Unyielding Desire After The End 1:

The Role and Extent of a Proportionality Analysis in the Judicial Assessment of Human Rights Limitations within International Criminal Proceedings

Nicolas A.J. Croquet, 2016-01-12 The aim of this monograph is to analyze how the International Criminal Tribunal for the former Yugoslavia the International Criminal Tribunal for Rwanda and the International Criminal Court have resorted to proportionality and other limitation techniques when placing implied external limits upon the exercise of substantive and procedural human rights enjoyed by the accused and other actors affected by international criminal proceedings Implied external limits in this context are defined as those limits that override the exercise of a human right on public interest grounds or on grounds relating to competing human rights and that either fall outside the scope of a limitation qualification clause of an international criminal court's internal legal instruments or go beyond its express and ordinary terms The present monograph will point to various sources of legal uncertainty which international criminal courts have generated in the limitation process of those human rights relevant to international criminal proceedings and to the definition of international crimes The monograph will examine the relation between human rights limitations on human rights standards and proportionality under international criminal procedural law and international criminal law understood substantively in light of the limitation and proportionality practices of international human rights monitoring bodies

Michael Gerli, 2011-01-01 One of the most widely read and translated Spanish works in sixteenth century Europe was Fernando de Rojas Celestina a 1499 novel in dialogue about a couple that faces heartbreak and tragedy after being united by the titular brothel madam In Celestina and the Ends of Desire E Michael Gerli illustrates how this work straddles the medieval and the modern in its exploration of changing categories of human desire from the European courtly love tradition to the interpretation of want as an insatiable destructive force Gerli s analysis draws on a wide range of Celestina scholarship but is unique in its use of modern literary and psychoanalytic theory to confront the problematic links between literature and life Explorations of influence of desire on knowledge action and lived experience connect the work to seismic shifts in the culture of early modern Europe Engaging and original Celestina and the Ends of Desire takes a fresh look at the timeless work s widespread appeal and enduring popularity
