

Urinary & Fecal Incontinence

NURSING MANAGEMENT

SECOND EDITION

DOROTHY B. DOUGHTY

Urinary And Fecal Incontinence Nursing Management

Donna Z. Bliss

Urinary And Fecal Incontinence Nursing Management:

Urinary and Fecal Incontinence Dorothy Beckley Doughty, 1991 **Geriatric Nursing Protocols for Best Practice** Mathy Doval Mezey, 2003 The protocols in this thoroughly updated edition address key clinical conditions and circumstances likely to be encountered by a hospital nurse caring for older adults They represent best practices for acute care of the elderly as developed by nursing experts around the country as part of the Hartford Foundation's Nurses Improving Care to the Hospitalized Elderly project NICHE New to this edition are chapters on evaluating practice guidelines and measuring quality and outcome of care Although the protocols were developed for acute care they can be easily modified to work in other practice settings such as the nursing home or home care Urinary & Fecal Incontinence Dorothy B. Doughty, 2005-12-15 Completely updated to reflect current practice the 3rd edition of this comprehensive resource provides a multi disciplinary in depth review of the physiology of continence the pathologic mechanisms producing incontinence and current treatment options for the various types of incontinence Assessment behavioral therapies and multidisciplinary care are emphasized as key elements in the treatment and management of incontinence In addition to the life span content discussed throughout the book an entire chapter is devoted to bowel and bladder management in children Authored and contributed by leaders in the Wound Ostomy and Continence Nurses Society WOCN Provides an in depth review of the physiology of continence the pathologic mechanisms producing incontinence and current treatment options to facilitate optimal assessment and care Features detailed assessment guidelines to help clinicians accurately identify causative and contributing factors and implement of a comprehensive management plan Discusses urinary incontinence and fecal incontinence in separate sections to address the special considerations for each in an organized focused easy to use format Features individual complete chapters for each of the following types of incontinence stress functional reflex neurogenic bladder and overactive bladder urge incontinence Devotes separate chapters to Pathology Management of Postprostatectomy Incontinence and Bowel and Bladder Management in Children to ensure comprehensive coverage of these topics Offers life span content to help clinicians provide appropriate care for patients in every stage of life Includes self assessment questions with answers and rationales for review and self testing Integrates multidisciplinary care throughout to highlight its importance in successful treatment Features a new chapter on Pathology Management of Postprostatectomy Incontinence that provides detailed information on this increasingly important aspect of incontinence Includes content on the impact of spinal cord injury on bladder and bowel function **Evidence-Based Geriatric Nursing Protocols for Best Practice** Marie Boltz, 2012 Print CourseSmart Urinary and Fecal Incontinence Dorothy Beckley Doughty, 2000 URINARY AND FECAL INCONTINENCE NURSING MANAGEMENT presents the most current and relevant information needed by health professionals caring for patients with an incontinence problem Focusing on multidisciplinary incontinence management it covers each type of incontinence addressing evaluation pathology presentation and management of the condition This comprehensive resource includes new

chapters devoted to each type of incontinence bowel and bowel and bladder dysfunction in children and research and clinical issues In addition chapters on assessment and continence services have been significantly expanded Includes equal coverage of both urinary and fecal incontinence providing a comprehensive continence resource Targets key concepts by providing self assessment questions at the end of each chapter Provides comprehensive multiple choice questions at the end of the text to assist in preparing for the CWOCN or the CCN exam Contains a special section on pediatric conditions to address specific considerations and treatments for the pediatric patient Provides guidance in establishing continence services in a variety of settings such as outpatient clinics and long term care facilities Addresses each of the different types of incontinence acute transient stress urge reflex functional retention with overflow and intractable in pathology presentation and management to provide a comprehensive review of each of the conditions and the appropriate management options Authored and reviewed by members of the Wound Ostomy and Continence Nurses Society WOCN Incorporates nursing assessment and management of incontinence to focus on the role of the continence nurse in providing optimal patient outcomes Examines the physiology of bladder and bowel function to ensure a comprehensive understanding of the subject matter Provides learning objectives at the beginning of each chapter to guide the user Highlights important information in boxed format to enable the user to quickly focus on key points Contains illustrations and color plates which graphically illustrate conditions procedures and treatments

