Hundreds of thousands of US military personnel have been victims of sexual assault and harassment. This client workbook is an essential part of an integrative, evidence-based treatment developed over many years by Lori S. Katz, PhD, to help survivors of Military Sexual Trauma (MST). The only workbook of its kind, it provides a wide range of therapeutic exercises and activities to help survivors restore their sense of safety and reclaim their lives. These include obtaining an in-depth understanding of MST, opportunities for self-discovery, and engaging the body with movement and relaxation exercises in a context of support, caring, and validation. The book also explores the impact of MST on relationships and how to cultivate and sustain healthy relationships, intimacy, and sexuality. Additionally, the workbook can be used to help individuals who have experienced childhood and/or adult sexual abuse and trauma. Through Warrior Renew, survivors will be able to move forward in their lives by creating a new sense of identity, purpose, and self-worth.
