Unlevel Playing Fields Understanding Wage Inequality And Discrimination Paperback:

Unlevel Playing Fields Randy Pearl Albelda, Robert William Drago, Steven Shulman, 1997 *Unlevel Playing Fields*
Randy Albelda, Randy Pearl Albelda, Robert William Drago, Steven Shulman, 2004 **Unlevel Playing Fields** Albelda,
Unlevel Playing Fields, 3rd Edition Randy Albelda, Robert Drago, Steven Shulman, 2009 *Discrimination at Work* Robert
L. Dipboye, Adrienne Colella, 2013-06-17 This edited volume in the SIOP Organizational Frontiers series brings together top
scholars in Industrial and Organizational Psychology with social psychologists to explore the research and theory relating to
the various areas of workplace discrimination *Product Market Structure and Labor Market Discrimination* John S.
Heywood, James H. Peoples, 2006-01-19 Measures the relationship between market competition and the treatment of women
minorities and the disabled in the workplace **Handbook of Research on Gender and Economic Life** Deborah M.
Figart, Tonia L. Warnecke, 2013-01-01 The excellent list of themes and chapters in this volume reflects the maturity reached
by feminist economics in its different dimensions Based on the notion of social provisioning for all as the basic objective of
economics they represent a challenge to conventional economic thought and they show the importance of understanding
theory institutions empirical work and policy from a gender perspective The global perspective provided through themes and
authors is a very useful contribution to the literature Lourdes Bener a Cornell University US Standard economics has a
narrow and distorted vision of what the economy is and how it works Gender scholars are on the forefront of developing
better more encompassing models of human provisioning for well being This volume presents a wonderful sampling of these
new theoretical and empirical developments Paula England New York University US This is an impressive collection that
delves deeply and broadly into the myriad ways that gender shapes and alters economic lives and illuminates complex facets
of the economic and social provisioning process across the globe The chapters by an exciting variety of researchers policy
analysts and practitioners from numerous fields present a consistent and persuasive vision of economic well being as critical
to the flourishing of all people Myra H Strober Stanford University US In the aftermath of global economic downturn it has
never been more important to understand how gender relates to economic life and well being This interdisciplinary collection
of original research details key areas of intersection provides a comprehensive overview of the current state of research and
proposes avenues for further investigation The Handbook illuminates complex facets of the economic and social provisioning
process across the globe The contributors academics policy analysts and practitioners from wide ranging areas of expertise
discuss the methodological approaches to and analytical tools for conducting research on the gender dimension of economic
life They also provide analyses of major issues facing both developed and developing countries Topics explored include civil
society discrimination informal work working time central bank policy health education food security poverty migration
environmental activism and the financial crisis Economists sociologists and political scientists will find this book to be an
invaluable research tool as will academics researchers and students with an interest in economics particularly feminist

economics gender studies and global studies The End of American Labor Unions Raymond L. Hogler, 2015-03-30 By examining the history of the legal regulation of union actions this fascinating book offers a new interpretation of American labor law policy and its harmful impact on workers today Arguing that the decline in union membership and bargaining power is linked to rising income inequality this important book traces the evolution of labor law in America from the first labor law case in 1806 through the passage of right to work legislation in Michigan and Indiana in 2012 In doing so it shares important insights into economic development exploring both the nature of work in America and the part the legal system played and continues to play in shaping the lives of American workers The book illustrates the intertwined history of labor law and politics showing how these forces quashed unions in the 19th century allowed them to flourish in the mid 20th century and squelched them again in recent years Readers will learn about the negative impact of union decline on American workers and how that decline has been influenced by political forces They will see how the right to work and Tea Party movements have combined to prevent union organizing to the detriment of the middle class And they will better understand the current failure to reform labor law despite a consensus that unions can protect workers without damaging market efficiencies *Poverty and Power* Edward Royce, 2015-01-21 Poverty and Power asserts that American poverty is a structural problem resulting from failings in our social system rather than individual failings of the poor The second edition has been revised throughout with new statistical information analysis of the recent recession the Obama presidency increasing political polarization and more **Employment Relations in the United States** Raymond L Hogler, 2004 This book presents an overview of the economic political and social forces that shaped contemporary employment relations practices in the United States
