Two Trains Running The Old Globe:

August Wilson Mary Ellen Snodgrass, 2015-03-10 Award winning African American playwright August Wilson created a cultural chronicle of black America through such works as *Ma Rainey's Black Bottom* *Fences* *Joe Turner's Come and Gone* *The Piano Lesson* and *Two Trains Running*. The authentic ring of wit anecdote homily and plaint proved that a self educated Pittsburgh ghetto native can grow into a revered conduit for a century of black achievement. He forced readers and audiences to examine the despair generated by poverty and racism by exploring African American heritage and experiences over the course of the twentieth century. This literary companion provides the reader with a source of basic data and analysis of characters dates events allusions staging strategies and themes from the work of one of America's finest playwrights. The text opens with an annotated chronology of Wilson's life and works followed by his family tree. Each of the 166 encyclopedic entries that make up the body of the work combines insights from a variety of sources along with generous citations each concludes with a selected bibliography on such relevant subjects as the blues Malcolm X irony roosters and Gothic mode. Charts elucidate the genealogies of Wilson's characters the Charles Hedley and Maxson families and account for weaknesses in Wilson's female characters. Two appendices complete the generously cross referenced work a timeline of events in Wilson's life and those of his characters and a list of 40 topics for projects composition and oral analysis.

Black Broadway Stewart F. Lane, 2017-07-19 The African American actors and actresses whose names have shone brightly on Broadway marquees earned their place in history not only through hard work perseverance and talent but also because of the legacy left by those who came before them. Like the doors of many professions those of the theater world were shut to minorities for decades. While the Civil War may have freed the slaves it was not until the Civil Rights Movement of the 1960s that the playing field began to level. In this remarkable book theater producer and historian Stewart F. Lane uses words and pictures to capture this tumultuous century and to highlight the rocky road that black actors have travelled to reach recognition on the Great White Way. After the Civil War the popularity of the minstrel shows grew by leaps and bounds throughout the country. African Americans were portrayed by whites who would entertain audiences in black face. While the depiction of blacks was highly demeaning it opened the door to African American performers and by the late 1800s a number of them were playing to full houses. By the 1920s the Jazz Age was in full swing allowing black musicians and composers to reach wider audiences. And in the thirties musicals such as George Gershwin's *Porgy and Bess* and Eubie Blake's *Swing* It opened the door a little wider. As the years passed black performers continued to gain ground. In the 1940s Broadway productions of *Cabin in the Sky* *Carmen Jones* and *St. Louis Woman* enabled African Americans to demonstrate a fuller range of talents and Paul Robeson reached national prominence in his award winning portrayal of Othello. By the 1950s and 60s more black actors including Ruby Dee Ossie Davis and Sidney Poitier had found their voices on stage and black playwrights and directors had begun to make their marks. *Black Broadway* provides an entertaining poignant history of a Broadway of which few are aware.
