[Roma](#) Luis Unceta Gómez, 2019-12-19 La antigua Roma y su civilización han ejercido a lo largo de los siglos una importante influencia en la conformación de la cultura europea y occidental desde instituciones y regímenes políticos hasta manifestaciones artísticas y distintas formas de entretenimiento y hoy sigue teniendo un peso decisivo tanto en los ámbitos eruditos y canónicos como en los más populares Así los estudios de Tradición Clásica se han desarrollado en torno a obras y autores vinculados a la alta cultura y a su influjo posterior como modelos venerables solo más recientemente una nueva disciplina la Recepción Clásica se ha ocupado de las diversas reinterpretaciones y apropiaciones del acervo clásico reflejo de los intereses e inquietudes cambiantes de las sociedades y por ello a menudo con finalidades muy distintas a las que tuvieron en el momento de su creación Esto es algo que atestiguan muchas de las manifestaciones de la llamada cultura de masas Desde esta perspectiva la selección de textos de este volumen pretende ser ilustrativa de la recepción de Roma en la cultura popular contemporánea y representativa de la multiplicidad de reelaboraciones apropiaciones y reinterpretaciones que ha

tenido y sigue teniendo la civilización romana en nuestros días. Para ello se sirve de los ejemplos extraídos de las literaturas populares, rica de terror infantil y juvenil, el cine y la televisión, el cómico, los videojuegos, la música e incluso de la interpretación de los héroes romanos desde la perspectiva empresarial. Desde esta aproximación se aspira también a superar la distancia que suele haber entre los estudios académicos dedicados a la Antigüedad clásica y el gran público.

Raising Steam Terry Pratchett, 2014-03-18. NEW YORK TIMES BESTSELLER. The international bestselling author of the hilarious Discworld series, a writer who's been compared to Mark Twain and Kurt Vonnegut, introduces the first steam engine into his complex, zany fantasy world. Everything that makes Pratchett one of the world's most delightful writers. Cory Doctorow, author of *Boing Boing*, Mister Simnel has produced a great clanging monster of a machine that harnesses the power of all the elements: earth, air, fire and water, and it's soon drawing astonished crowds. To the consternation of Ankh-Morpork's formidable Patrician Lord Vetinari, no one is in charge of this new invention. Who better to take the lead than the man he has already appointed master of the Post Office, the Mint and the Royal Bank? Moist von Lipwig is not a man who enjoys hard work unless it is dependent on words which are not very heavy and don't always need greasing. He does enjoy being alive, however, which makes a new job offer from Vetinari hard to refuse. Moist will have to grapple with gallons of grease, goblins, a controller with a history of throwing employees down the stairs and some very angry dwarfs if he's going to stop it all from going off the rails.

Unseen Academicals Terry Pratchett, 2009-11-10. We play and are played, and the best we can hope for is to do it with style. Football has come to the ancient city of Ankh-Morpork. And now the wizards of Unseen University must win a football match without using magic, so they're in the mood for trying everything else. To do this they recruit an unlikely group of players: Trev, a street urchin with a talent for kicking a tin can; Glenda, the night chef who makes a mean pie; Juliet, the kitchen hand turned world's greatest fashion model; and the mysterious Mr Nutt, who has something

powerful and dark locked away inside him And the thing about football the important thing about football is that it is not just about football Here we go here we go here we go This isn't just football it's Discworld football Or to borrow another phrase it's about life the Universe and everything The Times No one mixes the fantastical and mundane to better comic effect Daily Mail Unseen Academicals is the seventh book in the Wizards series but you can read the Discworld novels in any order A Slip of the Keyboard Terry Pratchett,2014-09-23 A collection of essays and other non fiction from Terry Pratchett spanning the whole of his writing career from his early years to the present day Terry Pratchett has earned a place in the hearts of readers the world over with his bestselling Discworld series but in recent years he has become equally well known and respected as an outspoken campaigner for causes including Alzheimer's research and animal rights A Slip of the Keyboard brings together for the first time the finest examples of Pratchett's non fiction writing both serious and surreal from musings on mushrooms to what it means to be a writer and why banana daiquiris are so important from memories of Granny Pratchett to speculation about Gandalf's love life and passionate defences of the causes dear to him With all the humour and humanity that have made his novels so enduringly popular this collection brings Pratchett out from behind the scenes of the Discworld to speak for himself man and boy bibliophile and computer geek champion of hats orangutans and Dignity in Dying Snuff was the bestselling adult hardcover novel of 2011 A Blink of the Screen Terry's short fiction collection was also one of the bestselling hardcovers of 2012 *Children's Writers' & Artists' Yearbook 2022* Bloomsbury Publishing,2021-07-22 Foreword by M G Leonard It's rare to find a book that's as useful as it is inspiring essential reading The indispensable guide to writing for children and young adults this Yearbook provides inspirational articles from successful writers and illustrators as well as details on who to contact across the media It provides practical advice on all stages of the writing process from getting started writing for different markets and genres through to submission to literary agents and publishers as well as on the financial and legal aspects of being a writer Widely recognised as the essential support for authors and illustrators working across all forms fiction non fiction poetry screen and theatre it is equally relevant to those wishing to self publish as well as those seeking a traditional publisher agent deal New articles for 2022 Christopher Edge Plotting and pace in your middle grade adventure L D Lapinski World building in your fantasy fiction Anna Wilson Finding your voice and point of view Rachel Bladon The learning curve writing for the children's educational market Jenny Bowman How to hire a freelance editor Sophie Clarke The life and works of a literary scout Rachel Rooney Writing poetry for children **Children's Writers' & Artists' Yearbook 2017** Bloomsbury Publishing,2016-07-28 Foreword by Frances Hardinge The annual bestselling guide to all aspects of the media and how to write and illustrate for children and young adults Acknowledged by the media industries and authors as the essential guide to how to get published The 70 articles are updated and added to each year Together they provide invaluable guidance on subjects such as series fiction writing historical or funny books preparing an illustration portfolio managing your finances interpreting publishers contracts self publishing your work NEW articles for the 2017
