Unwelcome Strangers American Identity And The Turn Against Immigration

Silvia Giagnoni

Unwelcome Strangers American Identity And The Turn Against Immigration:

Unwelcome Strangers David M. Reimers, 1998 Charting the history of US immigration policy from the Puritan colonists to World War II refugees this text uncovers the arguments of the anti immigration forces including warnings against the consequences of overpopulation and economic concerns that immigrants take jobs away from Americans Here We May Rest Silvia Giagnoni, 2017-04-01 Hailed as the most restrictive immigration bill in the nation the Beason Hammon Alabama Taxpayer Citizen Protection Act known as HB 56 went into effect in September 2011 Its intent was to create jobs for Alabamians by making the lives of undocumented immigrants in the state impossible so that they would self deport It failed Here We May Rest offers a comprehensive explanation of how and why HB 56 came about and reports on its effects on immigrant communities Author Silvia Giagnoni argues that the legislation was anti immigrant not merely anti illegal immigration as its proponents claimed Building a case against the legalistic framework through which the bill was promoted Giagnoni dissects the role the media and Fox News specifically played in criminalizing immigrants as well as mainstreaming immigrant haters which created the xenophobic climate that paved the way for the Trump Presidency The new immigrants of Alabama take center stage in the second part of the book reclaiming their role in the cultural social and economic development of the state Giagnoni concludes with an appeal against any form of social segregation because only direct contact massive prolonged equal and intimate as Howard Zinn argued will cure the stereotyping and prejudice that feed ignorance and foster fear

Remapping Asian American History Sucheng Chan, 2003 Remapping Asian American History exemplifies the emerging trends in the writing of Asian American history and fills substantive gaps in our knowledge about particular Asian ethnic groups Edited by noted scholar Sucheng Chan the essays in this volume uses new frameworks such as transnationalism the political contexts of international migrations and a multipolar approach to the study of contemporary U S race relations These concerns often ignored in earlier studies that focused on social and economic aspects of Asian American communities challenge some long held assumptions about Asian American communities and point to new directions in Asian American historiography Historians students and teachers of anthropology Asian and Asian American Studies race and ethnic studies U S immigration history and American Studies will find this collection invaluable

All-American Nativism Daniel Denvir, 2020-01-14 It is often said that with the election of Donald Trump nativism was raised from the dead After all here was a president who organized his campaign around a rhetoric of unvarnished racism and xenophobia Among his first acts on taking office was to issue an executive order blocking Muslim immigrants from entering the United States But although his actions may often seem unprecedented they are not as unusual as many people believe This story doesn't begin with Trump For decades Republicans and Democrats alike have employed xenophobic ideas and policies declaring time and again that illegal immigration is a threat to the nation's security wellbeing and future The profound forces of all American nativism have in fact been pushing politics so far to the right over the last forty years that for

many people Trump began to look reasonable As Daniel Denvir argues issues as diverse as austerity economics free trade mass incarceration the drug war the contours of the post 9 11 security state and yes Donald Trump and the Alt Right movement are united by the ideology of nativism which binds together assorted anxieties and concerns into a ruthless political project All American Nativism provides a powerful and impressively researched account of the long but often forgotten history that gave us Donald Trump

Driven Out Jean Pfaelzer,2008-08 This sweeping and groundbreaking work presents the shocking and violent history of ethnic cleansing against Chinese Americans from the Gold Rush era to the turn of the century

Hispanics in the American West Jorge Iber,Arnoldo De León,2005-11-07 This work provides a revealing look at the history of Hispanic peoples in the American West or from the Mexican perspective El Norte from the period of Spanish colonization through the present day Hispanics in the American West portrays the daily lives struggles and triumphs of Spanish speaking peoples from the arrival of Spanish conquistadors to the present highlighting such defining moments as the years of Mexican sovereignty the Mexican American War the coming of the railroad the great Mexican migration in the early 20th century the Great Depression World War II the Chicano Movement that arose in the mid 1960s and more Coverage includes Hispanics of all nationalities not just Mexican but Cuban Puerto Rican Salvadoran and Guatemalan among others and ranges beyond the traditional Hispanic states Texas California Arizona New Mexico and Colorado to look at newer communities of Spanish speaking peoples in Oregon Hawaii and Utah The result is a portrait of Hispanic American life in the West that is uniquely inclusive insightful and surprising

