Intellectual Property, Finance and Corporate Governance Janice Denoncourt, 2018-04-19 IP law has evolved from being a little pool to a big ocean Corporate governance needs to respond to society's rising expectations of directors and boards as the impact of the global intellectual property ecosystem is felt How can a responsible corporate culture of IP transparency be stimulated to create a rosy future to connect corporate communication with the desires of shareholders investors and other stakeholders The astonishing lack of material quantitative and qualitative information companies report about their IP assets makes it difficult for shareholders and other stakeholders to assess directors stewardship of those assets a pressing corporate governance issue in the 21st century This book advances IP reporting in alignment with the key corporate governance principles of transparency and disclosure It analyses the juncture between the IP ecosystem corporate finance and accounting for intangibles and corporate governance Patents mini case studies and an original business triage style model for assessing IP disclosures are used to illustrate the gaps corporate governance theory needs to address Focussing on the common law tradition of corporate governance in England and Wales intangibles and IP reporting developments in other jurisdictions are also explored

Boardroom Behaviour and the Law Samet Caliskan, Pereowei Subai, 2025-03-28 This book examines how various areas of law collectively influence the relationship between a company and its directors particularly in safeguarding the long term interests of stakeholders Directors inappropriate actions can expose a company to significant corporate risks particularly in relation to regulatory violations such as breaches of competition law When directors engage in such misconduct company law and corporate governance provide certain control mechanisms that allow the company to manage these risks Additionally directors can be discouraged from engaging in such behaviour by the threat of being held accountable for violations of competition law This book evaluates various tools designed to regulate directors behaviours and ensure accountability

questioning whether the legal frameworks strike the right balance between corporate liability and personal accountability It argues that these mechanisms do not sufficiently protect the long term interests of stakeholders and that shortcomings in the law leave companies vulnerable to directors misconduct which cannot be adequately addressed through traditional risk management strategies This book will be of interest to researchers in the field of corporate law competition law and corporate governance

The Future of Intellectual Property Daniel J. Gervais, 2021-05-28 This forward looking book examines the issue of intellectual property IP law reform considering both the reform of primary IP rights and the impact of secondary rights on such reforms It reflects on the distinction between primary and secondary rights offering new international perspectives on IP reform and exploring both the intended and unintended consequences of changing primary rights or adding secondary rights

The Professional Standards of Executive Remuneration Consultants Calvin Jackson, 2023-05-01 Love them or hate them executive remuneration consultants are key players in remuneration committees pay determination processes This book concerns the professional standards of executive remuneration consultants and their in house counterparts for example Human Resources Director and Head of Reward in providing remuneration committee advisory services The author is a 25 year veteran executive remuneration consultant having worked around the world in this capacity particularly in the financial services sector This book is based on a qualitative empirical doctoral research exercise involving 53 participants in the UK executive pay scene including regulators institutional shareholder bodies proxy advisors remuneration committees chairs members executive remuneration consultants and in house executive reward specialists The objective was to formulate conclusions that could be used to the benefit of UK practice and contribute to the relevant academic scholarship on executive remuneration consultants The research covered 18 aspects ranging from an examination of the independence of such consultants to whether there might be a specialised accreditation qualification and or licence to practise regime covering their services It provides novel insights into this previously under researched area of corporate governance financial regulation This book will be of interest to those involved in the UK executive remuneration scene whether government regulators or any of the other parties mentioned already plus academics in universities and business schools It is hoped too that overseas remuneration regimes that have respects in common with the UK s will find this book useful
