method is right for every child, renowned child care expert Dr. Charles E. Schaefer has created a guide that explains how and at what ages the four most popular methods work. Includes a tear-out list of important do's and don'ts. **Parent-Babble** John Rosemond, 2012-10-09. If you were to stack all the current parenting books on top of one another, the resulting pile would be nearly four times the height of the Freedom Tower. Parenting expert John Rosemond has dubbed this imaginary

narrative construction the Tower of Parent Babble and as was the case with the Tower of Babel the building blocks of its construction have led to mass confusion with frustrated anxious clueless and stressed out parents raising spoiled egocentric unfocused and unhappy children In Parent Babble Rosemond asserts that America has been in the throes of an ever deepening child rearing crisis since the 1970s and he explains how parents have moved away from the child rearing basics of the 1950s and 1960s to focus on raising children with high self esteem But what could be wrong with high self esteem Plenty according to Rosemond High self esteem is associated with anti social behavior and little regard for others In addition children reared on postmodern psychological parenting theories are 10 times more likely to experience a serious emotional setback by the age of 16 compared with children who grew up in the 50s and 60s In Parent Babble Rosemond deconstructs the faulty theories points out the experts who have led parents astray and calls for a return to values a return to civility and a return to raising healthy happy and productive adults *Toilet Training in Less Than a Day* Nathan Azrin, Richard M.
