

De levensgeschiedenis van Frederik van der Vis

Frederik van der Vis werd geboren te Oost in 1842 en overleed daar in 1925. Hij heeft ons zijn levensverhaal in een twee-regelig rijm nagelaten. De heer Th. van Heerwaarden heeft dit handschreef document uitgetypt en daarvan een leurig boek van 168 pagina's samengesteld. Hiervoor zijn wij beiden zeer dankbaar. In Texelse geslachten (Dj't en Dj't 1970) wordt deze van der Vis vermeld op blz. 208 als gehuwd met Neeltje List, weduwe van Jan Maartensz. Baa. Blijkens het boek trouwden zij op 11 juni 1871 en had hij toen een gezin met vijf stiefkinderen, die hij als eigen kinderen heeft opgevoed. Op één kind na overleedde hij allen. Die verliesen beschrijft hij ontroerend. Ook in alle familie-omstandigheden geeft hij ons een duidelijk inzicht. Namen worden weer menen met een eigen karakter. De werkhust en de armoede van die tijd komt telkens treffend naar voren. Toen Frederik acht jaar oud was, moest hij een jaar van school omdat zijn vader - van beroep visser - rijt in zijn rechterhand had en daardoor niet kon varen. Freck moest toen met zijn broer Piet met de schuit vissen. Om de winter door te komen, zochten zij aardappelen, die op het land waren achtergebleven bij een oom, die in Eijerland boerde. De schuit, die daar aan de dijk lag, maakte in de storm op drift met de aardappelen en hun spullen en alles ging verloren. Toen moest met venen de kost worden verdiend, waarbij in Eijerland voor een emmer mosselen 15 centen kon worden ontvangen. Moeder ventte ook in de sinterklaastijd met taal-taal en speculans, waarbij ze in de polder bij boeren in de schuur bleef slapen. Met broodjes en koek stond ze met hulp van de kinderen in een kraam op het ijs. Ze liep met een intekenijst, waarmee ze driehonderd guldens wist op te halen. Gelukkig hielp Laurens Willem Bakker hun met een lening zodat ze voor sevenhonderd guldens een schuitje konden kopen. Fredrik mocht toen nog twee jaar naar school en de broers Dirk en Piet gingen weer vissen. Dan gaat Piet bij „een aar“ varen. Gebruikelijk was toen dat knechten zich voor één jaar verhuurden tegen een voorsigtig vastgesteld vast jaarloon met de kost. Over een maatschapscontract of deeloon wordt door van der Vis niets vermeld. De nog zo jonge Fredrik komt bij broer Dirk aan boord en beiden vissen voor hun ouders. Met het zware, natte en koude werk

van aalzeilen waarbij de eijer werd gebruikt, kon in de wintermaanden 100 kilo paling per week worden gevangen, waarvoor een besomming van dertig guldens mogelijk was. In maart/april begon de schelpenvisserij in het Eijerlandse Gat. Met lange stokken, voorzien van beugels en niet en bovendien een extra stuk touw om als tweede man te kunnen trekken, werd de zware last telkens aan boord getild. De eerste jaren hadden zij nog geen ier aan boord, zodat alles op telen en maakracht aankwam. Bij de rogaloos werd gelost in tjalken of werden de schelpen met de kruiwagen op grote hopen op de wal gereden. Zaterdag vond Fredrik de mooiste dag. Dan hadden zij per schuit dertig of veertig guldens ontvangen en zeilden ze naar Oost om de Zondag te vieren. In de zomermaanden was het de tijd van het viernachtsduin dat met de nabehandeling uitvoerig wordt beschreven. In maart 1857 beleefden Fredrik en zijn broer een hachelijk avontuur. Om van een gestrand schip goederen te bergen, voeren bij slecht weer vele schuiten uit naar de plek waar ook de Lutine was vergaan. Hun schip sloeg om en bijna verdronken de gebroeders. Toen Feilman met zijn schuit deed een vergeefse poging, een andere collega, Simon Sijbrandus Dijkster, wist broer Dirk te redden. Toen kwam Jacob Willemus, boon met zijn knecht met volle zeilen naar de gekapselde schuit en bij de tweede poging wist de Fredrik van de gladde scheepsbodem te halen. De schuit van van der Vis werd later als een wrak naar Oudeschild gesleept, waar heffingbaas Jan Mole naar direkt begon met de reparatie en daaraan voor tweehonderd guldens versprekende. Aan zeilen, touw, gereedschap, kooigoed en kleren kwam daar nog eens honderd guldens bij en toen konden ze weer vissen. Toen Fredrik 18 jaar was ging hij als knecht bij Piet Rilen varen voor een jaarloon van honderd en dertig guldens met vrije kost. Het was weer aalzeilen, maar ook oesterkorren, wat Frederik nog niet eerder had gedaan. Daarna het bekende schelpenvissen. Ellen bracht de schelpen zelf naar Makkum, ook al was het weer soms bar en boos. Ook maakten ze een reis naar Baamsbrugge, waarbij ze door Amsterdam voeren. Bij de lading werd Frederik vrijgesteld van militaire dienst. Korte tijd voer hij toen bij Jan Pieterus. Wuis, waarmee hij het slecht kon vinden. Ondanks dat

