We are all doing our best to resolve these conflicts and to solve the critical challenges that we all face in the Digital Age, but our children and young adults are having a very difficult time in dealing with the realities of their young lives. We wrote this book because we want to engage all of our readers in each local community in frank, honest, down-to-earth, practical conversations about our K-12 schools as the foundation for our constitutional democracy. Without well-educated citizens, our government, our economy, and our society will not survive. And this is true regardless of the political beliefs of our readers across the political spectrum.
