

The background of the cover is a photograph of a grassy field. In the foreground, there are three large, dark, ribbed, dome-shaped objects that resemble giant water bugs or perhaps alien landings. They are arranged in a triangular pattern, with one in the center foreground and two behind it. The title text is overlaid on the upper portion of the image.

night in Pascagoula First published in 1983 by Wendelle Stevens Republished in 2017 by FLYING DISK PRESS **The Pascagoula River Alien Contact (1973)** Patrick Gunn, 2025-05-11 The Pascagoula River Alien Contact 1973 A Definitive Account of One of America's Most Chilling UFO Encounters On a quiet night in October 1973 two Mississippi men Charles Hickson and Calvin Parker claimed to have had a terrifying close encounter while fishing along the banks of the Pascagoula River What followed was one of the most controversial and compelling alien abduction stories in American history and one that continues to spark debate among UFO researchers skeptics and believers alike In The Pascagoula River Alien Contact 1973 you'll explore a comprehensive evidence based analysis of this extraordinary event This book dives deep into eyewitness testimonies police transcripts media reactions psychological effects and government investigations You'll also uncover how the incident influenced pop culture paralleled other abduction cases from the 1970s and became embedded in local folklore Perfect for fans of true UFO accounts paranormal phenomena and unexplained mysteries this book offers A detailed timeline of the incident and aftermath In depth psychological profiles of the witnesses Comparisons to other landmark alien abduction cases Exploration of 1970s UFO culture and government responses Insight into the role of media folklore and memory in shaping public belief Whether you're a skeptic a believer or simply curious this book challenges your assumptions and invites you to reexamine one of the most enduring unsolved cases in modern history Dare to explore the unknown Start with Pascagoula [Beyond Reasonable Doubt](#) Dr Philip Mantle Irena Scott, 2023-05-28 BEYOND REASONABLE DOUBT The Pascagoula Alien Abduction By Philip Mantle and Irena McCammon Scott PhD Foreword by Calvin Parker The date was October 11th 1973 the location was the Pascagoula River Mississippi Two shipyard workers Charles Hickson age 42 and Calvin Parker age 18 decided to go fishing on the river after work Both anglers were not having much luck that night and they thought about calling it a night when something happened that would change their lives forever A dazzling blue light from behind them illuminated the entire scene Turning round both men watched in awe as a rugby ball shaped object descended A door opened and three bizarre looking humanoid entities glided out across to the two terrified onlookers Both Parker Hickson later that night made their way to their local Sheriff's Department to tell them that they had been abducted by aliens It wasn't long before the story found its way into the media and the story went around the world Charles Hickson readily told his story but Calvin Parker wanted simply to be left alone Hickson co authored a book with William Mendez in 1983 and it wasn't until 2018 that Calvin Parker finally told his story in full for the first time It was Calvin Parker's book and subsequent publicity that made this case probably the best documented such event on record It wasn't necessarily what Calvin Parker related in his two books but it is what happened when they were published Much to everyone's surprise more and more firsthand eyewitnesses began to step forward A number of these witnesses reported seeing something's few days prior to the Parker Hickson encounter and others a few days after UFO sightings were made in and around Pascagoula Mississippi and in neighbouring states as well Added to that more eyewitnesses stepped forward with

their accounts of what they observed on the very same night that being October 11th 1973 Two of these witnesses were quite literally on the other side of the Pascagoula River that night at the very same time as Parker and Hickson were experiencing their close encounter Not only were they on the other side of the river but they too have related a sequence of events that could indicate that they two had a similar encounter to the two fishermen on the opposite side of the river The full story of these two witnesses and all of the others are detailed here in full One last thing that has left the authors completely baffled is what could be proof of a physical contact with something by Parker and Hickson that night Both men reported that when the bizarre looking humanoids took hold of them they felt a kind of scratch on prick similar to an injection The authors have uncovered a document written on October 13th 1973 just two days after the encounter which describes a physical examination of the two men and that puncture wounds were located on Charles Hickson s arm and Calvin Parker s foot The document located in 2018 also mentioned that photographs of these marks were taken In the file sadly there was no sign of these photographs In 2021 when this book was being written the authors received an email from a colleague that mentioned he had accidentally found a couple of photos that he thought we would be interested in The photographs in question were those mentioned in the puncture wounds document obtained 3 years earlier and show marks on Charles s Hickson s arm and Calvin Parker s foot These photos will be published here for the first time ever This book concentrates on the independent eyewitness testimony the puncture wounds evidence the hypnosis sessions of the new witnesses and of Calvin Parker both of which were conducted exclusively for this book and it is left for the reader to draw their own conclusion **Taken: Real**