Wuis zijn zwager werd, zocht hij ander werk en toen hij twintig jaar was ging hij zelf als schipper varen op de schuit van zijn ouders, waarbij zijn broertje Simon als knecht meeging. In december 1863 bedreigde een Noordwesterstorm de dijken, waarbij negen schuiten verloren gingen en vele huizen werden beschadigd. Op het Vagkenrand bij Toelstroom verging een schoener, De zwaluw, waarbij negen mensen verdronken. Frederik borg een deel van de lading witte suiker, die hij niet aanbracht bij de strandvondert. Broer Simon werd opgeroepen voor militaire dienst doch werd afgekeurd, zodat hij knecht kon blijven. Toen vader op 68-jarige leeftijd kwam te overlijden voeren ze voor hun moeder. Op de avond dat in 1868 „Sinterklaas gespeeld werd in Oosterend“ kreeg Fredrik, die ook verkleed was, van zijn nuster het bericht dat een schip is gestrand op de Noorderhaaka. De verkleedpartij was gelijk af en zo snel mogelijk werd geprobeerd er bij te komen. Het bleek de „Adriana Martina“ te zijn, een wit geschilderde schoener, die met de lading van melasse, suiker en katoen, reddeloos verloren was. De gebroeders laadden hun schuit vol met nat geworden suiker en probeerden naar binnen te komen. De vloed was af en het was ondoenlijk tegen de ebstroom op te roeien en daarom werd op de Hoordershor in stil water geankerd. De geroemde postvliet kwam van Texel en aan boord bevonden zich een rijksagent en een brigadier, die bij hun aan boord kwamen en een proces wegens neerrol en/of smokkelen was daarvan het gevolg. De bewering dat de van der Vissen de lading op Texel of in Den Helder zeilen aanbrengen hielp ze niet evenmin als het verhaal dat ze in dit tij wilden wachten om niet te behoeven roeien. De zaak kwam in Alkmaar voor. De eis was zes weken gevangenisstraf, maar de uitspraak luidde vrijspraak. Toen ging de Officier van Justitie in hoger beroep en werd de zaak voor het gerechtshof in Amsterdam gebracht. 'n Dure advocaat werd aangetrokken maar diens hulp baatte niet, want de uitspraak van het vonnis luidde: Zes maanden eenzame opsluiting in de gevangenis voor alle elf Texelse vissers. Alle betrokkenen en behenden op Texel waren perplex. Zij voelden zich bedrogen en beknut in hun rechten. Van der Vis schreef zijn ergenis van zich af met veel rijmregels, waaronder:

Uit De Levensgeschiedenis Van Woorden Introduction

In today's digital age, the availability of *Uit De Levensgeschiedenis Van Woorden* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *Uit De Levensgeschiedenis Van Woorden* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *Uit De Levensgeschiedenis Van Woorden* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *Uit De Levensgeschiedenis Van Woorden* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *Uit De Levensgeschiedenis Van Woorden* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *Uit De Levensgeschiedenis Van Woorden* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *Uit De Levensgeschiedenis Van Woorden* books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Uit De Levensgeschiedenis Van Woorden books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Uit De Levensgeschiedenis Van Woorden books and manuals for download and embark on your journey of knowledge?

FAQs About Uit De Levensgeschiedenis Van Woorden Books

1. Where can I buy Uit De Levensgeschiedenis Van Woorden books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Uit De Levensgeschiedenis Van Woorden book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
