Unser Prsident Wilhelm Pieck:

Textbook Reds John Rodden, 2010-11-01 Textbook Reds is a work in the sociology of education and literary sociology and history Rodden shows that the deepest roots of German Democratic Republic society were indeed located in the institution that molded the youth of its citizens **East Germany Under Soviet Control** United States. Department of State. Office of Public Affairs, 1952 *The Parteihochschule Karl Marx under Ulbricht and Honecker, 1946-1990* Dietrich Orlow, 2022-01-01 Presenting the history of an unexplored yet significant institution in East Germany this book analyses the development of the Parteihochschule Karl Marx PHS a training institute for Communist party officials and members of the functional elite By chronicling the PHS from its establishment in 1946 the author demonstrates how it sought to implement Stalin's rule and sheds light on the activities of the Socialist Unity Party of Germany SED in the German Democratic Republic The book focuses on the leadership of Walter Ulbricht and Erich Honecker as First Secretary and General Secretary of the SED respectively and examines key personalities within the PHS The activities of party functionaries under the rule of Hanna Wolf and Kurt Tiedke are scrutinised revealing the dogmatic nature of the East German regime An essential read for anyone interested in German history and East European Communism this book brings to light one of the key institutions in implementing Stalinism and Marxism Leninism in the German Democratic Republic **Socialist Realism in Central and Eastern European Literatures under Stalin** Evgeny Dobrenko, Natalia Jonsson-Skradol, 2018-02-15 Socialist Realism in Central and Eastern European Literatures is the first published work to offer a variety of alternative perspectives on the literary and cultural Sovietization of Central and Eastern Europe after World War II and emphasize the dialogic relationship between the centre and the satellites instead of the traditional top down approach The introduction of the Soviet cultural model was not quite the smooth endeavour that it was made to look in retrospect rather it was always a work in progress often born out of a give and take with the local authorities intellectuals and interest groups Relying on archival resources the authors examine one of the most controversial attempts at a cultural unification in Europe by providing an overview with a focus on specific case studies an analysis of distinct particularities with attention to the patterns of negotiation and adaptation that were being developed in the process *Poland, Documents and Reports*, 1950 **Elections and Political Parties in Germany, 1945-1952** United States. Office of High Commissioner for Germany. Office of Executive Secretary, 1952 **Archaeology of the Political Unconscious** Jennifer Williams, 2024-09-03 This book investigates the aesthetic and political dialectics of East Berlin to argue how its theater and opera stages incited artists to act out and resist the troubled construction of political legitimacy This volume investigates three case studies of how leading East Berlin stages excavated fragmentary materials from Weimar dramatist Bertolt Brecht's oeuvre and repurposed them for their post fascist society Uta Birnbaum's 1967 *Man Equals Man* at the Berliner Ensemble Joachim Herz's 1977 *Rise and Fall of the City of Mahagonny* at the Komische Oper and Heiner Müller's own productions of his trailblazing plays In each instance reused

theatrical artifacts dialectically expressed the contradictions inherent in East German political legitimacy at once amplifying and critiquing it Illuminated by original archival research and translations of letters and artistic ephemera published in English for the first time and engaging with alternative East German feminist epistemologies this book s critical investigation of culture and political legitimacy in the shadow of Germany s fascist past resonates beyond the Iron Curtain into the twenty first century Its final chapter examines how performative artifacts influence the process of political legitimation in more recent history ranging from Checkpoint Charlie tourism to the January 6 2021 US insurrection This study will be of great interest to students and scholars in theater and performance studies art history musicology German studies anthropology and political science
