worch, 2010 Sefer Yetzira is a sacred book of great antiquity and power and one of Judaism's oldest texts after the Bible In this new translation and commentary Rabbi Worch leads us step by step through innermost chambers of Jewish mysticism We are allowed to listen in to the arguments between Moses and God to the whispered dialogue between Rabbis Akiba and Ishmael and to those fervid and passionate practitioners of whose ecstasies these pages remain redolent In the beginning was God's desire for us Sefer Yetzira describes the process whereby desire materializes in the Breath of God and thence into the Ten Sephiroth and twenty two letters of the Hebrew alphabet Commentaries to the Sefer Yetzira through the ages have reflected the spirit and yearning of those times the genius and romance of the zeitgeist be it philosophical mathematical or contemplative This commentary reflects the strikingly mystical qualities of Hasidism and the post modern approach to text In this book we read how to listen for the breath of the Living God how to hear it and breathe it back in the mystery of our sacred kisses

Unsettling Sexuality Jeremy Chow, Shelby Johnson, 2024-10-11 This book is also freely available online as an open access digital edition on Manifold here <https://openpub.udel.edu/projects/unsettling-sexuality> Unsettling Sexuality Queer Horizons in the Long Eighteenth Century challenges the traditional ways that scholarship has approached sexuality gender nonconformity and sex as well as its absence in the long eighteenth century Drawing from recent and emerging criticisms in Middle Eastern and Asian studies Black studies and Native American and Indigenous studies the collected authors perform intersectional queer readings reimagine queer historiographic methods and spearhead new citational models that can invigorate the field Contributors read with and against diverse European transatlantic and global archives to explore mutually informative frameworks of gender sexuality race indigeneity ability and class In charting multidirectional queer horizons this collection locates new prospective desires and intimacies in the literature culture and media of the period to imagine new directions and simultaneously unsettle eighteenth century studies Sexual

Disorientations Kent L. Brintnall, Joseph A. Marchal, Stephen D. Moore, 2017-11-07 Sexual Disorientations brings some of the most recent and significant works of queer theory into conversation with the overlapping fields of biblical theological and religious studies to explore the deep theological resonances of questions about the social and cultural construction of time memory and futurity Apocalyptic eschatological and apophatic languages frameworks and orientations pervade both queer theorizing and theologizing about time affect history and desire The volume fosters a more explicit engagement between theories of queer temporality and affectivity and religious texts and discourses The Masculine Self in Late Medieval England Derek G. Neal, 2009-05-15 What did it mean to be a man in medieval England Most would answer this question by alluding to the power and status men enjoyed in a patriarchal society or they might refer to iconic images of chivalrous

knights While these popular ideas do have their roots in the history of the aristocracy the experience of ordinary men was far more complicated Marshalling a wide array of colorful evidence including legal records letters medical sources and the literature of the period Derek G Neal here plumbs the social and cultural significance of masculinity during the generations born between the Black Death and the Protestant Reformation He discovers that social relations between men founded on the ideals of honesty and self restraint were at least as important as their domination and control of women in defining their identities By carefully exploring the social physical and psychological aspects of masculinity *The Masculine Self in Late Medieval England* offers a uniquely comprehensive account of the exterior and interior lives of medieval men

Birthing Black Mothers Jennifer C. Nash, 2021-07-06 In *Birthing Black Mothers* Black feminist theorist Jennifer C Nash examines how the figure of the Black mother has become a powerful political category Mothering while Black has become synonymous with crisis as well as a site of cultural interest empathy fascination and support Cast as suffering and traumatized by their proximity to Black death especially through medical racism and state sanctioned police violence Black mothers are often rendered as one dimensional symbols of tragic heroism In contrast Nash examines Black mothers self representations and public performances of motherhood including Black doulas and breastfeeding advocates alongside celebrities such as Beyoncé Serena Williams and Michelle Obama that are not rooted in loss Through cultural critique and in depth interviews Nash acknowledges the complexities of Black motherhood outside its use as political currency Throughout Nash imagines a Black feminist project that refuses the lure of locating the precarity of Black life in women and instead invites readers to theorize organize and dream into being new modes of Black motherhood

Emotion, Cognition, and the Virtue of Flexibility Isabel Kaeslin, 2023-10-04 Should emotions play a role in our decisions even if they are just feelings and not necessarily imbued with reason or cognitively penetrated The author shows that such basic feelings as aversion and attraction can be important normative guides by disrupting engrained habits and beliefs enabling us to reconsider our ways which is important due to the ever changing nature of ethical demands on us Therefore these feelings should guide our decisions even if they are not cognitive This book fills a gap in the philosophy of emotions ethics and virtue epistemology

Deleuze in Plain English Robert Flix, Philosophy has never been this alive or this strange *Deleuze in Plain English* is an unapologetically lucid and occasionally amused walk through the work of Gilles Deleuze France's quiet revolutionary who turned metaphysics into a form of rebellion From *Difference and Repetition* to *A Thousand Plateaus* from cinema to sensation from Spinoza to cyberspace this book unpacks Deleuze's wild conceptual universe without turning it into academic soup You'll meet a thinker who saw reality as a swarm of intensities time as a living creature and thought as a machine that could build new worlds Along the way you'll encounter his unlikely allies Spinoza Nietzsche Bergson Guattari Bacon Leibniz and follow the evolution of a philosophy that continues to infect art politics film and digital culture Clear without being simplistic witty without being dismissive *Deleuze in Plain English* offers both a guide for the uninitiated and a mirror for those already tangled in his folds

It s the perfect antidote to sterile academic prose philosophy for readers who like their thought alive unstable and humming with potential Weakness of Will from Plato to the Present (Studies in Philosophy and the History of Philosophy, Volume 49) Tobias Hoffmann,2008 In thirteen original essays eminent scholars of the history of philosophy and of contemporary philosophy examine weakness of will or incontinence the phenomenon of acting contrary to one s better judgment