Human Rights and Social Justice Carole Cox,Tina Maschi,2022-10-31 Human Rights and Social Justice Key Issues and Vulnerable Populations is a comprehensive text that focuses on central issues of human rights and justice and links them directly with social work competencies and practice Drawing attention to oppression and multiple forms of disadvantage and discrimination based on a person s identity and social location this volume develops an integrated framework to advance human rights and social economic and environmental justice with vulnerable populations and communities across all three levels of practice Each chapter written by leading scholars in their respective fields is designed to enhance students awareness knowledge and understanding of key theories and issues related to diversity human rights and equity Broken into sections providing theory practice and case study illustrations the chapters will first explain and argue that each person regardless of their position in society has basic human rights Students will then see how these knowledges translate into practice through clear and engaging cases that reinforce skills and behaviors that social workers may use to advocate for human rights and ensure that they are distributed equitably and without prejudice Providing a broad overview of social justice and rights based challenges and connecting theory to the profession s core competencies this book is an excellent companion for social work students and faculty engaged in foundation and advanced courses in practice with individuals groups and communities and diversity and oppression

The Wiley Blackwell Companion to Religion and Politics in the U.S. Barbara A. McGraw,2016-04-15 The Wiley

Blackwell Companion to Religion and Politics in the U S provides a broad inclusive and rich range of chapters in the study of religion and politics Arranged in their historical context chapters address themes of history law social and religious movements policy and political theory Broadens the parameters of this timely subject and includes the latest work in the field Draws together newly commissioned essays by distinguished authors that are cogent for scholars while also being in a style that is accessible to students Provides a balanced and inclusive approach to religion and politics in the U S Engages diverse perspectives from various discourses about religion and politics across the political and disciplinary spectra while placing them in their larger historical context

American by Birth Carol Nackenoff, Julie Novkov, 2022-10-13 American by Birth explores the history and legacy of Wong Kim Ark and the 1898 Supreme Court case that bears his name which established the automatic citizenship of individuals born within the geographic boundaries of the United States In the late nineteenth century much like the present the United States was a difficult and at times threatening environment for people of color Chinese immigrants invited into the United States in the 1850s and 1860s as laborers and merchants faced a wave of hostility that played out in organized private violence discriminatory state laws and increasing congressional efforts to throttle immigration and remove many long term residents The federal courts backed by the Supreme Court supervised the development of an increasingly restrictive and exclusionary immigration regime that targeted Chinese people This was the situation faced by Wong Kim Ark who was born in San Francisco in the 1870s and who earned his living as a cook Like many members of the Chinese community in the American West he maintained ties to China He traveled there more than once carrying required reentry documents but when he attempted to return to the United States after a journey from 1894 to 1895 he was refused entry and detained Protesting that he was a citizen and therefore entitled to come home he challenged the administrative decision in court Remarkably the Supreme Court granted him victory This victory was important for Wong Kim Ark for the ethnic Chinese community in the United States and for all immigrant communities then and to this day Though the principle had links to seventeenth century English common law and in the United States back to well before the American Civil War the Supreme Court's ruling was significant because it both inscribed the principle in constitutional terms and clarified that it extended even to the children of immigrants who were legally barred from becoming citizens American by Birth is a richly detailed account of the case and its implications in the ongoing conflicts over race and immigration in US history it also includes a discussion of current controversies over limiting the scope of birthright citizenship

Building Coalitions, Making Policy Martin A. Levin, Daniel DiSalvo, Martin M. Shapiro, 2012-06-04 Getting past No in an age of partisan noise In an age when partisan politics has reached a deafening and arguably impotent pitch how does the real work of politics get done This book opens the door on backroom politics and gives readers an insider's perspective on the efforts of policymakers from three presidential administrations to get past the naysayers and effect real and lasting policy changes The editors take a comparative approach offering a thorough overview of policymaking during the Clinton and George W Bush

administrations with further discussion of President Obama's successful and failed attempts to build coalitions and get past no. The contributors, a national network of prominent political scientists, reveal the sausage making of politics and policy. Readers can almost see the political players in the proverbial smoke-filled room, shirtsleeves rolled up and BlackBerrys in hand, developing the strategies and hammering out the compromises designed to hold the party base while winning over independent voters. Combining an insider's perspective with actual case studies, the volume examines the policymaking behind such programs as No Child Left Behind, tax cuts, Social Security privatization, Medicare prescription drug reform, education and immigration reform, environmental policy, judicial politics, national security. Covering all major areas of policymaking, *Building Coalitions Making Policy* gives instructors in political science, public administration and policy, American government and American presidential studies plenty of provocative examples for classroom debate.

This Captivating Realm of E-book Books: A Thorough Guide Revealing the Pros of E-book Books: A World of Convenience and Versatility E-book books, with their inherent portability and simplicity of access, have freed readers from the constraints of hardcopy books.