Textbook of Palliative Nursing Department of Nursing Education and Research City of Hope National Medical Center Betty R. Ferrell Research Scientist, Supportive Care Program Nessa Coyle Director, Pain & Palliative Service Department of Neurology Memorial Sloan-Kettering Cancer Center, 2005-11-10 Originally published in 2001 the Textbook of Palliative Nursing has become the standard text for the field of hospice and palliative care nursing In this new edition the authors and editors have updated each chapter to ensure that the content is evidence based and current references are included They also have retained the important focus on case studies throughout the text and practical clinically relevant tables figures and other resources Like the previous edition this text has an introductory section of the general principles of palliative care followed by a comprehensive section on symptom assessment and management encompassing twenty one different symptoms Other key sections include psychosocial support and spiritual care providing holistic perspective on care of patients facing advanced disease The text also includes an innovative section on special populations addressing those most in need of palliative care The textbook is a useful resource for all nurses with the excellent section on end of life care across settings In this new edition the pediatric palliative care section has been greatly expanded and includes seven separate chapters on pediatric care It includes a section on special issues addressing topics such as ethical considerations nursing research and public policy perspectives and concludes with a section presenting models of excellence including six international models This edition also offers a narrative on dying based on a spouse's perspective The text includes an appendix with an extensive list of resources for nurses in the field

Management of Fecal Incontinence for the Advanced Practice Nurse Donna Z. Bliss, 2018-07-30 The book describes the current management of fecal incontinence from an advanced practice nursing perspective It fills a gap in nursing knowledge promoting and showcasing the expertise and significant contribution of advanced practice nurses whose role is so important in the health care system Authors objectives are to disseminate information about evidenced based nursing care for the incontinent patient to improve outcomes and quality of life as well as to instruct nurses involved in continence care to practice at a high quality level The book is structured in chapters starting by explaining fecal incontinence and its impact on quality of life The second chapter discusses advanced practice continence nursing The epidemiology of fecal incontinence is reviewed to provide an appreciation of the scope of the problem Normal defecation and mechanisms to ensure continence are reviewed to improve understanding of the alterations resulting in fecal incontinence The next chapters focus on assessment diagnosis and management of fecal incontinence in various patient groups which parallels the delivery of care Since surgery is a treatment option in some cases a chapter explains surgical approaches and the postoperative nursing care As skin damage is the most common complication

of fecal incontinence there is a chapter about management of these associated problems The last chapter addresses managing fecal incontinence in the patient with urinary continence also Practice related chapters include a case study All chapters highlight key information in a box or table The intended readers are international advanced practice nurses who care for patients with incontinence as well as continence nurse specialists practicing at a general level General nurses interested in continence care might also be interested in reading the book Other disciplines who are part of the healthcare team may be interested in learning more about role of the advanced practice nurse **Gerontological Nursing** Kristen L. Mauk, 2013-03-15 Important Notice The digital edition of this book is missing some of the images or content found in the physical edition Gerontological Nursing Competencies for Care Second Edition is a comprehensive and student accessible text that offers a holistic and inter disciplinary approach to caring for the elderly The framework for the text is built around the Core Competencies set forth by the American Association of Colleges of Nursing AACN and the John A Hartford Foundation Institute for Geriatric Nursing Building upon their knowledge in prior medical surgical courses this text gives students the skills and theory needed to provide outstanding care for the growing elderly population This innovative text is the first of its kind to have over 40 contributing authors from many different disciplines Some of the key features of the text include chapter outlines learning objectives discussion questions personal reflection boxes case studies and more

Handbook of Clinical Nursing Research Ada Sue Hinshaw, Suzanne L. Feetham, Joan Shaver, 1999-06-18 This is a comprehensive but critical guide to the state of nursing research particularly in areas most relevant to current practice
