owners of pre 1970 Triumph motorcycles are subjected to considerable confusion surrounding the appropriate selection from
the multitude of originals and reprints of the various manuals that have recently flooded the online marketplace We

encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years
