Runways & Racers Terry O'Neil, 2011 Runways and Racers focuses on sports car races held at military installations throughout America in the early 1950s. It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command, with both parties gaining advantages from the arrangement. The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events.

Triumph Motorcycles Illustrated Workshop Manual 1945-1955 Floyd Clymer, 2007-02-01 1945 to 1955 and later Models. An illustrated workshop manual covering Triumph twin-cylinder motorcycles from 1945 to 1955. This is a faithful reproduction of the Factory Workshop Manual No. 11 originally published in the US by Floyd Clymer. The major revision in the later pre-unit factory manuals was the addition of technical specifications for the T120 Bonneville 1959. Unfortunately, those revisions also included the deletion of repair data for rigid frame sprung hub and 3T models. This makes the Factory Workshop Manual No. 11 the most comprehensive.

are subjected to considerable confusion surrounding the appropriate selection from the multitude of originals and reprints of the various manuals that have recently flooded the online marketplace We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years Triumph Herald Owner's Workshop Manual J.
